

# PARRSBORO

CUMBERLAND COUNTY,  
NOVA SCOTIA

## Join Our Team

Cumberland South Rural Practice Network ('Parrsboro') is composed of 3 clinic sites and acute as well as long-term care facilities. The 3 sites are located on the beautiful Bay of Fundy where you will experience the World's highest tides. You can explore the rugged and geologically rich cliffs at low tide on foot or horseback, in a sea kayak or any other favourite sea craft at high tide or take in one of the many hiking trails available. Truly a vibrant set of communities with growing art and music cultures, the Fundy Geological and Joggins Fossil Cliffs museums, the recently Unesco approved Cliffs of Fundy Geopark, and even professional live theatre! Experience a full collaborative turnkey practice, working within the group APP/CEC funding model. Options abound to accommodate what you love to do!
