

The Place We Call Home

116° West Vineyards is dedicated to producing the finest quality wines, which is evident in every bottle we craft. From the delicate aroma of the first pour to the lingering finish in every sip, our unwavering commitment to our community in the Temecula Valley has driven our strong working desire to grow only the highest quality grapes carefully nurtured by our family's hands-and harvested at the peak of sun-rich ripeness. The production of 116° West Vineyards wine extends beyond just a quality product, but is a true labor of love and faith that we tirelessly pour our hearts and souls into. From the moment you open a bottle, you can taste the legacy of passion that our family has for our craft. We invite you to join us in raising a glass to the simple pleasures of time well spent with family and friends. On any of life's occasions, enjoy the love and dedication that goes into every bottle of our wine.

-Aaron, Kimberly, London & Kennedy Adams
