ATTRIBUTES

Motivated self started of the art of film and television. I have been working as an editor/assistant editor for more then 14 years in my career. I have the skills and background to assist an editor reach their day to day goals. I am familiar with dailies and the needs to syncing and grouping. From script syncing footage to scripts to tracking green/blue screen temps in AVID Media Composer. My goal is to become a ACE Picture Editor and work on major motion pictures and major television series.
