Product colors shown on this publication may vary from actual colors due to the inherent characteristics of natural clay products and due to the limitations of the lithographic printing process. All concerned parties should examine actual color samples when selecting the product and also prior to the installation. To avoid color patterning the installer should periodically inspect the overall finish from the ground level at a reasonable distance from the roof.

CIT / RTSW CLAY ROOF TILE A PRODUCT OF CIT - CERAMICA INDUSTRIAL DE TECATE, S.A. DE C.V.
