HORSES IN TRAINING

We will initially have 2 horses in training to race under National Hunt rules to be trained with the objective of being ready to run by the Autumn of 2018.

Anthony Honeyball, based in

Mosterton near Crewkerne, will train *Le Coeur Net* for the club. *Le Coeur Net* ran 10 times in the 2017/8 season. First season over fences. Placed in half of those races and won at Plumpton. Official rating 105 and best distance is between 2m and 2½ miles on soft or heavy going.

Jack Barber, based in Seaborough also near Crewkerne, will train *Three in One*, a strapping 16.2 recruit from point to pointing. He ran in two point to points

last season and will be run under rules this season with the target of Novice Hurdling. He is a really exciting prospect who has finished second to two horses who have already won and been placed under rules. Whilst we look for success with his hurdling career, he is a very nice prospect for us to go chasing with in the future too.
