

Hello Neighbors,

I'm Jenny Ramia Ramos, current Director at Large on the Windover Farms HOA Board. Utilizing my prior HOA experience as well as office skills, I've greatly enjoyed serving our community thus far and feel I successfully brought a fresh perspective and new ideas to the table.

My commitment to the board and our neighborhood is a personal priority. I've helped implement electronic voting, participated in meetings, and initiated park upgrades. This is just the beginning of the work I'd like to accomplish and I still have improvements I would like to bring to fruition.

As one of the candidates for the 2026 Board, I would love to continue making our neighborhood thrive if elected.

My goals would include:

- Boosting community engagement
- Protecting our property rights and "Right to Use"
- Fostering connections within our community
- Continuing improvements to our community common areas

I've enjoyed serving you thus far and would be honored to continue doing so. I humbly thank you for your support and believe that together we can all make our community even better!
