Spectators are welcome, everyone must wear eye and ear protection at all times.

The MGM event will be held alongside the Steel Challenge Match.

The 100yd and 200 yd rifle range along with the pistol bay will remain open for members during the event.

Portable Toilet

A portable toilet has been placed near the competition pistol bays. This should make it easier on people so they don't have to walk so far. Any members and guests are free to use.

This particular unit is brand new. Please try to prevent damage as a replacement will most likely not be new.

Maintenance

We need your help maintaining the range

*Volunteer maintenance times are
Mondays 5:30pm-dusk & Tuesdays 9:00am-11:00am*

Maintenance list

We need volunteers to help with maintenance items such as listed below.

- *Painting the club house.*
- *Staining the shotgun house*
- *Mowing the grounds.*
- *Weed eating*
- *Taking trash from ranges, bathrooms and clubhouse to the dump*
- *Cutting and stacking fire wood for winter*
- *Metal barrels need to be taken to pacific steel*
- *Fix the fascia on clubhouse*
- *Etc*

The range was closed for most of August due to fire restrictions. We have not received much response for volunteers but we expect now that the range is open, more people will reach out!

Volunteers please contact!

Pistol Bay

The pistol bay has been partially dug out to try and stop skip outs.

An excavator and an experienced volunteer operator are needed to finish the job.

If you would like to volunteer contact a board member. We will rent an excavator.

Please ensure your bullets are hitting the back stop not the ground, set targets accordingly
