## My Fellow Americans:

On June 1<sup>st</sup> of 2021, I submitted a **Request for an Administrative Review**, in the form of a federalized affidavit, to the Medina County Child Support Enforcement Agency ("CSEA") to contest arrearages and payments. Some may ask why I would do something of this nature. The answer is quite simple, really. This action was necessary due to the illegal adoption of my son G.S. by Danielle Sadowsky's new husband **Brad Elbert Smith**. You see, Danielle neglected to inform the CSEA of the shady adoption and continued to allow for the illegal accumulation of arrearages. Yes, for the past five (5) years.

My submission was multipurpose, for it allowed me the opportunity to build a record, and place State's *Best & Direct Evidence* in the hands of two (2) more State-investigative agencies: Child Support and Children's Services. The evidence proves

- my Factual Innocence
- Danielle's lies under oath
- a County Contract that falls under RICO
- and that two (2) perps run free

Now they know, and there are no excuses for failure to act.

I elected to publish this affidavit at **www.freefrankpwood.com** so others will know more of the hidden truths behind my Wrongful Conviction. In sync, any questions proffered I will gladly answer, and copies of internal documents not published are available upon request.

Lastly, as I ended the affidavit, I will close out this introduction in a manner that provides a clear and concise understanding of a mindset that is two notches above tenacious.

I will fight this Insolent Injustice until Hell freezes over, and then I'll fight it on the ice.
