

Team Captain Checklist

After you register, it's time to recruit your team members and start fundraising! Below are some tips to get started.

- Set a goal for the number of people you will recruit to your team (must have a minimum of 4 team members) Each member will need to register.
- Spread the word! Display the "Woof Walk Flyer" around your office, campus, break room, cafeterias, gyms, or other high traffic areas.
- Set a goal for the amount of donations you would like your team to raise and encourage your team members to meet or exceed that goal.
- Once you've organized your team, there are two ways to fundraise:
 - 1.) Each team member asks their family, friends, co-workers, etc. to make a donation. All donated funds should be turned in at the event.
 - 2.) Your team can work together to complete a fundraising event such as a car wash, bake sale, etc. Feel free to get creative!

Every dollar you raise brings us closer to saving an animal. When you walk with a team, you magnify your impact. How much will your team add to the movement?
