DWCUP President's Remarks

I am utterly appalled and totally disgusted by the new administration shifting our country's alliances from Ukraine and Europe to the thug, Putin. Our current president has no sense of history or loyalty. He has given America away to the highest bidder and worst dictator in the world. How are we supposed to tolerate that?

No longer are we the leader of the free world and a friend to fellow democracies. Our federal ~~government~~ -working, dedicated civil servants throughout our nation. We do not recognize this perverse manner of leadership.

I have no easy answers, and I haven't heard any from anyone. But I know we won't be silent or still. We will resist and persist in words and deeds. Within this newsletter you'll see more information about protesting, sign-waving, phoning, texting, postcarding and more. We will continue to work on local elections and special made.

When you're down, reach out to like-minded voters. Every afternoon, you can help at the North Pinellas frightening times. Stay strong and stay active!

DWCUP Recap of February Meeting

Monday, February 24, 2025

Pouring rain didn't keep dedicated Democrats at home! Over seventy members and guests came in person and several more on Zoom, as we recognized Black History Month and spoke of the current chaos in our government.

The theme of the day was Action! What actions can we take to show how we feel about the state of our nation?

Dr. Rene Flowers wasted no time diving into 'What the Hell is Wrong with the with the Seven Mountains Mandate. First formed in 1975, this long-term extremist strategy plotted ways to alist beliefs and ultra-conservative religion on all areas of American life, leading directly to the development of Project 2025. The ultimate goal is the ending of all our civil rights.

What we see happening now is the culmination of the long-range plan begun working against the 'browning of h back, to keep our 'foot on the gas,' and work as a last election or didn't vote down ballot, leading to widespread losses. Our minority status throughout government is empowering the far right to make radical changes for the worse.

DWCUP Notes from Dr. Rene Flowers Presentation

We were unable to display at the meeting the presentation Dr. Flowers wished to share and have summarized the notes here.

- Who are the 'puppet masters' behind the puppet masters plan (Project 2025)

The Seven Mountain Mandate was organized in 1975 by the leaders of a conservative Christian group. The seven mountains are family, religion, education, media/arts and entertainment, business, and government.

Their belief is once Christians have established dominion over these seven areas of society, they will be able to establish the kingdom of God on earth – and, as some tell it, bring about the end times. Speaker Mike Pence - Cain are a part of this group. Paula White-Cain is an American televangelist and apostolic leader in the Independent Charismatic movement. White was chair of the evangelical advisory board to Donald Trump's 2016 campaign. White delivered the invocation at his 2017 inauguration. Paula White-Cain is returning to the White House as a Special Government Employee and Senior Advisor of the

The New Apostolic Reformation Movement is also known as the White Christian Nationalists. Founded by C. Peter Wagner, they acknowledge the "Appeal to Heaven Flag." In colonial times, the resistance to Britain. General Washington chose the tree as a further symbol of independence. He believed that although the colonists were going against a tremendous military force, an even greater power sustained them. They could directly appeal to heaven without an intercessor. The Appeal of monarchs. Popular among Republicans and as a symbol of Christian nationalism, often far-right groups including a Christian nationalist strand of Donald Trump's Stop the Steal

They operate out of biblical literacy and their desire is to create a theocracy over democracy. They went after Obama with the birtherism issue; they also said that Dwight D. Eisenhower was a communist. They promote election denialism. They are the true Puppet Masters pulling the levers of the puppets who are carrying out Project 2025. While Elon Musk is not an original member, he is carrying out the focus on controlling government departments.

- Restoring freedom of speech and ending federal censorship.
- Ending radical and wasteful government DEI programs and preferencing.
- Withdrawing the United States from the World Health Organization.
- Restoring the death penalty and protecting public safety.

Defending women from gender ideology extremism and restoring biological truth to the federal government.
Ending illegal discrimination and restoring merit-based opportunity.

Emergency measures to provide water resources in California and improve disaster response in certain areas.

Enforcing the Hyde Amendment.

Protecting children from chemical and surgical mutilation.

Expanding educational freedom and opportunity for families.

Withdrawing the United States from and ending funding to certain United Nations organizations and reviewing United States support to all international organizations.

Eradicating anti-Christian bias.

Elimination the Federal Executive Institute.

Ending procurement and forced use of paper straws.

Protecting the meaning and value of American citizenship.

Ending anti-Asian bias.

Ending anti-Asian bias.

Executive orders can be signed but they are not law and can be challenged in court, which is what we see. We see several of Trump's executive orders have faced legal challenges and have been temporarily blocked by federal judges. Executive orders are directives from the president to the government, but they cannot supersede federal laws.

We have work to do right now.

Support our local elected Dems . Be dogmatic when addressing issues in our state legislature

DWCUP Stands with Ukraine

Members have reacted vigorously against the [REDACTED] to dishonor and disrespect Ukrainian President Zelensky and by extension the brave people of his country. Much has been written since, but this letter taken from a Facebook post is especially relevant.

Former President of Poland Lech Walesa wrote the following letter to Trump.

Your Excellency, Mr. President,

We watched the report of your conversation with the President of Ukraine, [REDACTED]

Ukraine to show respect and gratitude for the material assistance provided by the United States in its [REDACTED]

Ukrainian soldiers who shed their blood in defense of the values of the free world. They have been dying on the front lines for more than 11 years in the name of these values and the independence of their homeland, which was attacked by Putin's russia.

We do not understand how the leader of a country that symbolizes the free world cannot recognize this.

the interrogations we endured at the hands of the Security Services and the debates in Communist courts. Prosecutors and judges, acting on behalf of the all-powerful communist political police, would explain to us that they held all the power while we held none. They demanded that we cease our activities, arguing that thousands of innocent people

The history of the 20th century shows that whenever the United States sought to distance itself from democratic values and its European allies, it ultimately became a threat to itself. President Woodrow Wilson understood this when he decided in 1917 that the United States must join World War I. President Franklin Delano Roosevelt understood this when, after the attack on Pearl Harbor in December 1941, he resolved that the war to defend America must be fought

Mr. President, material aid—[REDACTED]

independence and the freedom of Europe and the entire free world. Human life is priceless; its value cannot be

measured in money. Gratitude [REDACTED]

people of Solidarity, former political prisoners of the communist regime under Soviet russia.

We call on the United States to uphold the guarantees made alongside Great Britain in the 1994 Budapest Memorandum, which established a direct obligation to defend Ukraine's territorial integrity in exchange for its relinquishment of nuclear weapons. These guarantees are unconditional—there is no mention of treating such assistance as an economic transaction.

DWCUP Florida Legislative Report

03/01/25

March 1, 2025

As Legislative Liaison to the Democratic Women's Club of Florida (dwcfl.org) my task is to attend weekly Zoom meetings, report to you what the positions are on the bills, and pass on any alerts asking for us to contact our senators and representatives. These meetings are held during the regular session, which runs March 4 through May 2.

This link can be used to view weekly update videos on Fridays, and has videos of proceedings:

To support the liaison task, I have written a program to scrape the websites and create a spreadsheet of the bills.

This is my spreadsheet:

[\[broken link\]](#)

I have prioritized and commented on many of the bills on my own. I would appreciate any comments you might have. I can relay any concerns you may have during the DWCF zoom meetings.

There have been three special sessions - 2025 A, 2025 B, and 2025 C. These are also captured in the spreadsheet.

The primary focus of the special sessions was immigration. It seems that there was a power struggle with Desantis, but it was ultimately resolved in Session C. Major decisions must be made unanimously by a panel and not just the governor or a single cabinet member.

The new law includes:

- Coordination between state and federal immigration agencies, both enforcement and training
- Grants, includes "bonuses" for law enforcement
- Sublet detention beds to ICE
- Ban local government "sanctuary policy"
- Provide unauthorized alien transport, to be reimbursed by the federal government
- Enhanced criminal penalties for unauthorized aliens, including death sentence for capital felony
- No in-state tuition waivers for Dreamers

As of Feb 24 meeting, 983 bills had been filed for the

Democrat:

Gun safety, transgender rights, reproductive rights, state preemption (locally, crane regulation re hurricane damage to crane in St. Pete, local plastic bag regulation), elections (make state responsible for data relating to felon voter eligibility, national maternal health, heat illness prevention), education (universal free breakfast and lunch, salary increases, roll back the culture war), criminal rehabilitation, renter protections, address construction impacts to small businesses, and address wastewater treatment.

Republican:

control of Trump presidential library), invest public funds into Bitcoin, make it harder to complain against law enforcement, and questionable health insurance coverage for farm workers.

Neutral:

insurance, patient protection, building resilience, and a study on eliminating property taxes.

The above describe bills that have companion bills, which means they are more likely to be heard and voted on.

DWCUP Who We Are

The DWCUP is one of 66 Democratic Women's Clubs of Florida, begun by women in Pinellas County on September 9, 1940, forming the Democratic Club of Upper Pinellas County. Today, DWCUP carries on their goals.

The Democratic Women's Club of Florida, Inc. (DWCF, Inc.) began in 1956, on May 24, the day chosen by First Lady Eleanor Roosevelt as Democratic Women's Day, with the aim to unite all Democratic Women's Clubs in Florida by providing a forum for discussion of public matters, supporting qualified candidates for public office, and encouraging qualified Democratic women to seek elected positions. In the 1980's, DWCF became a full member of the National Federation of Democratic Women (NFDW). DWCF is a separate entity from the Florida Democratic Party but DWCF is recognized as the Florida Democratic Women's Caucus because DWCF maintains full membership in the NFDW.

DWCF members and clubs support campaign activities. The DWCF recruits women to run for political offices. The DWCF Political Committee which disseminates money to DWCF-endorsed candidates. The Legislative Chair and Legislative Liaisons of the DWCF, Inc. serve as the grassroots legislative advocacy arm of the DWCF, to monitor and lobby for or against legislation that has a dramatic impact on the lives of the citizens of Florida.
