

# The Management Shift® Board Game

A unique serious play approach that any senior leader, manager or team can use across the wider organization to reflect on and act upon to overcome the challenges they face.

For more information and to purchase the game please visit [www.themanagementshift.com](http://www.themanagementshift.com)

Rapidly engage in the principles and tools of The Management Shift® and start putting these into practice in your organization today!

## INTRODUCING THE MANAGEMENT SHIFT® TO NEW USERS

This is a **serious play intervention that anyone can engage with**, with their own management or leadership team. As a team you can freely self-facilitate and engage in this insightful, and developmental process.

It provides users with a high-level introduction to the concepts in The Management Shift® book. It enables individuals and teams to engage in an effective intervention even if participants have not yet read the book or experienced the 6 Box Leadership diagnostic tool or organizational programme.

The purpose of the game is to identify specific actions that the group/organization commits to work on to create better business agility by taking time to reflect on the Metaview, Value Creation themes and Typical Obstacles that might hinder success.

## THE MANAGEMENT SHIFT® BOARD GAME AT A GLANCE

By engaging in the game participants:

- Will find a safe space for experiential learning
- Are introduced to the vocabulary, structure and philosophy of The Management Shift® approach that is suitable for both the senior team and the wider organization - in just 90 minutes!
- REFLECT ON and start to explore the Value Creation themes in their organization and the impact they are having on their organization
- Consider the TYPICAL OBSTACLES they might encounter which are informed by Professor Hlupic's extensive research and experience
- Finally understand HOW to practically start to address these and take ACTION

***The game provides any senior team and executive education provider with an easy and accessible step to envision, articulate and begin the process of enabling their organization to become more humane, high performing and productive***
