A core issue for her campaign is working to restore faith in our government by listening to the people that she'd elected to represent. Throughout her tenure as Mayor of Indian Rocks Beach, she has made listening to them a top priority by hosting town halls and meetings.

PRESIDENT'S REPORT JUNE 2024

Wow! GUILTY ON ALL 34 COUNTS! Suddenly, writing my monthly report got a lot easier. It's only one of many cases, but it is the first time a US President has been convicted of a felony. My phone blew up yesterday as the news came in and so many of you reacted. Let me share some of the responses:

- Ethics and the rule of law prevail!
 - So happy that it turned out this way. Wonder if it will make a difference to the cult.
 - He broke the law and we lost because of his unethical behavior. We are a country of principles again.
- So relieved. I know this doesn't mean Donald is done, even though he should be. But so great to have him finally being held accountable.
 - May his losing streak continue and people of honor prevail.
 - Yay!

But this is a momentary victory over a lawbreaker. We have so much to do this year. WE MUST NOT LET UP!

Another piece of good news: Our friend, **Bryan Beckman**, has announced his candidacy for District 58 State House Representative. Let's do whatever we can to help him reduce the FL House Supermajority!

Thanks to **Jan Walton**, our Newsletter Editor, for volunteering to take on the role of Recording Secretary of our club. Thank you, Jan! You're a life saver!

There will be a local referendum on education on the ballot here in Pinellas County. We need to work to get this passed. Florida teachers are now the lowest paid in the country, and that's not acceptable. There are far too many efforts in this state to undermine public education, and it's the final democratizing institution in our nation. Our state is losing teachers and support staff in record numbers. Our children deserve the best. WE NEED QUALITY PUBLIC SCHOOLS ALWAYS!

Our club is starting an effort to identify BLUE BUSINESSES! These are Pinellas County businesses that we know share our values. Sometimes, you have had a conversation with a local business owner, and they let you know that they agree with you. We would like to support these enterprises. After all, those of us who are BLUE, shop and spend money too! Let me know if you are aware of any businesses that lean left.

Go visit our website, **dwcup.com** or **dwcup.org**. Polly Kraus, our Webmaster, has been working hard to update our website and make it more accessible and attractive to users.

The new Clearwater City Council is ignoring the facts and analytical study of the Drew St renovation. They now seem determined to tank the project. Show up in yellow at the June 6th City Council meeting at 6pm in the main library on Osceola and demonstrate your support for this project that will prevent accidents and keep our citizens safe!

Join us all on **Monday, June 10th at 6pm** at the Lucky Lobster in Dunedin. We're going to get together JUST FOR FUN! With all the work we do, we need to take time to socialize!

As the August Primary and November election near, remember to prepare for the entire ballot, not just the top item. That's one reason why using a mail-in ballot is such a good idea. Down ballot voting is essential to improving our society at all levels. We'll help you learn about the issues, nonpartisan races, judges, etc. Our job is always to INFORM, not inflame!

Several of us attended the DWCF State Convention in Orlando for four days in May. See the article in this newsletter about what we saw, heard and did! It was amazing and inspiring!

Finally, wishes for a speedy recovery to longtime members, Lee Callaghan and Diane Lebedeff, after their recent hospitalizations. These women are examples to all of us of strong, dedicated Democratic women! Feel better soon and know that we're all thinking of you and sending you healing wishes!

As I said, it's been a busy month! Stay strong and active, my friends!

Thanks for all you do.

UPDATES

DWCUP MEETING RECAP of May 20, 2024

May's meeting was a week early due to the Memorial Day holiday, but our agenda was as full as ever! Several members had just returned from the Democratic Women's Club of Florida state convention in Orlando with lots to report on (see article on Convention).

The featured speaker was District 60 **State Representative Lindsay Cross**, one of the few elected Democrats in Pinellas County. She reiterated the Florida Democratic motto that each Floridian deserves the right to be healthy, prosperous, and safe. With her background in Environmental Science, she has worked on Red Tide with the Tampa Bay Estuary Program, which resulted in a cleaner Tampa Bay than it has been in 50 years! She was able to get two pieces of legislation passed this year regarding Florida's environment: the EPA will compile a list of all our water treatment plants and fund those who need it most. Also, there had been no requirement for local governments to notify swimmers when it was deemed unsafe to swim in local waters. Further, she made the point that the Republican super majority legislature has done nothing to improve the insurance crisis in Florida. We have an opportunity to pick up Democratic seats in November's election, and Rep. Cross urged us all to give until it hurts—and then it will feel good!

The Club was delighted with local activist **Bryan Beckman's** announcement of his candidacy for State House District 58. His opponent is an incumbent who serves only the Republican party, not our local citizens. Bryan has served as President of the Sierra Club and District Chair. His top issue is lowering costs to our citizens.

Nancy Armitage encouraged everyone to sign petitions for Clean Water and Medicaid Expansion. She handed out packets for members to get their friends and neighbors to sign petitions as well.

District Chair Ilene Heinke discussed the need for all of us to become PCPs (Precinct Chairpersons) and reviewed the procedure for doing so. This is the best way to grow our grass roots campaigning!

VP Nancy Vellucci discussed the need for poll watchers and poll workers in the upcoming elections. (See info in this newsletter if you are willing to serve in either of these roles.)

Monday, June 10th is our Democratic Women's Night Out at the Lucky Lobster in Dunedin from 6-8pm. No speeches, no agenda, just food, drink and conversation! Please join us and bring a friend!

Healing wishes were sent out to long-time members, Diane Lebedeff and Lee Callaghan, now recovering from recent hospitalizations.

2024 DEMOCRATIC WOMEN'S CLUB OF FLORIDA CONVENTION RECAP

DWCUP delegation: Liz Dahan, Jean Greenawalt, Shelby and Mary Freeman, Donna Dennis, Nancy Vellucci.

Report by Jean Greenawalt

Business meetings were held on Friday and Saturday mornings. Changes to the bylaws and platform were discussed. Changes were tabled because we were not provided any copies prior to the meetings to review. We delegates are to receive them shortly. District reports and committee reports were also given at the business meetings.

Working sessions were held about Fund Raising Tips, Leveraging Social Media to Advance Outreach, Legislation & More, and Building Bridges Fostering Fairness & Equity.

We heard speakers at the lunches: Rep. Fentrice Driskell, Sen. Jason Pizzo, Rep. Dan Daly, Rep. Angie Dixon, Councilwoman Pat Kemp. Keynote speaker at the Awards Gala was Michael Blake. The speakers were fantastic. Rep. Nixon showed up wearing camouflage and telling us she is fighting. Mr. Blake fired us up and reminded me of a preacher.

Social activities included wine and cheese, the club Banner parade and Per Sister rally, Award gala. Rep. Anna Eskimani, Rep Carlos Guillermo Smith, Rep. Krisen Arrington, and Rep. Rita Harris joined us at the Per Sister rally.

Take-aways:

We should get ourselves familiar with bylaws, handbooks, platform, and any other documents available at dwcf.org. We are not a political organization. Our purpose is education. We can't say "Vote Biden" on media, but we can say that his health policies are great.

We should find and follow other clubs' social media. The social media workshop lead talked about "leaning" into Tik-Tok trends. For example, the trend to say "I/we ____ ... and I/we ____". So, "We are women and we vote". Tagging is great to get the social media seen. "Outfit of the day" is a trend, so one would tag such content as #OOTD.

When talking to people, share your stories and focus on how issues affect you or someone you know. Bread and butter, not divisive rhetoric. Less "them" messaging like

Rep. Nixon

the Republicans do, it's all about "us." We hear about people skipping voting. We can express that skipping is not a protest, it is a surrender.

Avoid silos. Join and participate in other clubs and activities - Black, young, LGBTQIA - Invite them. Participate in Juneteenth. Find and use Blue businesses. Volunteer at charity events.

Clubs in the Banner Parade

PERSISTERS PROTECTING FREEDOM AND DEMOCRACY

For 4 days, hundreds of Democratic Women's Club members from all over Florida filled the Florida Hotel and Convention Center in Orlando. The DWCU delegation to the DWCF State Convention included Donna Dennis, Mary and Shelby Freeman, Jean Greenawalt, Nancy Vellucci and Liz Dahan. Wow! What an uplifting event!

Patty Cohn, our Region Chair, shared words of inspiration, saying that in lieu of a poem, she realized that WE are the poem. We make the organization and its activities happen. We bring the energy, talents, time and resources to work for the mission of helping all Floridians become healthy, prosperous and safe. We help each other be stronger!

We were shown two videos developed in support of Amendment 4, guaranteeing the right to an abortion in the Florida Constitution. Look for these on social media! We must stop the war on women!

Fundraising will, of course, be part of our job this year. Fill an old plastic water bottle with the coins you've been accumulating! (Have you started yours yet? It'll fund lots of stamps and postcards!) Find and support local BLUE businesses, and they will help

support us. Imprint merchandise with our logos and messages and get them out in the community. Offer a Banned Books basket as a raffle prize. Lots of practical ideas were shared!

Check out the DWCF YouTube channel. It offers many trainings and useful videos that you might enjoy and learn from.

The DWCF won a Golden Notebook Award and national citation for the work our organization did in collecting the necessary petitions to get Amendment 4 on the November ballot.

Remember that “Not Everything that is faced can be changed, but Nothing can be changed until it is faced.” We are facing tremendous opposition this year, but we will continue to work together and help turn Florida BLUE!

LEGISLATIVE REPORT

Use these links to find representatives, review bills and analyses: flsenate.gov, myfloridahouse.gov

The 2024 legislative session ended on March 8. See the April newsletter for a text summary of the bills passed/good, passed/bad, not passed/good, not passed/bad.

As legislative liaison, I attended zoom meetings during the session where leads for various bill categories would report on the bills that they were following. We decided whether to support or oppose the bills. Alerts were generated for some of them, encouraging people to contact the legislators. Our chair, Dr. Spano, maintained a spreadsheet to capture comments/position.

I had written software to scrape the websites and create a spreadsheet containing information on each bill. I wrote additional software to incorporate Dr. Spano's spreadsheet. Many bills are related to each other which made studying the data somewhat difficult. A House bill would have a companion bill in the Senate, for example. I updated my software to group related bills together. There are 1903 bills, 672 'groups', and 227 bills not in any group (like Jimmy Buffet Day). I made assumptions on position in Dr. Spano's data for bills in the same group, which was helpful. I don't think the spreadsheet made available to me had all of the position cells filled out, so I made a few of my own assessments (good/bad) too.

For those willing to accept information overload, the spreadsheet can be found at the following link:

Bryan Beckman

I filed paperwork to run for Florida State House - District 58. I came to this decision after seeing Florida laws passed that are focused on culture wars and taking away our freedoms, instead of addressing real family issues.

Kim Berfield, the current District 58 representative, and her policies are at the center of our problems. She has been too focused on the priorities of big corporation lobbyists and her friends in Tallahassee, and not focused on lowering costs for families and preserving our freedoms. She continues to line her pockets with money from lobbyists.

Unlike my opponent, I will focus on practical, balanced solutions. **Unlike** my opponent, I will NOT accept huge sums of money from INSURANCE and other lobbyists that prevent good solutions, or special interest groups that contribute to price gouging families.

Eileen Long
Pinellas County School Board

<https://www.eileenlong2024.com/>

Eileen M. Long is finishing her second term on the board representing the north Pinellas District 4. She filed for reelection in April.

DeSantis has named Long as one of 14 school board members statewide he says he'll target for defeat in 2024.

Long was elected to the School Board in 2016. Prior to her election to the School Board, Mrs. Long's teaching career spanned 34 years. She began her career in Hillsborough County and has served as an educator in Pinellas County Schools for 32 years, in middle schools, teaching students with special needs and in dropout prevention programs.

NOTEWORTHY ELECTION NEWS

Nyayieka, Ivy. “More Florida voters switch to no party.” Tampa Bay Times, May 5, 2024, https://enewspaper.tampabay.com/infinity/article_popover_share.aspx?guid=8af63de0-ce62-4441-9207-4e57be99f405&share=true

In Florida, both Republicans and Democrats have lost hundreds of thousands of voters who have decided to become unaffiliated with either party.

The majority of women who switched – some 149,000 voters – came from the Democratic Party.

Cohn, Nate. “The Shaky Foundation of Trump’s Lead: Disengaged Voters.” New York Times, May 25, 2024, https://www.nytimes.com/2024/05/24/upshot/trump-biden-polls-voters.html?unlocked_article_code=1.u00.37od.sRFtkY1aSbgk&smid=url-share

In the battleground states, Democratic-leaning irregular voters are far less likely to identify as liberal. They’re much less likely to say abortion and democracy are the most important issues, and instead they’re far likelier to cite the economy.

Less engaged Democratic-leaning voters have distinct political views, and they get their political information from different sources. Even if the Biden campaign can reach these voters, it is not a given that they will return to the Democratic fold.

Lerer, Lisa and Dias, Elizabeth. “Hillary Clinton Has Some Tough Words for Democrats, and for Women.” May 27, 2024, https://www.nytimes.com/2024/05/25/us/politics/hillary-clinton-abortion.html?unlocked_article_code=1.vE0.I-28.5ojXEnkRuOgN&smid=url-share

In an interview for a forthcoming book, Mrs. Clinton also suggested that if Donald Trump won in November “we may never have another actual election.”
