

# Thank You

I can't believe it's been seven years running a business I absolutely LOVE! Thank you to all the clients, friends, family, community partners and colleagues who have supported my business. Every client has a special place in my journey; together, we have helped more than 350 people in our community. I say "we" because I often find myself sharing other clients' ideas while working on projects. I would never claim to have all the right answers. I have shared so many laughs with clients over the years; there have been some crazy items people have found in the depths of their closets, storage rooms, dressers, and cabinets! I had the honour of seeing a true.

# Thank You

Grammy Award, some sexy items (talk about making me blush!), authors' books, generational family heirlooms, and countless, literally countless, reusable bags! I couldn't begin to name all the items people love to collect; I would need a scroll!

A special thank you to those who have shared their experience with others and recommended my business; it means so much to me.

I look forward to many more years providing services for clients. "Simple & Practical Solutions"
