On 3-11-22, I was assaulted FROM BEHIND with a padlock, and struck repeatedly while face-down. For some reason, SGT. VINER wrote a bogus ticket and charged me with fighting, and the RIB found me guilty, despite what I said was on camera. I never had a chance to defend myself. This is why I was declared "the victim" and placed in the Temporary PROTECTION Unit. Indeed, multiple LACERATIONS on my head were glued shut. Pictures were taken.

On this day, I wrote a 2-page Voluntary Statement because Inmate Henley tried to kill me. The Statement is double-sided and therefore consists of 4 pages. I am requesting a copy of this Statement.

Despite repeated demands, written and verbal, I have yet to see the Highway Patrol. My sister even spoke to Det. Butler in Bucyrus. I understand he must be busy. With that said, should another detective be available to help me seek justice, again, I am requesting to speak to the Highway Patrol.

Thank you for your time and patience.
