Color:	Breed: Yorkshire Terrier
Pet's Name	Email:

Our puppy is healthy at the time of purchase. **Buyer is to have puppy examined by a licensed Veterinarian Within (3) Days of purchase.** In case of holidays or weekends we extend this visit to the next business day. If puppy is found to be Un sound we will need to be notified immediately with a statement in writing by your Veterinarian. You must contact us within 24 hours of the exam stating the exact Genetic Defect found. In the event of death, the buyer's licensed vet must provide the seller with written death certificate stating (cause of death) by an Autopsy. Our Licensed Vet will then review buyers vet report and if in agreement as to the presence of a Genetic Defect as listed above, or that a puppy's death was caused by a genetic defect and not due to neglect, accidents, or sickness at the puppy's new home, puppy will be replaced with one of equal value as one becomes available. Their are absolutely no Refunds!! Failure to have puppy examined within this (3) day period voids the warranty. We extend this warranty on a period of One Year on LIFE THREATENING CONGENITAL DEFECTS ONLY! We do not guarantee Size, Coat, Color, Bite, or Fertility once the puppy has left our premises, also we do not warranty against Hypoglycemia, Parasites, Coccidia, Giardia, Parvo Virus, Ear mites, Skin mites, Viral or Bacterial Infections or Respiratory Infections. These conditions can show up in any puppy at any given time and can be easily rectified with proper veterinary care. In case Hypoglycemia occurs we suggest that you give your new puppy Nutrical or Karo syrup in order to raise glucose levels. Hypoglycemia is very common in smaller toy breed puppies usually it is mandatory to feed these sugars 3 times a day or until 3 months of age. Always make sure puppy gets plenty of water clean food & rest. Plus any due stress can bring on Coccidia & Diarrhea. These conditions can easily kill a puppy from dehydration. We do all that we can to offer you a healthy, happy and well socialized puppy as we know that he or she will be a new member of the family.

We are not responsible for any Veterinarian fees incurred while puppy is in your care.

The buyer by signing this contract is signifying that he/she understands all terms of this contract and agrees to abide by them.
