- Organisational diagnostic report for CEO and leadership team
- One to one strategy brainstorming session

EVALUATE & SUPPORT

Individual CEO support to reset leader's behaviour and organisational culture, with specific strategies uncovered to remove barriers to growth and kick start transformation.

As corporate culture improvement leads to better performance and growth, insight into best practice and strategic direction that will emerge from this programme will lead to tangible value for CEO and their organisation.

Additional support for CEO, senior leadership team or organisation is available on request at additional cost.

EVIDENCE BASED PERFORMANCE IMPROVEMENT

'I have experienced Vlatka's excellent skills on innovative leadership approaches. The business results were outstanding.' **Carsten Hentrich, Director Digital Transformation PricewaterhouseCoopers AG**

'The most articulate, fully researched and inspiring manifesto for the 21st century corporation yet written.' **Dr Jules Goddard, Fellow - London Business School**

Vlatka Ariaana Hlupic - Lead

Thought leader, university professor, prominent management consultant, coach and Board adviser. Vlatka helps organisations achieve sustainable and improved performance, employee engagement, innovation and profit. Vlatka is a renowned professional keynote and TEDx speaker, an activist for humanising management and an award-winning author of two highly acclaimed books: The Management Shift and Humane Capital. Vlatka has been voted one of the Most Influential HR Thinkers in the world since 2015 by HR Magazine.
