Mounted in the sky for all to see*

*From a virgin, came the child
Destined to redeem His chosen ones
And the conflict with His foe
Ever trying to seize His royal crown*

*Sacrificial Lamb of Yah
Overcoming death He paid our price
Blessing poured forth – Spirit comes
A holy nation built to bring Him praise*

Introduction

The Heavenly Zodiac consists of 48 constellations grouped into 12 signs, the meanings of which were communicated first to Adam and passed on to the ancients in early civilisations. Early languages reveal much consistency but, as time passed, the ancient meanings became masked by new myths and the original meanings were forgotten. However, enough evidence has been retained in the ancient star names and through the details of the myths themselves, to infer the true meanings of the constellations. (Psalm 147:4)

The original recipient of this knowledge was Adam. He was permitted to see 7000 years into the future. He knew the names and actions of his descendants before any of them were born. He saw the consequences of his own rebellion reflected in future events. How he must have longed for the day when all rebellion would cease and righteousness restored.

The ancient star names reveal the Zodiac as a story, which has a beginning and an end. Much research on this topic has focused on the Zodiac as prefiguring the work and role of the Messiah. Some have suggested that the first seven signs relate to the 'Old Testament' and the last five to the 'New Testament'. This dispensationalist viewpoint does not fit the facts well, given that the Abrahamic Covenant is continuously unfolding, without breaks, as the Torah and Prophets assert. There is abundant evidence to suggest that, though this story relates the birth, death, resurrection and return of Messiah Yahoshua, it also narrates the events of the Patriarchs from Abraham onwards. In the context of an Hebraic mindset, the story of the passage of the Covenant through time sows hope and trust in the hearts and minds of those people who are its end-time inheritors.

This paper attempts to identify each of the heavenly constellations in the context of the Abrahamic Covenant, from the cutting of the Covenant with Abraham, through to the future fulfilment of the Covenant. It tracks the transmission of the seed of Abraham through pivotal historical events where the Covenant itself often appeared to be in danger of being destroyed, and the people it concerned were almost annihilated. It is possible to match recorded Biblical historical events with the heavenly signs of the Zodiac, which prophesied these events thousands of years before they occurred. Thus the seed of Abraham can be tracked through 4000 years of recorded history.

The first task in unravelling the story is to determine where the Zodiac begins and the key to the beginning of the circle of signs in the heavens is found in three witnesses:

1. The Messiah was to be born of a woman. Only Virgo describes this.
2. The Messiah is to complete His mission as the Lion of Judah. Only Leo depicts this.
3. A sphinx (with the head of a woman and the body of a lion) is found between the signs of Virgo and Leo in the Zodiac of the Temple of Esneh in Egypt.

Therefore the beginning of the story of the Zodiac is in the constellation of Virgo and ends in the constellation of Leo, after completing a clockwise journey around the heavens.

The next task is to place Virgo into the sequence of time. The first period of man's existence came to an end with the Flood. At that time the earth and its inhabitants were judged and punished accordingly. Therefore the events pertaining to Virgo begin after the time of Noah.

In opposition to Virgo, the constellation of Draco influences all twelve constellation groups through his subtlety. Notably his tail lies in the last constellation Leo, between Ursa Major and Minor,

signifying that his power over the seed of Abraham will come to an end when the Lion of Judah returns to the earth and imprisons him.

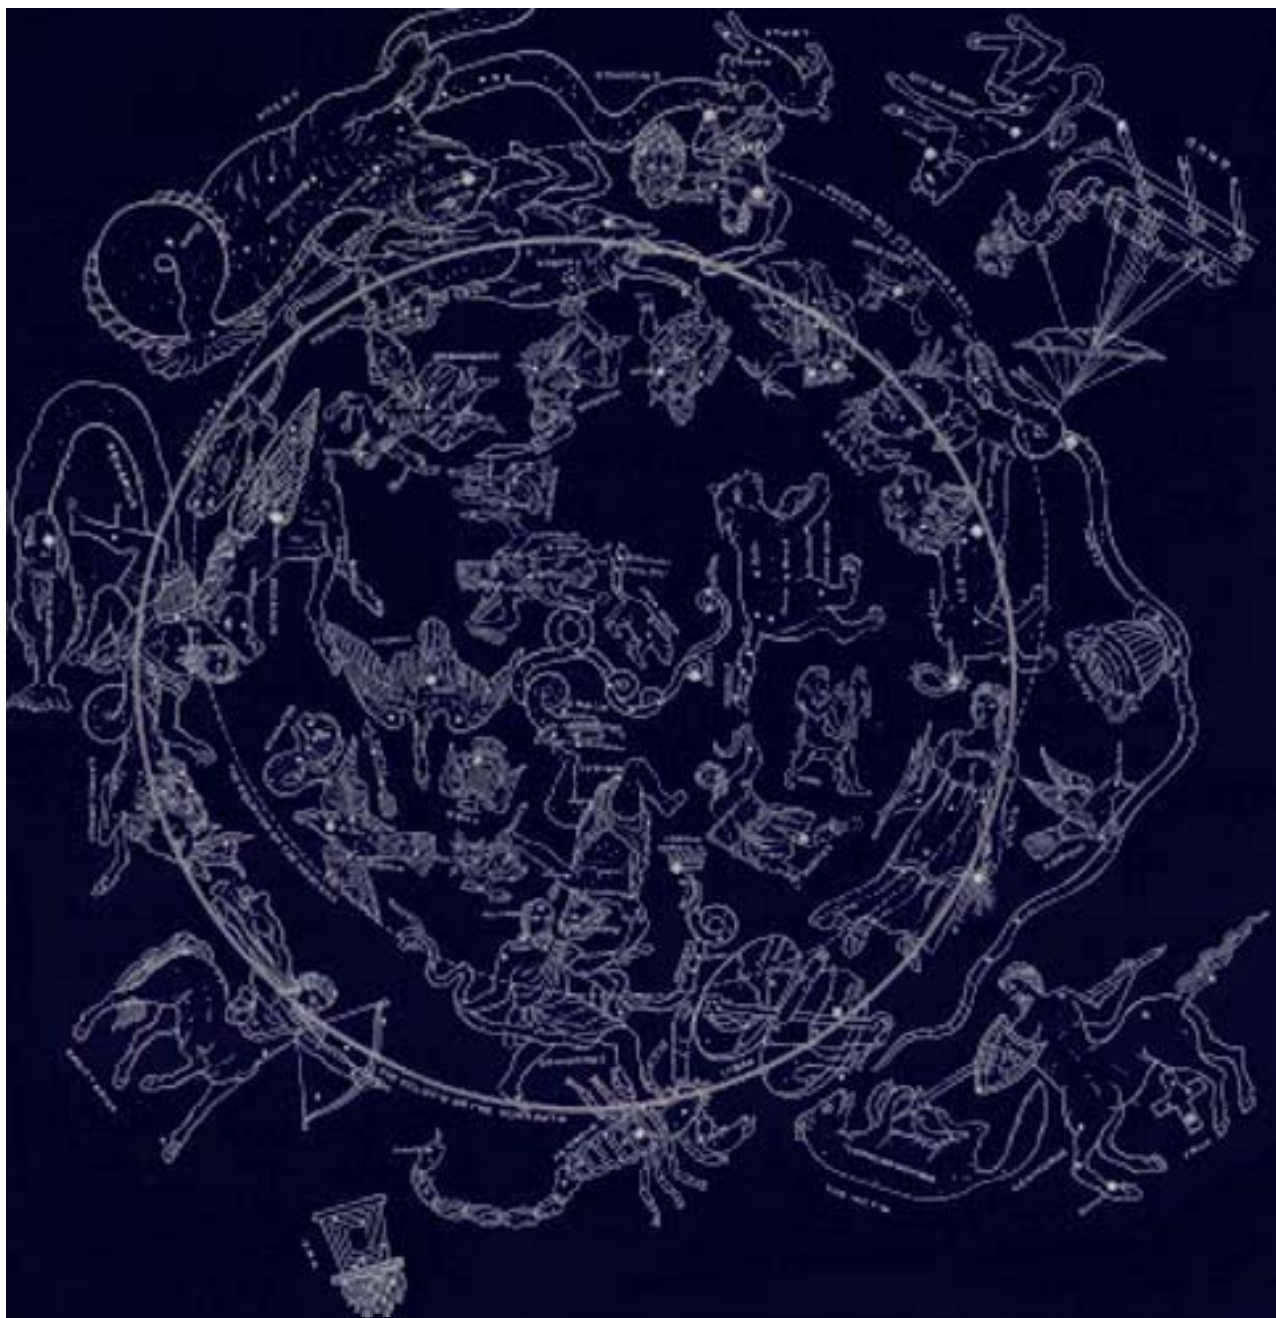

Draco's testimony is that because man's troubles begin and end with him, yet he is the 13th discrete constellation, hidden for all time among the 12. It is fitting to label him the 13th for this is the number of apostasy. He rebelled against YHVH and His Word. He is determined to challenge the rule of YHVH. He has his own religion which is built on the precepts of the tree of the knowledge of good and evil and which is in opposition to the precepts of YHVH found in Scripture

Traditionally the Zodiac has been divided up into twelve signs, each containing four constellations. But sometimes the constellations do not seem to logically belong within the sign to which they have been assigned. For instance, Crux has long been associated with Libra although it is sighted unmistakably within the Centaur, which belongs to the sign of Virgo. Such unlikely linkages were made, indeed forced to fit with prevailing Christian dispensational theology. The constellations of the Heavens were not placed randomly, nor with trickery, for man to guess at their meaning and prophetic implication. They were intended to be easily understood by those who have a desire for truth and whose hearts and minds are open to YHVH's precepts. They will not be understood by those who have unscriptural theological agendas.

This paper begins from the Hebraic premise that the story of the Zodiac tracks the progress of the Abrahamic covenant through the millennia until it is vested in its rightful heirs. It begins with Virgo, and her associated constellations, and proceeds around the circuit in segment fashion, much like the slices of a circular pie. Furthermore this paper removes Draco, the central figure in the Heavens, from its traditional association with Sagittarius and treats Draco as a separate sign. The reason for this is that Draco physically occupies a portion of all twelve celestial signs and cannot be logically assigned to any one of them in preference to another.

Note: The story of the constellations is in no way related to astrological predictions based upon personal interpretations of future events according to alignments of the planets. Pagans took the original meaning of the constellations and overlaid their own myths to create a belief system, which they could control. The true story of the heavens is a foretelling from the very beginning of time, of the people and events, which would enable the restoration of the Garden of Eden and man's relationship with YHVH.

A Planisphere of the Heavens.

1. Virgo – the Virgin

August 23 – September 27

Virgo – Sarai:

A woman/virgin lies across the ecliptic bearing a branch in her right hand and a sheaf of wheat in her left hand. Her head is positioned very close to the tail of Leo. She stands upon the sign of Libra.

Stars: *The branch); the gloriously beautiful; who shall come down; who shall have dominion; the son; who carries; a spike of corn; the seed.*

The wheat sheaf is a fertility symbol; the branch refers to the Messiah. (Isaiah 11:1)

Some deduce that Virgo refers to Miriam, mother of Yahoshua, but she was never identified as the mother of the redeemed house of Israel – this honour belongs to Sarah. She alone bore the seed, which would become the household of Israel – both the natural seed and that which would be grafted in by faith. (Isaiah 51:1-2; Ephesians 2:11-19)

And a great sign appeared in heaven: a woman clothed with the sun, with the moon under her feet, and on her head a crown of twelve stars. (Revelation 12:1)

When Sarah gave birth to Isaac at Rosh Hashanah, the sun was in the region of Virgo's torso and the moon was positioned under her feet as is normal for that time of year. The crown of twelve stars here is a portent of the twelve tribes of Israel, the sons of Jacob, which will arise from Sarah.

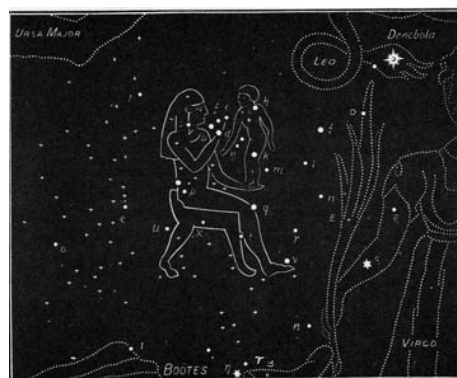

However, the reference in Revelation 12 is also prophetic of a 'virgin' and birth in the future. The nation of Jacob will be born of its mother Zion in a day. (Isaiah 66:7-9)

Coma – Sarah/Isaac:

Above the ecliptic an enthroned young woman holds her infant son.

Named: *The desired or longed for.*

Isaac was the long awaited, much desired son of Abraham and Sarah. Again this constellation has been interpreted to refer to Yahoshua and His mother but Miriam had not waited for, nor desired to bear him – his conception was a surprise. Neither was Miriam a queenly figure as Sarah was. This constellation relates solely to Sarah and her son Isaac.

The symbol of a seated mother with a child on her lap is an ancient one, long predating the arrival of Messiah. It was used by the Egyptians and the Babylonians to depict their goddess and son and was later adopted by the Roman Catholics to elevate the status of 'Mary' to the divine, so-called 'Queen of Heaven' as the Madonna and child.

Centaurus – Abraham:

A man with the body of a charging horse lies below the ecliptic. He holds a shield and spear and is piercing a victim. Between his hind legs is the ancient sign of the Hebrew letter Tav.

Named: *The despised; sin offering; the pierced or who pierces.*

Stars: *Heretofore and hereafter.*

Abraham came from Ur in the Chaldees, where Nimrod had tried to kill him. The depiction as a centaur may allude to Abraham's life as a mounted nomad as well as drawing attention to his wealth and stature as a king. No doubt he was on horseback when he raced to rescue his nephew Lot from the kings of the Chaldees.

The meaning of the star '*heretofore and hereafter*' in the foot of the horse, clearly implies that the seed of Abraham existed before Abraham and would exist after him. (John 8:56-58)

Furthermore the name Abraham begins with an 'aleph', the first letter in the Hebrew alphabet. The last letter of the alphabet, 'tav', is represented by the Crux beneath the hind legs of the horse – alluding to his reproductive organs. Here then is the 'aleph – tav', Messiah Himself in the seed of Abraham.

Abraham 'pierced' Isaac on Mount Moriah when he willingly offered up this son of promise to YHVH. It is a picture of the future when YHVH's Son Yahoshua would be literally pierced by a Roman soldier.

Crux – The Covenant:

Rather than a cross this constellation is the ancient version of the last letter of the Hebrew alphabet, the Tav. This sign is positioned directly between the centaur's legs.

Named: *Cutting off; boundary; mark; finish.*

The 'Tav' is the mark or signature of YHVH. Its position in the heavens, between the legs of Abraham, signifies that the Covenant has been cut through circumcision and is vested in Abraham's legitimate offspring. Thus the inheritance of the Covenant is clearly shown to belong to Isaac and no other for only Sarah carries the royal seed.

For it is written that Abraham had two sons, one by a slave woman and one by a free woman.... But what does the Scripture say? Cast out the slave woman and her son, for the son of the slave woman shall not inherit with the son of the free woman. (Galatians 4:22-31)

Note: The Crux was never termed 'the Cross' until Christianity appropriated it as the emblem of their religion. The Christian cross was an ancient pagan symbol representing the Babylonian messiah even in Abraham's time. It has only been in official use by Christianity since the time of Constantine in the 4th century CE. Constantine was a nominal Christian and never a true convert to the Word of YHVH. Yahoshua was impaled on a stake or tree, not a cross, and his disciples would not have identified with a crucifix as symbolic of their faith.

Summary:

The sign of Virgo is a picture of events of the 19th century BCE and reveals the particulars of the Abrahamic Covenant – its guarantor YHVH, its legal executors Abraham and Sarah, and its first beneficiary Isaac. It is a legal contract, written in the heavens, so that all creation can see and know that the Creator of the heavens and the earth is in a legally binding contractual relationship with a particular people who descend from the loins of Abraham and Sarah.

Virgo is also prophetic of the (re)birth of Jacob, an event which will occur in the course of one day, without the normal signs of a labour – unlike the birth of the State of Israel, which took many years to come to fruition, was resisted and was very much restricted in scope. The nation to be birthed from Zion will be supernaturally orchestrated, out of the gaze of the world.

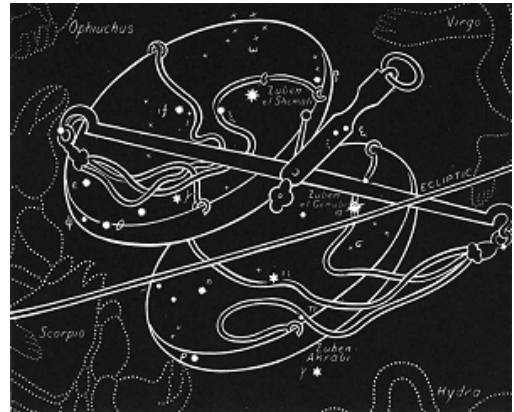

2. Libra – the Scales/Holy Altar

September 23 – October 21

Holy Altar – Mount Moriah:

The most ancient depiction of this constellation was a circular altar or sacred mound. The depiction of scales was a later Egyptian version symbolising a requirement for atonement due to sin.

Named: *The scales weighing; purchase; redemption; weighing; light, altar fire.*

Stars: *Purchase; price which is deficient; price which covers; heaped up; price of the conflict.*

Only Mount Moriah, the place of sacrifice for both Isaac and Yahoshua, can be described as an altar, where a price was paid to satisfy a conflict.

For Abraham, the price paid to seal his commitment to the terms of the Covenant was Isaac. This prefigured the greater sacrifice to come in the person of Yahoshua who paid the price for the nation of Israel in total.

For Jacob, son of Isaac, the price was his vow and commitment to serve YHVH. At Mount Moriah he received the blessing of the Covenant of his grandfather; there he saw the 'ladder' into heaven with angels ascending and descending on it; there is the gateway to Heaven that he saw. (Genesis 28:10-22)

For the Nation of Israel, Mount Moriah is the site where YHVH chose to put His Name and is the only acceptable site for Israel to bring her sacrifices. (Deuteronomy 16:5-6)

At this time of year the Nation of Israel kept the festival of Yom Kippur or Day of Atonement, the holiest day of the Biblical calendar and the only day when the High Priest enters the Holy of Holies on Mount Moriah.

Victima – Isaac:

Ancient depictions show the victim as a lamb slain at Mount Moriah by the Centaur/Abraham. The willing victim lies directly beneath the sacred altar. The tail of the serpent Hydra begins where the head of the victim is closest to the holy altar.

Named: *A lamb; to be slain.*

This constellation displays the Akeidah of Isaac who went, in obedience to his father, to his 'death' on Mount Moriah. Ultimately a lamb was substituted for Isaac prefiguring the greater offering of Yahoshua who also went, in obedience to His Father, to His actual death and substituted himself as the lamb for the nation.

The significance of being 'under the altar' is revealed as the place where the souls of the righteous await resurrection. (Revelation 6:9)

The significance of the tail of Hydra coming between Isaac and the Altar is clear – Ishmael and his descendants claim the inheritance of the Abrahamic Covenant for themselves. Today that claim is reflected in the beliefs of Islam. Islam teaches that it was Ishmael who was offered by Abraham at Mount Moriah.

Bootes/Arcturus – Jacob:

A man is walking rapidly with a spear in his right hand and a sickle (sometimes depicted as two dogs on leashes attached to Draco) in his left hand. He is advancing towards the Crown, which is also being seized by the head of the Serpent.

Named: *He comes. Bootes from the root Bo – to go.*

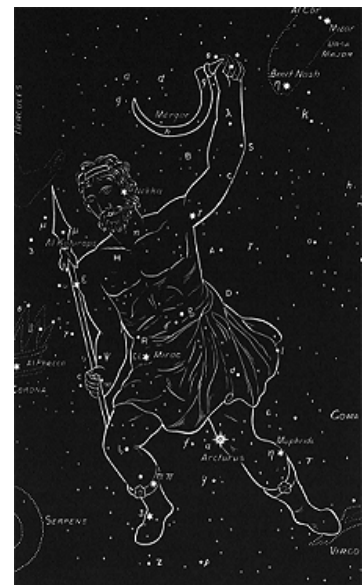

Stars: *The branch, treading under foot; who separates; the pierced; who bruises.*

Greek mythology ascribes twelve sons to Bootes – he can be no other than Jacob, father of the 12 tribes of Israel and heir of the Covenant of his grandfather Abraham.

Jacob strove through his life to gain the Covenant and keep it from Esau, whose birthright it was. However, the natural firstborn is not always the chosen inheritor and it is clear that YHVH hated Esau and chose Jacob. (Malachi 1:3)

The Serpent represents Esau, the head being Esau himself while the body represents the progeny of Esau, which has sought to destroy Jacob ever since.

From Jacob came the branch, Yahoshua HaMassiach. He will separate His people from the world. The Prophets foretell a future resurgence of Esau who will again seek to destroy the reborn nation of Jacob but will instead be destroyed by him. Jacob will tread Esau under foot. (Genesis 28:29)

Corona – Royal Crown:

This is the royal crown of the Covenant for Abraham's royal seed, here depicted with 13 points.

Stars: *A royal crown; the shining.*

Jacob, not Esau, was chosen to carry the royal seed. Jacob pursued the Covenant of his grandfather Abraham anciently and will again in the near future as the time for fulfilment of the Covenant promises draw near. Yahoshua is the royal seed. (Genesis 25:23; Isaiah 41:8; Galatians 3:16)

The significance of the 13 points is found in the fact that Jacob adopted Joseph's sons as his own, effectively giving Joseph the double portion due to the eldest son. Jacob's other 11 sons inherited one portion each. Thus 11 portions plus 2 portions amounts to 13 altogether. The Crown advertised this distribution of inheritance hundreds of years before it came to pass. (Isaiah 62:3)

And (He) has made us kings and priests to Elohim and His Father ... (Revelation 1:6)

Then shall the righteous shine forth as the sun in the kingdom of their Father.
(Matthew 13:43)

Summary:

In Virgo the deed of contract was enacted in a Covenant of grace sealed by YHVH alone. In Libra Abraham took up the challenge to commit to the Covenant through his willingness to sacrifice the only visible sign of the Covenant – his legitimate son Isaac. In passing this test the way was clear for the next generation to inherit the Covenant.

However the next generation, Esau and Jacob spans all generations through to the present day. The Covenant rightly belongs to Jacob but Esau will not give up his perceived right to it until the time of the end when he is finally utterly destroyed. (Obadiah; Malachi 1:3-4)

The tail of Hydra/Rome/Babylon ends at the sacred altar, signifying that the whore of Babylon will come to her utter end at the same time as the (re)born nation of Jacob gains the royal crown of the Covenant. These events should occur during a Northern hemisphere autumn.

3. Scorpio – the Scorpion

October 22 – November 21

Recently, in 2011, it has been suggested that there is a 13th constellation identified as Ophiuchus. However this constellation has always existed and forms a large part of the constellation Scorpio. It may be that this sign should have centred on Ophiuchus, for it represents Moses, but history has instead highlighted Scorpio.

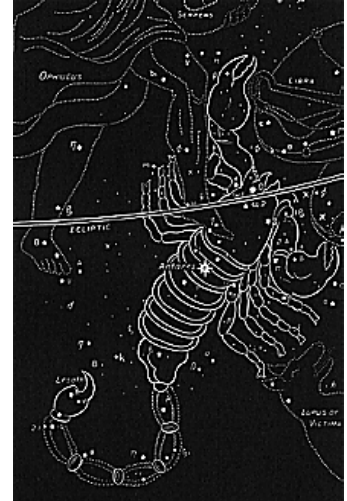

Scorpion/the Claws – Esau:

A gigantic scorpion is attempting to sting a mighty man (Ophiuchus) in the heel. Ophiuchus is struggling with a serpent in his hands. The man's foot is on the scorpion's heart. Early forms show Scorpio attempting to grasp Libra (the circular altar).

Named: *Scorpion, the conflict, war; wounding him that comes*

Stars: *The wounding; the perverse.*

Esau's grip on Libra/the Altar is akin to him grasping the Covenant for it was at the site of the Altar on Mount Moriah that Isaac was offered and Jacob was affirmed as the beneficiary over Esau.

Esau made war through Amalek, his grandson, attempting to destroy the Israelites as they left Egypt. This is the meaning behind the foot of Moses/Ophiuchus on the heart of Scorpio – only through the effort of Moses was Israel saved from Amalek.

Esau, through his descendants Haman, Antiochus Epiphanes and Herod, has tried to prevent the coming of Messiah. He has routinely wounded Judah, from whom the Messiah came, and is thoroughly perverse and lawless in his ways – opposing the clear will of YHVH.

Hercules/the Mighty One – Joseph:

The Vanquisher is bent on one knee and has a wounded right heel. His left foot is over the head of Draco. He wields a great club in his right hand and a triple-headed monster in his left hand. He wears the skin of a lion. His head is located next to the head of Ophiuchus.

Stars: *The head of him who bruises; the branch, kneeling; the wounding; the sin-offering; punishing, treading under foot.*

Joseph was the mighty saviour of the nation of Israel. He was brought low by his own siblings but rose to power under the Pharaoh of the Egyptian famine. Joseph's foot on Draco signifies the conquest he achieved over Hasatan by rescuing and reuniting Jacob's family. The lion skin recalls the story that the brothers told Jacob about his disappearance, namely that Joseph had been killed by a wild animal. The meaning of the triple headed monster is not clear except that Joseph was degraded three times. His family rejected his prophetic dreams, his brothers sold him into slavery and the Egyptians put him in prison.

A detailed black and white illustration of the constellation Sagittarius, showing a centaur archer holding a bow and arrow, surrounded by various stars and constellation names like Scorpius, Aquila, and Lynx.

Ophiuchus – Moses:

Stars: *The head of him who holds; treading under foot; bruised; contending.*

Whenever Moses held up his hand, Israel prevailed, and whenever he lowered his hand, Amalek prevailed. (Exodus 17:11)

The Torah is a parable of future events. The redeemed nation of Israel, which will be gathered out of the nations of the world, will be assembled in small ‘Goshens’ or sanctuaries in the wilderness of

the nations, as Jacob's family was assembled in Goshen in Egypt. For a '*time*' *times and half a time*' they will be protected as the Tribulation of the nations rages. Then they will be delivered in a second Exodus, an event so incredible that the first Exodus from Egypt will be forgotten. (Isaiah 11:11-12; Jeremiah 16:14-15; Ezekiel 11:16)

Serpent – Esau:

A serpent, held by Ophiuchus, is struggling to grasp the Crown. Its tail reaches as far as the Eagle (Assyria).

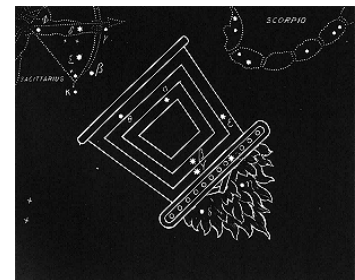

Stars: *Encompassing; the accursed; serpent enfolding*

Esau struggled with Jacob in his own life and has struggled with the nation of Israel ever since through Amalek, Haman the Agagite (Amalekite) and Herod the Idumean. Esau is now manifest in the ruling elites of the West and the mis-named 'Palestinians', who still aim to separate Jacob from his inheritance. Esau is cursed to extinction in the book of Obadiah.

YHVH has sworn that YHVH will have war with Amalek from generation to generation.
(Exodus 17:16)

Ara/Fallen Altar – Esau Destroyed:

A flaming upside down altar, located beneath the tail of Scorpio/Esau suggests his ignominious end to come. It points towards the abyss of outer darkness, the lake of fire, which awaits those who curse the rightful inheritors of the Abrahamic Covenant. Named: *The completing or finishing; cursing.*

Ara contains 9 significant stars, 9 being the number of judgment.

There is no doubt that Esau will be utterly destroyed at the time of the end

Then he (Balaam) looked on Amalek and took up his discourse, and said, "Amalek was the first among the nations, but his end is utter destruction". (Numbers 24:20)

Remember what Amalek did to you on the way as you came out of Egypt, how he attacked you on the way when you were faint and weary, and cut off your tail, those who were lagging behind you, and he did not fear Elohim. Therefore when YHVH your Elohim has given you rest from all your enemies around you, in the land that YHVH your Elohim is giving you for an inheritance to possess, you shall blot out the memory of Amalek from under heaven; you shall not forget. (Deuteronomy 25:17-19)

The house of Jacob shall be a fire and the house of Joseph a flame, and the house of Esau stubble; they shall burn them and consume them, and there shall be no survivor for the house of Esau, for YHVH has spoken. (Obadiah 18)

Summary:

The sign Scorpio relates to events during the 17th/16th/15th centuries BCE. It clearly identifies Esau as the adversary of Jacob through the ages. Esau will not succeed in his goal to wrest the Abrahamic Covenant from his brother. He will die in the attempt. His pointless striving mimics the effort shown by Cain to best his brother Abel. Cain too had the opportunity to stand aside in deference to Abel but his pride would not allow him to back down and he was condemned to exile as a result. Esau will be exiled into outer darkness with all who support him. In these times this also applies to all people who support the division of the land of Israel in order to give it to the descendants of Esau. (Daniel 11:39; Joel 3:2)

Scorpio also identifies Moses as one who alone could resist Esau. Moses was a 'type' of Messiah – he brought the written Covenant contract to Israel; Messiah Yahoshua brought the Covenant to be written on hearts of flesh. (Deuteronomy 18:15)

At the time of the end, when the nation of Zion has been born and Babylon has been destroyed, there will be a final conflict, which will result in the destruction of the beast and his false prophet (both Edomites) in the lake of fire. This event may well occur in a late northern autumn.

4. Sagittarius – the Archer

November 22 – December 21

The Archer – David:

A centaur rides out to defeat the Scorpion/Esau, his arrow aimed directly at the heart.

Named: *The Archer; the arrow; the graciousness, beauty of the coming forth.*

Stars: *The gracious One; the going or sending forth; the riding of the bowman; Prince of the earth; he conquers.*

Like Abraham, David is represented as a centaur. Also like Abraham, David was beloved by YHVH, an attractive and gracious man, a prince among men who conquered with his bow and arrows. He was a Prince of the earth who carried the royal seed of the Covenant of Abraham. It was to be one of David's many sons who would eventually give rise to the Messiah. Whilst Solomon became King of Israel after David, he was not the carrier of the royal seed. This honour belonged to Nathan, the hidden seed safeguarded through Nathan's line until Messiah Yahoshua.

Lyra/Harp – Praise:

A winged harp appears to ascend into the heavens very close to Draco/Hasatan, who hates the sound of praise to YHVH.

Stars: *He shall be exalted; an eagle; springing up; ascending. Praise shall ascend as an eagle.*

David was famous for playing the harp and it seems that his praise ascending to YHVH protected him from Hasatan, since the harp is located between them. (Psalm 57:8-9; 108:2)

Aquila/the Eagle – Assyria:

An eagle in full flight away from David, swooping down towards Capricorn.

Stars: *The wounding; the bright, scarlet coloured; wounded, torn; the piercing; wounded in the heel.*

When the Kingdom of Israel was torn asunder after the death of Solomon, YHVH used Assyria to discipline His people. The proximity of the serpent's tail is a reminder that Esau took the opportunity to take over the land vacated by the northern Israelite tribes.

The tail of the Arrow lies above the Eagle, seemingly carried away on its back. Assyria did carry away the northern ten tribes of Israel – the fabled yet very real Lost Ten Tribes.

Summary:

Sagittarius relates to the 10th century BCE. It identifies David as the carrier of the royal seed of Abraham. Furthermore it shows the direction in which the Northern Kingdom of Ephraim was taken after the death of his son Solomon.

Sagittarius clearly shows that Judah is the bow and Ephraim is the arrow. (Zechariah 9:13)

At the time of the end, after the defeat of the beast and his false prophet, after the imprisonment of Hasatan in the Abyss, and after the cleansing of the Land over a period of 7 months, a Messianic Kingdom of praise will be established in Greater Israel. This kingdom will be administered by a Prince of the House of David. (Ezekiel 44 – 46)

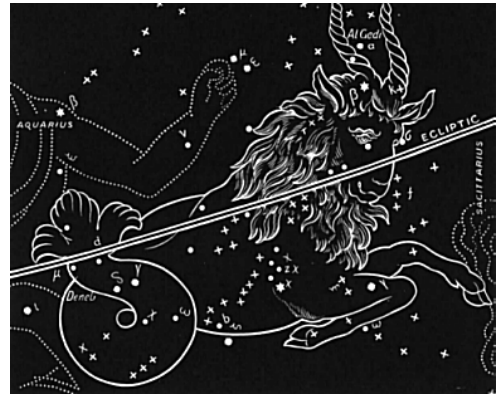

5. Capricorn – The Sea Goat

December 22 – January 19

Capricorn – The Split Kingdom:

A sea goat with a long fishtail lies facing towards the Archer. It is in a wounded position and unable to rise up.
Named: *The kid, cut off.*

Stars: *The kid, goat; the sacrifice cometh.*

Capricorn depicts the stricken split kingdoms of Judah (the goat) and Ephraim (the fish tail); they are no longer united. Just as a fish tail is no use to a goat, the two separate kingdoms of the former Nation of Israel was crippled by division and incompatibility.

The head represents Judah and points toward the Archer/David but Judah cannot now lead Israel. Judah is pictured as a sacrificial goat, bowed down for slaughter. It may be that the depiction as a goat reveals Judah's descent into demonic goat worship, which is expressly forbidden in the Torah. This is supported by the fact that Judah's priests altered the Torah instructions for the Day of Atonement/Yom Kippur – the goat bearing the sin of the nation for Azazel was supposed to be led into the wilderness of Seir and set free. However this Torah instruction was changed by Judah so that the goat was pushed off a cliff to fall to its death, to ensure that it could not re-enter the camp of Israel. In so doing, this goat, which should have carried the sins of Israel away, became a goat of sacrifice in the very place where goat sacrifice was customary. Seir was an Edomite/Esau worship centre to goat demons. Judah, identified as Oholibah, adopted the depraved religious practises of Esau and was given over to judgment for it. (Leviticus 17:7; Ezekiel 23:11ff)

The fish tail of Capricorn identifies Ephraim as a 'fish'. He was first identified as a fish when his grandfather Jacob blessed him to be 'fruitful' and to 'grow' into a multitude. The Hebrew word for 'grow' is the same as the word for 'fish' – 'daga', from which comes the name of the pagan fish-god Dagon. The fish tail also suggests Ephraim's descent into worship of the fish god or at least his exile into the realm of Assyria whose ancient father was Nimrod, often depicted as a fish god.

The fishtail is pointed northwards (where the northern ten tribes were exiled by Assyria/ the Eagle) and adjoins Aquarius the Water Bearer, showing that the Northern Kingdom was poured out away from Judah. Ultimately the ten tribes of Ephraim were destined to come under the authority of another fish god – the popes of Roman Catholicism who wear the fish-mouthed mitre hat of Dagon/Nimrod.

Saggita/the Arrow – David's Seed:

A single arrow flies in the mid-heavens, carried on the back of the Eagle/Assyria and between Delphinus/Babylon and Cygnus/Medo-Persia. The arrow from the quiver of David plots a course between the Eagle, the Dolphin and the Swan towards Pegasus and Cetus the sea monster.

Named: *Destroying, desolate.*

An arrow is a euphemism for a son. This arrow represents the hidden seed of David through Nathan, whose progeny never sat on any royal throne, but were destined to provide the Messiah Son of David. Through the empires of Assyria, Babylon, Medo-Persia, Greece and Rome, this royal line continued out of the gaze of those who would have destroyed it. Ultimately this arrow will destroy the enemies of the Covenant.

The identity of the Arrow was revealed by Luke when he listed the genealogy of Miriam. The line from David's son Nathan was protected in relative anonymity through the centuries of exile and oppression until Yahoshua was born. (Luke 3:23-38)

Another definition of this Arrow is that it refers to the whole Northern Kingdom of Ephraim, carried away with Assyria.

Delphinus/the Dolphin – Babylon:

A dolphin lies beside Aquila with the Arrow above.

Named: *Pouring out of water, coming quickly.*

The Babylonian Empire came hard on the heels of the Assyrian Empire and overtook Judah like a flood. It was an empire of sophistication and breadth of influence. In 606 BCE Babylon invaded Judah. Within 20 years the Kingdom of Judah was no more and its glorious Temple was destroyed.

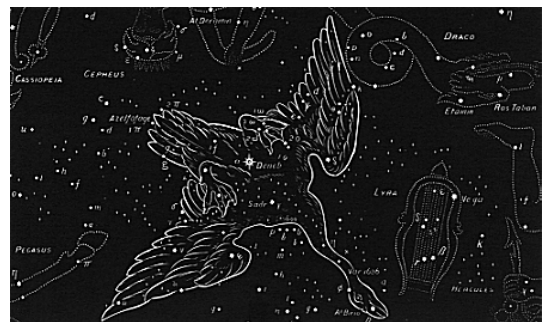

The choice of a dolphin as its emblem is an echo of the original claim to fame of Babylon, the place where the languages of men were confused when Nimrod tried to control the earth's inhabitants. The dolphin has the most sophisticated language in the animal kingdom – but it is still an animal!

Cygnus/the Swan – Medo-Persia:

A mighty bird is flying swiftly in the mid-heavens, against the direction of Aquila and Delphinus.

Named: *This from afar.*

Stars: *The judge; flying swiftly; flying quickly; who returns as in a circle; who goes and returns quickly; gloriously shining forth.*

Cyrus the Persian king is referred to as 'YHVH's shepherd' whose 'right hand YHVH holds'. In these descriptions he is a 'type' of Messiah. He was honoured with two prophecies – the first, that he would command the rebuilding of Jerusalem and the second, that he would crush nations and kings and open two leaved gates. (Isaiah 44:28-45:4)

The first prophecy was fulfilled when Cyrus permitted Ezra to lead Judah back to Jerusalem. In effect Judah 'came quickly' 'from afar' and 'returned as in a circle'.

The second prophecy is more enigmatic. However, Yahoshua may have referred to these gates when He told Peter that the gates of hell would not withstand the coming of the Son of the living God. (Matthew 16:16-18)

It seems that Cyrus was used once as a servant of the Almighty to restore Judah after the Babylonian exile. Perhaps his modern successor (from Iran??) will be used to demolish nations and rulers as well as the gates of the stronghold of Hasatan.

Summary:

Capricorn depicts the splitting of the Kingdom of Israel into two fratricidal kingdoms; the exile of the northern ten tribes in 721 BCE followed by the exile of Judah in 586 BCE; the return of Judah by the Medo-Persians. Both sides of the family were under the control of foreign rulers.

It also hints at the transmission of the royal seed of the Covenant through David, hidden amongst the deportees. Nathan's royal descendant would have been taken to Babylon. He survived the planned execution of all Jews by Haman when Esther intervened to prevent their massacre. He would have returned to Judea in the wave of returnees permitted by the Persians and his line of descent carried on incognito until the birth of Messiah Yahoshua.

Capricorn also identifies Ephraim, the Northern Kingdom in the nations of the gentiles, as a fish, a son scattered to become fruitful.

6. Aquarius/the Water Bearer

January 20 – February 18

Aquarius – Jonah:

The tail of Capricorn is attached to the left side of Aquarius. From the right side of Aquarius, out of the mouth of an urn flows a river into the mouth of a large fish.

Named: *The place of him coming down or poured forth; water urn, bucket.*

Stars: *The record of the pouring forth; who goes and returns; the pourer out.*

The message in this sign is that the nation of Israel has been poured out like water into the nations and yet is safeguarded in the mouth of the great fish. This is reminiscent of Jonah, who disobeyed YHVH to avoid preaching repentance to a gentile city. He was swallowed by a large fish, only to be regurgitated (effectively reborn) and again sent to Nineveh to preach repentance. It is unlikely that YHVH would choose gentile Nineveh in the 7th century BCE, since His Covenant was with the Israelite nation only. True gentiles had no cause for repentance, having had no relationship with YHVH in the first place. The inference therefore is that Nineveh housed many descendants of the 10 tribes who were 'lost' in the previous century and Jonah was sent to woo them back in repentance. In this sign is the promise of return by rebirth for the northern 10 tribes of Israel in repentance to YHVH.

Yahoshua gave only one sign to the Pharisees who questioned His authority – the sign of Jonah. He likened His time in the heart of the earth (where he would preach to the spirits in prison – the fallen angels who cohabited with human women) to the time that Jonah spent in the belly of the fish – 3 days and 3 nights. (1 Peter 3:19; 2 Peter 2:4)

Another man was incapacitated for three days, during which time YHVH turned him from faith in Pharisaical Judaism to faith in Messiah Yahoshua. That man was Saul of Tarsus and he, like Jonah, was sent to preach the gospel to the 'lost' 10 tribes among the gentiles. (Acts 9:9)

This raises a fundamental theological difference between the Constantinian Church (which is the Church today) and non-dispensational Hebraic followers of Messiah Yahoshua. The former hold that Yahoshua (whom they refer to as Jesus) came to save the whole world. The latter hold that Yahoshua came to redeem only that which He had lost – the Northern 10 tribes of Israel. If these are not brought back, the Covenant itself would be lost and there would be no hope for the rest of the world who are to be reached during the Millennial Reign. Those who return to the Covenant will be numbered and recorded by name, just as all Israel was listed in the wilderness. (Exodus 30:12; Numbers 1:2; Ephesians 3:15; Revelation 2:17)

Therefore Paul preached to the Gentiles to reach the lost Israelites who were among them and were indistinguishable from them. He did not primarily seek to save all pagans but those of them who responded were not turned away – they were grafted into the Commonwealth of Israel alongside the returning 10 tribes. Paul and other disciples did not envisage nor foster an assembly, devoid of its Hebrew roots in order to attract pagans. That this happened is testimony to the fact that the Church

today is not descended from 1st century followers of Messiah Yahoshua. Peter, James, Paul, John and the thousands of new converts of those early years never turned their backs on the written Torah of Moses; nor did they embrace pagan festivals, eat unclean meats or worship idols – all of which practices can be identified within the Church.

Piscis Australis/Southern Fish – Ephraim:

A great fish, inseparable from Aquarius, into which is pouring a continuous stream of water, lies beneath the ecliptic.

Named: *The mouth of the fish; a stream.*

Yahoshua told his disciples that He would make them ‘fishers of men’. The ‘lost’ people of Ephraim, poured out among the nations of gentiles on the earth, are represented as ‘fish’ to be ‘caught’. Furthermore He said that not one would be lost and this He demonstrated in an object lesson. A net of large fish was hauled ashore and found to contain 153 fish – the gematria number for ‘Sons of Elohim’. Nor was the net broken so no ‘fish’ were lost. (John 21:4-11).

Yahoshua also said that the disciples would not have completed going to every city of Israel before the Son of Man returned. (Matthew 10:23)

Paul affirmed that ‘*all Israel would be saved when the full number of the Gentiles had come in*’. (Romans 11:25)

Pegasus/the Winged Horse – Greece:

A great winged horse flies across the heavens towards the Patriarchs and against the chronological direction of the constellations, seemingly moving backwards in time. Its head is close to the head of Aquarius and the larger fish of the constellation Pisces rides on its back.

Named: *The chief; horse.*

Stars: *Returning from afar; who goes and returns; who carries; the water; who causes to overflow.*

Alexander of Greece captured the Empire of Medo-Persia at great speed in 330 BCE. He entered Jerusalem in humility but, unlike former conquerors Assyria and Babylon, he did not remove her inhabitants to far-flung corners of his empire. The Greeks brought Hellenism to the Jews and conquered their minds through sophistry – esoteric wisdom. As a result the written gospel of Moses was added to in a lengthy series of oral laws, which were later codified and now form the foundation of Rabbinical Judaism. The Torah of life became a document to be interpreted through Greek rationalism rather than simple obedience to its written precepts

The significance of the fish on the back of the horse is clear – the ‘lost’ 10 tribes were now scattered throughout the Greek Empire – wherever Greece went, so went the ‘lost’ northern Kingdom.

Summary:

The sign of Aquarius reveals the whereabouts and disposition of the Northern Kingdom/Ephraim, exiled in the 7th century BCE. By the 3rd century BCE Ephraim was hidden among the Gentiles of the Greek-minded West. The prophecy of Jonah indicates that it would take 3 days and 3 nights to redeem Ephraim from the consequences of his sin. This occurred when Yahoshua spent 3 days and 3 nights in the tomb before His resurrection to a death-free life. Aquarius also reveals the pervasive influence of Greece on Judah, who has survived as an identifiable and separate people to this day.

The sign of Jonah was a blessing for the lost ‘sheep’ Ephraim among the Gentiles, as they would come to realise the depths to which they had sunk. (Luke 15:10-32)

But it was to be problematic for rabbinical Judah, who persisted in teaching commandments of men as if they were doctrines of YHVH for, to accept Yahoshua, they would have to lay down their control over the people of Judah and lose their status. (Mark 7:7) Essentially this situation still persists in both houses of the people of YHVH.

Ephraim among the Gentiles, in and out of the Church, is infected with Babylonian Greek thinking. Ephraim has little time left to get himself out of Babylon, to deprogram himself from the teachings of Balaam and the behaviours of Jezebel. These teachings were introduced to the early assembly by Simon Magus, the Samaritan ‘Simon Peter’, beloved by Roman Catholicism. Contrary to Roman Catholic teaching, Yahshua’s apostle Simon Peter never went to Rome for he was the ‘apostle to the circumcision’. From the earliest days the assembly began to be indoctrinated with Babylonian heresy masquerading as *‘the faith first given’*. (Galatians 2:8; Jude 1:3)

The Christian Church of today remains full of these heresies and prevents its members from receiving the truth of the Gospel of the Kingdom. Furthermore the Church has taught a ‘gospel of salvation’ – a term which never appears in the Renewed Covenant. This has had the effect of masking the true and full ‘Gospel of the Kingdom’ taught by Yahoshua and His disciples. To lead people to the point of salvation by grace and then withhold from them the means by which they will *‘work out their salvation with fear and trembling’* is to keep them in a “blind and deaf” position and not able to walk “in the Way”. For this very same sin, Yahoshua called the scribes and Pharisees hypocrites. (Matthew 23:15; Philipians 2:12)

Judah too is infected with the heresy of the oral torah from their rabbis. They will have to shed that heresy and return to the written Torah of Moses. When the full number of the gentiles – Ephraim in the nations – has entered the Covenant Judah’s eyes will be opened and the obedient among them will receive Messiah Yahoshua for themselves. (Zechariah 12:10; Romans 11:25)

The members of both houses of Israel have erred by not receiving their understanding of the Scriptures directly from Yahoshua. Moses cautioned the people of Israel to listen to the one who would arise, the *‘prophet like me’*. Yahoshua Himself warned against calling any man ‘father’, ‘rabbi’ or ‘teacher’ for only our Heavenly Father is Father and Yahoshua is our Rabbi and Teacher.

Judah has sinned by relying on her rabbis. Ephraim too has sinned with Catholic priests called ‘father’ and Protestant priests relied on as ‘teachers’. After Yahoshua there was to be no Nicolaitanism – a ruling clergy class upon which a congregation is dependant for revelation. In the Book of Revelation He warned assemblies by letters, that they were tolerating this practice to their detriment. Since the 1st century CE, those who desired to receive the full Gospel of the Kingdom given to the Apostles, have been deliberately thwarted by many so-called rabbis, fathers, pastors and teachers who have not proclaimed the complete Gospel of the Kingdom. (Deuteronomy 18:15-19; Matthew 23:8-10)

7. Pisces/the Fishes

February 19 – March 20

Pisces – Judah & Ephraim:

Two fish, one smaller than the other, are joined together by a band around their tails. The smaller fish crosses the constellation Andromeda while the larger fish sits on the back of Pegasus and faces Aquarius. The band is a separate constellation and is supported by Aries the Ram and fastened to the neck of Cetus the sea monster.

Named: *The fishes of Him that comes; the fishes; multitudes.*

Stars: *The united; the upheld.*

This sign represents the scattered people of Israel in their two separated camps. The smaller fish represents Judah and the larger fish refers to Ephraim/northern Kingdom. These two ‘brothers’ of Jacob’s (Israel’s) household were located within the sphere of influence of the sea monster Cetus/Roman Empire. The Hebrew word for ‘fish’ and ‘multitudes’ are the same word ‘daga’.

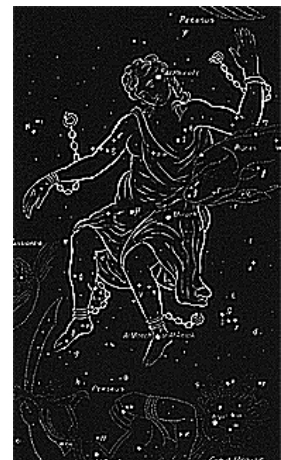

Andromeda – Judah:

A captive woman, chained by her hands and feet, sits in the region of what should be the hindquarters of Pegasus. The smaller fish in Pisces enters her mid-body.

Named: *The chained; the stretched out.*

Stars: *The broken down; the weak; struck down; the afflicted; the bound*

There can be little doubt that this woman is Judah, chained spiritually by the sophistry and machinations of the Greeks during more than 250 years of Hellenist occupation, and then later chained physically by the Roman occupation of Judea. Judah was unable to practise her faith freely, having spiritually bound up the written Torah of Moses with Rabbinical rulings and by being in physical submission to a foreign military dictatorship, instead of being ruled by her own king as Scripture decreed.

Summary:

The sign of Pisces, which described the disposition of Jacob in the 1st century BCE, clarifies the relationship between the two camps of Jacob. They are united through the Abrahamic Covenant and the promised seed to come, as the Band reveals but, at the time of the Roman occupation of Judea, they were still two separate, scattered camps under the dominion of Rome.

Ephraim was effectively hidden among the people groups of Greece, which were absorbed by Rome. Judah, as a distinctive and identifiable people group, was entirely subjugated by Rome. Despite their imprisonment, Judah and Ephraim are upheld by Messiah.

8. Aries/the Ram

March 20 – April 19

Aries/the Ram – Yahoshua the Lamb:

Aries lies above the head of Cetus the sea monster, with a foreleg across the Band holding Pisces. Named: *The lamb; the pierced; the sheep; gentle, merciful.*

Stars: *The sacrifice of righteousness; wounded; slain; the bruised; the bound.*

In the year of the crucifixion of Yahoshua, the sun was positioned at Aries on 14th Nisan, the set day for the slaying of the Passover Lamb. There is no doubt that this constellation marks the identity of the sacrificial lamb for the nation of Israel. The position of His foreleg across the Band uniting the two houses of Israel confirms that His sacrifice was intended specifically for both camps of His people. This sacrificial lamb was sent to save the lost sheep of the house of Israel. Yahoshua was gentle and merciful. (Matthew 15:24; John 11:50-52)

Yahoshua was bound, bruised, wounded and slain (as the stars are named) for the sin of the northern 10 tribes who were in the spiritual state of an adulterous woman. They were divorced from YHVH and could not be restored to the fellowship of the Covenant without paying the penalty of death. The death deserved by Ephraim was paid by Yahoshua. (Isaiah 50:1; Jeremiah 3:8)

There is no suggestion in this heavenly sign that the grace of YHVH was transferred from Judah to the assembly of Messiah, as the Church would have it. This is dispensational theology and has no Scriptural basis. It was a later invention by wicked and covetous men of the Church to disinherit Judah from the Abrahamic Covenant – the same wickedness as Esau perpetrated. Clearly Aries shows that Yahoshua the Lamb is supporting both houses by the position of his foreleg.

The Band – Messiah Yahoshua:

The two fish are bound together with a 'leash' that is under the control of the sea monster Cetus. But the Band is also supported by the foreleg of Aries.

Named: *He comes; the band, bridle.*

The two fish representing Judah and Ephraim are bound to Rome/Cetus, but they are supported in their bondage by Messiah, the sacrificial ram of YHVH. The Band is the Abrahamic Covenant in the person of Messiah Yahoshua. He supports the two houses of Jacob in their position of exile in the nations.

Cepheus/the Crowned King – Son of David/Bridegroom:

A redeemer will come to rule as a glorious king, enthroned in the highest heaven, with a crown of seven points and a sceptre in His hand.

Named: *This one comes to rule; the branch; the king.*

Stars: *Coming quickly; the redeemer; who bruises or breaks.*

This is the one of whom Jacob spoke when he blessed Judah:
“The sceptre will not depart from Judah, nor the ruler’s staff from between his feet until Shiloh comes; and to him shall be the obedience of the peoples”.
(Genesis 49:10)

This is the one whom Balaam ‘saw’ would arise:
“I see him but not now; I behold him but not near; a star shall come out of Jacob, and a sceptre shall rise out of Israel ...”

This king will crush Israel’s enemies and utterly destroy Esau. (Numbers 24:17-19)

This king is the Branch with the seven spirits of YHVH, depicted in the seven stars of his crown.
(Isaiah 11:2)

Cassiopeia – Bride of Messiah:

An enthroned woman prepares herself. Her throne is beside the throne of Cepheus the King.
Named: *The freed; set up as Queen; the daughter of splendour; the beautiful.*
(Isaiah 54:5-8; 61:10,11; 62:3-5; Jeremiah 31:3-12; Psalm 45:9-17)

Stars: *The freed; the branch.*

This is the Bride of Messiah who has been freed from her bondage by the sacrificial offering of Messiah Yahoshua.
(John 8:36)

She is seen in the constellation of Aries because the Lamb gave his life for hers and freed her from bondage to Hasatan.
As the glorious Bride of Messiah she will be revealed at the end of the 7th Millennium.

“Come, I will show you the Bride, the wife of the Lamb.” (Revelation 21:9)

Cetus/the Sea Monster – Rome:

A huge monster, a Leviathan, with the tail of a fish, great claws and a large horn between its eyes is fastened to the Band. The feet of the monster are in Eridanus, either attempting to arrest the flow of the river of judgment or beginning the journey down it. The sea monster is the largest of the constellations and is the enemy of fish.

Named: *Subdued.*

Stars: *The bound, chained enemy; overthrown, thrust down; the rebel.*

“Can you draw out Leviathan with a fish hook? Or press down his tongue with a cord? Can you put a rope into his nose? Or pierce his jaw through with a hook? Shall not one be cast down even at the sight of him? None is so fierce that he dare stir him up. He is king over all the sons of pride.” (Job 41)

“Thou brakest the heads of leviathan in pieces, and gavest him to be meat to the people inhabiting the wilderness.” (Psalm 74:14)

For, behold, YHVH cometh out of his place to punish the inhabitants of the earth for their iniquity: the earth also shall disclose her blood, and shall no more cover her slain.

¶ In that day YHVH with his sore and great and strong sword shall punish leviathan the piercing serpent, even leviathan that crooked serpent; and he shall slay the dragon that is in the sea. (Isaiah 26:21-27:1)

Daniel described a ferocious monster to arise after the empires of Assyria, Babylon, Medo-Persia and Greece. The Roman Empire, the dominant power at the time of the crucifixion of Yahoshua, fits that criterion and for more than 2000 years has strenuously worked to destroy the people of the Covenant as if it were the embodiment of Esau himself. Moreover the Christian Church, with its unbiblical doctrines, dispensational theology and anti-semitic actions has shown itself to be fully complicit with the Roman machine rather than the emissary of Messiah Yahoshua, which it purports to be.

The horn represents the antimessiah (the rebel) to come who will be a descendant of Esau since the goal of the antimessiah is to break Jacob's possession of the Covenant. The tail represents Babylon the harlot who swims in the 'waters' of the nations. At the time of the end this monster will be brought into submission by the two camps of Jacob, working together. Rather than the Band representing the hold of Cetus over Pisces, it will become the leash of control over Cetus by Pisces.

“Rejoice greatly O daughter of Zion! Shout aloud, O daughter of Jerusalem!As for you also, because of the blood of my Covenant with you, I will set your prisoners free from the waterless pit. Return to your stronghold O prisoners of hope; today I declare that I will restore to you double. For I have bent Judah as my bow; I have made Ephraim its arrow. I will stir up your sons, O Zion, against your sons, O Greece, and wield you like a warrior's sword”. (Zechariah 9:13)

Summary

The sign of Aries is replete with strength and hope for the people of the Abrahamic Covenant. It is set in the 15th century BCE, in the month when the Passover occurred in Egypt and again in the 1st century CE in the month of Passover when Yahoshua was killed. The first Passover secured the redemption of the firstborn of Israel from slavery in Egypt. The offering of Yahoshua as the sinless Lamb of YHVH secured the redemption of the lost sheep of the House of Israel. It prefigured and opened the way for the restoration of the Household of Jacob to become Zion, the purified Bride of Messiah.

Aries also reveals the complete defeat to come of the rebel Esau through his final manifestation in the events of Babylon and the antimessiah. The heavens and current events strongly suggest that the time of completion is not far off. The redemption of the whole house of Jacob from the clutches of

the antimessiah to come would naturally be expected to occur at the time of Passover and this is confirmed in Scripture. (Isaiah 11:11; Jeremiah 23:7-8)

The Passover of interest, in relation to the second exodus of all Israel out of the nations, could occur after the destruction of Babylon, which is tentatively timed to occur after the end of the sixth year in the final set of seven year – perhaps the northern spring in 2016.

9. Taurus – the Bull

April 20 – May 20

Taurus/the Bull – Resurrected Messiah:

A charging Bull, immediately behind Aries, is rushing forward with energy and wrath. His lowered horns connect with both Orion and Auriga.

Named: *Coming, ruling; exultation, power, pre-eminence.*

Stars: *Leader, governor; wounded, slain; belonging to the judge; centre, foundation; the abundance; vertex/turned on, rolled around; the centre; the congregated.*

Star cluster: *Pleiades/Seven sisters; Succoth/booths; the congregation of the judge or ruler; the heap, accumulation.*

The Bull is the risen Messiah, rushing with full authority and speed to judge, shepherd and govern. Messiah Yahshua is the foundation, the centre of the universe, coming judge of all the earth and He will bring His congregation with Him. (Zechariah 9:16; Revelation 14:4)

Paul makes clear in Ephesians 2 that the two separate camps of Israel were spiritually reconciled as one in the Commonwealth of Israel at the resurrection of Yahoshua.

Pleiades, the cluster of seven stars in the neck of Taurus, represents His congregation gathered in tabernacles or assemblies, which Isaiah prophesied and John confirmed. (Revelation 1:11)

And seven women shall take hold of one man in that day, saying, “We will eat our own bread and wear our own clothes, only let us be called by your name; take away our reproach.” In that day the Branch of YHVH shall be beautiful and glorious, and the fruit of the land shall be the pride and honour of the survivors of Israel. (Isaiah 4:1-2)

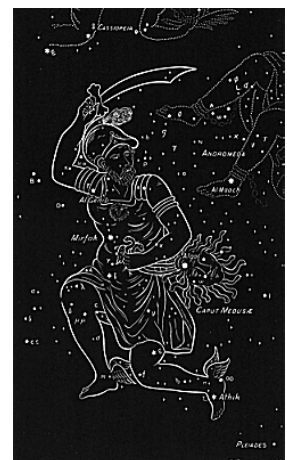

Perseus/the Breaker – Yahoshua/Judah’s Rescuer:

A man of war moves swiftly on winged feet to rescue captive Judah/Andromeda. He carries the snakes-head of Medusa in his left hand and the upraised sword with which he slew her in his right hand. His right foot is immediately above Pleiades (the congregation). His name in Hebrew is Peretz, the name of Judah’s son.

Named: *He who fights and subdues.*

Stars: *Who helps; who carries away; who breaks.*

Stars in Medusa’s head: *Rosh satan; the trodden under foot; the head of the adversary; the subdued; the evil spirit; rolling round*

Like Orion, Perseus carries the evidence of his victory – the severed head of antimessiah. Messiah Yahoshua alone can break the chains that bind Judah/Andromeda. Messiah Yahoshua is the man of war from the tribe of Judah who will rescue Judah from her captivity to Rome, that multi-headed monster which is today reflected in the United Nations and will soon be reflected in the New World Order to be established and ruled by the antimessiah.

Though Judah does not yet recognise her Saviour, she will. (Zechariah 12:10)

Auriga/the Shepherd – Yahoshua:

A seated shepherd holds a trembling she-goat with two newborn kids.

Stars: *A she-goat; band, chain of the goats; a flock of goats; wounded, slain; wounded in the foot; kids.*

This is the Great Shepherd raised from the dead, the Chief Shepherd in the day of His coming glory. (1 Peter 5:4)

The she-goat and the kids are Judah and Ephraim in Messiah's care, yet they are frightened and intimidated. For the last 2000 years the two flocks have co-existed in an atmosphere of fear caused by the hatred of the nations for Jacob and by their mutual distrust – the legacy of the original split of the united Kingdom of Israel after Solomon's reign. Judah has been hounded to the point of annihilation and true Ephraim has had to hide from the Church.

Eridanus and Auriga are connected thematically in *Malachi 4:1-3*.

Orion/the coming Prince – Prince Yahoshua:

Below the ecliptic, a victorious hunter stands with his left foot at the entrance of Eridanus, the river of judgment and upon the head of the enemy; His sword is the head and body of a lamb. In his right hand is His raised mighty club; in his left hand is the head and skin of a lion. His belt contains three bright stars.

Named: *This is he who triumphs; coming forth as light; the light of heaven; a strong one, hero, giant; the branch; the mighty; the ruler; the prince; the strong; coming forth.*

Stars: *The coming of the branch; the foot that crushes; quickly coming, swiftly destroying; the wounded one; bruised; who bruises, who breaks; treading on.*

Greek mythology describes the constellation of Orion as follows:

Apollo the sun god (who is jealous of Orion), arranges for Artemis queen of heaven, to kill Orion. Though a gross distortion, the truth of the identity of Orion can still be perceived in this myth. When correctly understood, Hasatan, the sun god, used the goddess worship of the Northern Kingdom of Israel to result in their spiritual death and the need for the substitutionary death of Yahoshua.

As Orion the mighty hunter, Yahoshua is a triumphant strong hero who alone has authority to open the gate to the Abyss/Eridanus. Yahoshua, the slain Lamb of YHVH and the light of heaven, entered Eridanus while He was in the grave for 3 days and nights. He preached to the disobedient spirits, the fallen angels of Noah's day. He wore the belt of the Word of Truth with its three witnesses, the Patriarchs Abraham, Isaac and Jacob who each testify to the authenticity of Yahoshua, the chosen seed of the Abrahamic Covenant. The disobedient angels would have been rendered speechless at his appearance.

As proof of His victory, He carried aloft death, depicted by the severed head of Hasatan, that 'roaring lion' who roams the earth, seeking victims to devour. Though Hasatan continued to live, his power over death itself was removed. (1 Corinthians 15:54; 1 Peter 5:8; 3:19-20; 2 Peter 2:4)

There is a strong pictorial similarity between Orion/Yahoshua and Hercules/Joseph. Both hold aloft the head of an enemy, both have a raised club and both have a foot on Hasatan. Orion guards the entrance to the Abyss while Hercules is linked with the Lake of Fire in the sign of Scorpio. However the Abyss is located on or under the earth on the other side of the heavens and as far from the realm of mankind as it is possible to be from the Lake of Fire. The Mighty One who will imprison Hasatan in the Abyss is the same Preserver of Israel who will cause the antimesiah and his false prophet to be destroyed in the Lake of Fire.

Lepus/the Hare – Hasatan:

This sign was originally depicted as a serpent, with or without an unclean bird standing on it. Lepus is about to enter Eridanus, the Abyss.
Named: *Confounded, failing.*

Stars: *The enemy of Him that cometh; the mad; the bound; the deceiver.*

This enemy is none other than Hasatan, the mad and bound deceiver, who will be locked up in the Abyss for 1000 years at the return of Messiah.

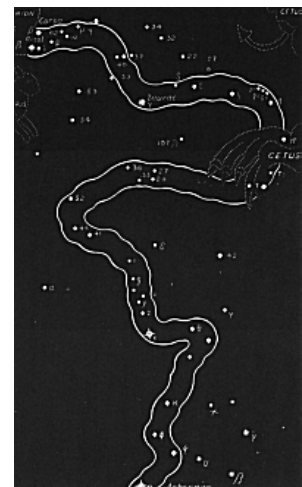

Eridanus – Bottomless Pit/Abyss:

This immense constellation issues from the foot of Orion and flows down out of sight. The sea monster Cetus is either trying to stop its flow or will be cast into it.

Named: *The river of the judge; the mouth of the river.*

Stars: *The after part of the river; bent down; flowing.*

Eridanus is the Greek name for Eridu, the ancient Sumerian temple in southern Mesopotamia allegedly built by Enki who is regarded as the originator of the Nephilim, the human/fallen angel hybrids created in the days of Noah.

Enki's temple was built to cover the mouth or entrance to the Abyss, thereby controlling it. Eridu was allegedly located at Abadan, an island formed by the confluence of the Tigris and the Euphrates Rivers as they empty into the Persian Gulf – currently on the Iranian border with Iraq.

Eridanus is not a waterway, as depicted in Greek mythology, but a pathway of judgment, which may be locked and unlocked by a key. Not to be confused with the Lake of Fire, this gateway leads to a prison or pit as described in Revelation 20. Here then is the gateway from which the creatures described in Revelation 9 will emerge to complete the first woe. Their leader/king Enki, angel of the bottomless pit, is Abbaddon (Hebrew) or Apollyon (Greek). Note the similarity of Abbaddon the king with Abadan the place.

After the fall of Babylon and the defeat of Gog/Magog, Hasatan will be thrown into the Abyss. (Revelation 20:1-3)

Summary:

The sign of Taurus spans much of the period during the counting of the omer, the fifty days between the festivals of Firstfruits and Shavuot/Pentecost. At this time in the 15th century BCE, Israel in the wilderness had escaped the clutches of Pharaoh but had not yet reached Mount Horeb where the Covenant was to be confirmed upon them. At this time in the future, over the months of April to May, Zion will enter the wilderness to be tested and purged of any rebels.
(Ezekiel 20:36-38)

The constellations within Taurus provide pictorial evidence of the functions of Messiah after His resurrection. He emerged from the Abyss in triumph and at speed; He has the credentials to rescue Judah and protect His two flocks from harm. He has the power to imprison his enemies in the Abyss since he holds the keys to death and the grave.

“I died and behold I am alive for evermore and have the keys of death and of the grave”.
(Revelation 1:18)

10. Gemini - The Twins

May 21 – June 20

Gemini/the Twins – Judah & Ephraim:

This constellation sits on the ecliptic. The front twin carries a bow and arrow in his left hand and a lyre in his right hand. The rear twin holds a club or palm branch in his right hand.
Named: *The place of him who comes; united, twinned.*

Stars: *Ruler, judge; who comes to labour or suffer; hurt, wounded, afflicted; set; treading under feet; the branch, spreading; the palm branch; the seed, branch.*

The front twin represents Judah, who carries the lyre and bow and arrow insignias of David. The rear twin is Ephraim bearing the palm branch of praise for Messiah Yahoshua, reminiscent of his welcome into Jerusalem for the Passover when He died. (John 12:13)

The twins' identity is still separate and distinctive but they are physically united and close. They have reconciled with each other but are not yet one nation. They are still under the dominion of the ruler of the earth and are awaiting their Messiah, who dwells within them in spirit.

This sign reflects the emerging status of Jacob's household in 2011 CE. The conditions that have kept true Ephraim and Judah apart for almost three millennia are dissolving. Ephraim is waking up from his time of living as a gentile and returning to the Torah of Moses. Judah in the State of Israel can no longer rely on his military strength and oral torah. His safety is to call upon the only name in Heaven and the Earth by which he may be saved. (Acts 2:21)

There is Scriptural proof that the days of punishment of Ephraim and Judah are over. Ezekiel was given the term of punishment for each house – failure to repent brought about a seven-fold term. (Deuteronomy 26; Ezekiel 4)

Judah was sentenced to 360 'days' (390 + 40 – 70). Multiplying by 7 amounts to 2520 years. The sentence began in 516 BCE (70 years after destruction of the Temple) and ended in 2005 CE.

Ephraim was sentenced to 390 'days'. Multiplying by 7 amounts to 2730 years. The sentence began in 721 BCE and ended in 2009 CE.

"As for you also, because of the blood of my covenant with you, I will set your prisoners free from the waterless pit. Return to your stronghold O prisoners of hope; today I declare that I will restore to you double. For I have bent Judah as my bow; I have made Ephraim its arrow. I will stir up your sons O Zion, against your sons O Greece, and wield you like a warrior's sword." (Zechariah 9:11-13)

The day is coming when Ephraim and Judah will no longer be separate households. When that day comes they will be united as the redeemed nation of Zion. Until that day Judah and Ephraim should recognise each other as brothers who share a common inheritance, though their status before YHVH is currently as separate entities. The Prophets and Yahoshua made it clear that these 'twins' would become one in the household of YHVH. (Isaiah 11; Jeremiah 31; Ezekiel 37; Luke 15)

Canis Minor/the small Dog – Yahoshua the Redeemer:

A small dog is situated near Gemini and below the ecliptic. Close to its heels is the forked tongue of the snake Hydra, approaching from behind. Older zodiacs depict a human figure (rather than a dog) with the head of a hawk and a tail. The hawk is the natural enemy of snakes.

Named: *Conquering, victorious.*

Stars: *Redeemer; the burdened, loaded, bearing for others; the Prince, chief of the left hand; ruler; who completes or perfects.*

This constellation identifies Yahoshua, Son of Man, in a heavenly intercessory role as Prince between His two appearances in the 1st and 21st centuries. The designation ‘chief of the left hand’ is complementary to his designation ‘chief of the right hand’ in Canis Major. Throughout these 2000 years, He has remained close to the Twins – Judah and Ephraim – interceding for them and He will bring the Covenant to completion in them. (Acts 5:31; Philippians 1:6)

Canis Major/the large Dog – Yahshua the Conqueror:

A large dog sits even further below the ecliptic, adjacent to Argo, the Ship. Older zodiacs depict a hawk or a wolf, rather than a dog.

Sirius, the brightest star in the heavens is found in its mouth.

Named: *Coming quickly down; the Prince.*

Stars: *Sirius the prince, ruler; the bright, the shining; the glorious; who shall come; chief of the right hand; the Prince; the mighty; the leader, the chief.*

Canis Major identifies Yahoshua, Son of YHVH, the Prince who currently sits at the right hand of YHVH. He will come in splendour to His redeemed people in a day of great heat or pressure. This could occur at Shavuot, near the beginning of the time of tribulation for the world but the time of safety for Zion in the wilderness of the nations.

The ancients always associated Sirius with great heat. It has 22 times the luminosity of the sun – 22 is a number associated with Messiah Himself since He is the Word of YHVH, the Aleph-Tav which altogether comprises the 22 letters in the Hebrew alphabet.

Here He is unmistakably the Word of YHVH. Out of His mouth will come the sword of the truth of the Word of YHVH. Zion will be tested by the Word in the wilderness of Bozrah, to determine if her righteousness. She will drink the cup of the woman suspected of adultery.

(Numbers 5:11-31; Ephesians 6:17)

Summary:

The sign of Gemini is solely concerned with Messiah Yahshua and his redeemed people. It confirms that Yahoshua is perfecting His redeemed people, that He is currently interceding for them in Heaven and that He is coming down out of Heaven as their leader.

The timing of this sign in May/June suggests a fulfilment during a Shavuot/Pentecost to come. Certainly, at this time of year, Messiah Yahoshua sent His set-apart Spirit upon Israel at Mount Horeb when they received His Torah of Ten Words. Again He sent His set-apart Spirit upon them 50 days after He rose from the grave at Shavuot in 30 CE. At that time He began the process of writing His Torah upon the hearts of Israelites. At Shavuot 1967 Judah secured jurisdiction over Temple Mount.

Yahoshua will return in a time of fire or heat, bringing the Torah of His Father to His people Israel. He will gather Israelites out of the countries where they are scattered and bring them in to the wilderness of the peoples. He will make them pass under the rod and bring them into the bond of the Covenant, just as He confirmed the Covenant with Israel at Mount Horeb more than 3000 years ago. At that time any who rebel against the written Torah of Moses will be purged out of the camp of Israelites.

(Ezekiel 20:33-38)

This gathering of the redeemed community will occur over the 50 days of the counting of the Omer between the Feast of Firstfruits and Shavuot, out of sight of the nations and outside the physical land of Israel. It will be a private meeting between Messiah Yahoshua and Israelites. Given that Israelites must protect themselves from the antimessiah at the mid-point of his seven year treaty, this meeting in the wilderness of the peoples could take place at many sites around the world – wherever Israelites are assembled together in hiding.

If the treaty began in the northern autumn of 2009, first year of a sabbatical set of seven years, then the Shavuot of the sealing of Jacob will occur in June 2013. Those to be sealed are 144,000 of the 12 tribes of Jacob, the firstfruits. They will not be affected by the antimessiah, but the multitude who will come after them will endure the time of the tribulation. (Revelation 7:3-17)

11. Cancer - the Crab

June 21 – July 22

Cancer – Household of Jacob:

Sited centrally over the ecliptic and facing the time of the end, is a giant crab. The ancient picture of this sign is a Scarab, which begins its life as a worm then changes into a winged beetle. Gliding beneath Cancer is the head of Hydra the serpent.

Named: *Cattle-folds; who holds or binds; traveller's rest; Hermes.*

An ancient name for the month: *the seizer; possessor of seed.*

Stars: *A multitude, offspring; holding; the sheltering, hiding place; assembled thousands; the kids, lambs; northern ass; southern ass.*

The scarab worm is a reminder of Job and Isaiah's description of Jacob.

“Behold, even the moon is not bright, and the stars are not pure in his eyes; how much less man, who is a maggot, and the son of man, who is a worm.” (Job 25:5-6)

Fear not, you worm Jacob, you men of Israel! I am the one who helps you, declares YHVH; your Redeemer is the Holy One of Israel. (Isaiah 41:14)

Its metamorphosis to a winged beetle signifies that Jacob will change from his earthly nature into one whose nature is more heavenly minded.

The sign of Cancer should never have been represented as a crab but as a sheepfold.

Cancer points to the time when the household of Jacob will shelter from the time of tribulation to come upon the earth. This is the event, prefigured in the assembly of Jacob's house in Goshen Egypt to wait out the famine, prophesied in Ezekiel 37, when the two 'sticks' of Judah and Ephraim will become one 'stick' in the hand of Messiah. Just as Jacob's family was hidden in plain sight in Goshen during a global famine, so his end-time household will be hidden in plain sight in the wilderness of the many nations where they live.

The position of the head of Hydra shows that Esau/ Babylon is in close proximity to the household of Jacob and is intent on destroying it. This describes the situation at the mid-point of the tribulation where the woman will find refuge from the serpent in the wilderness for '*a time, times and half a time*'; then the serpent will proceed to hunt down her other faithful offspring in the world. (Revelation 12:13-17)

This will be the time of the great rebellion of the nations, the time when the Abyss is opened and the fallen angels will leave their prison to make war in heaven, only to be thrown back to the earth. There they will terrorise the unsealed people of the earth, causing many of them to worship demons – the disembodied spirits of the Nephilim who are looking for a human host body to inhabit. These will become slaves to the antimessiah. For 42 months he will deceive the nations through his two prophets – fallen angels like himself who have been released from the Abyss.

Ursa Minor/Little Bear/Lesser Sheepfold – The Remnant:

A small bear lies in the central heavens, under the feet of Cepheus and nearly surrounded by the coils of Draco. The Polar Star is now to be found in this constellation, having moved through precession over the millennia from Draco, where it was placed at Creation.

Stars: *Waiting Him who comes; the calves, the young, the redeemed assembly; the kid; the assembled; a travelling company, the stronghold of the saved.*

Polar Star: *The turned or ridden on; high in rising.*

The Greeks confused ancient Mesopotamian languages in describing this sign. The picture should resemble a small sheepfold.

This is the remnant of the assembly, Judah and Ephraim, the high and risen stars of central heaven. These are the firstfruits, 144,000 redeemed people (or congregations) of the Covenant, who will heed the warning to get out of Babylon. They will be gathered into little sanctuaries in the countries of their exile to wait out the Tribulation of the nations until the time of the great regathering has come. (Ezekiel 11:16)

The Polar Star in their midst is the Son of David, Messiah Yahoshua, who will meet with His people in the 'Goshens' of the wilderness in the nations. Authority over all Creation will be transferred to Him at the defeat of Hasatan, who has legitimately held authority over the earth for 6000 years. (Revelation 5:12)

These will be the 12,000 of each tribe, sealed and protected from the Tribulation events in a Noahic deliverance. These will be the ones who hear the Voice of YHVH and prepare, who keep the Commandments of YHVH and have the testimony of Messiah Yahoshua. (Revelation 7:4)

And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for a time, and times, and half a time, from the face of the serpent. And the serpent cast out of his mouth water as a flood after the woman, that he might cause her to be carried away by the flood. And the earth helped the woman and the earth opened her mouth, and swallowed up the flood which the dragon cast out of its mouth. And the dragon was wroth with the woman (Revelation 12:14-17)

It is significant that the Almighty chose to place this sign within the coils of Draco. The inference must be that the remnant will be preserved though uncomfortably close to Hasatan. The serpent will be unable to defeat these protected and sealed offspring of the woman.

The movement of the Polar Star over millennia is of great significance. Originally, the circle of the heavens rotated around Draco – Hasatan was in control of the earth. Over 6000 years the Polar Star has moved from Draco, the sign of Hasatan, to the constellation of Ursa Minor, the stronghold of the remnant congregation of YHVH. This change reflects the transference of authority over the earth from Hasatan to the Messiah as depicted in Cepheus, whose foot is above the Polar Star – truly the earth has become Messiah's footstool. (Isaiah 66:1; Revelation 11:15-17)

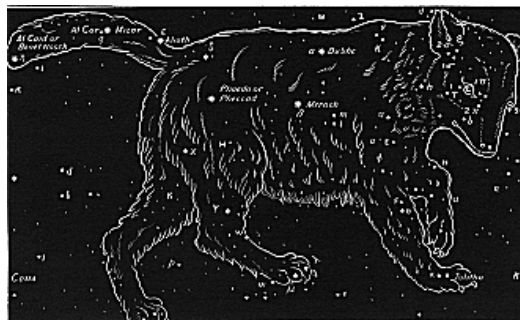

Ursa Major/Great Bear/Great Flock – Great Assembly:

Straddled between the signs of Cancer and Leo lies a huge constellation, again misinterpreted by the Greeks as a bear. This cannot be correct since bears do not have tails and the star names within it do not relate to a bear.

(This constellation has often been wrongly named Ash or Arcturus, which is in nearby Bootes.)

Named: *The assembled together.*

Stars: *A herd of cattle; a fold, rest, security; the flock, purchased; visited, guarded, numbered; she-goat; separate, small; the Lamb; the daughters of the assembly; the assembled; Talit Ha/the redeemed under the Covenant; the sheepfold; multitude, many assembled; the assembled; separated; protected, covered, redeemed, ransomed; the latter herd or flock; company of travellers; coming and going; the sheepfold set, appointed.*

This sign is an overwhelmingly explicit description of the great regathering of Jacob's household at the end of the Tribulation to come upon the nations.

This huge herd of people is the 'sand of the sea' coming out of the Tribulation and they will be joined with the 144,000 remnant after the defeat of antimessiah. These will have heard the gospel of the angel who preaches to every person on earth, giving a final opportunity for salvation. Some of these will be martyred for their faith as their deliverance occurs in the manner of Lot – a hasty escape from Babylon, after a sudden realisation of the horror about to befall them. At the very last moment, many people will join themselves to the Commonwealth of Israel by taking the mark of YHWH – His Sabbaths and the Torah of Moses. The star names reveal that these people will be visited, guarded and numbered as the Nation of Israel was at the time of the first Exodus. They will be the multitude of the assembled, daughters of the assembly, the last company of chosen travellers separated out from the people of the nations. (Ezekiel 34:12-16; Revelation 7:9-17; 13:7-10; 14:6-7)

And the dragon was wroth with the woman and went to make war with the remnant of her seed, which keep the commandments of Elohim and have the testimony of Yahoshua ha Massiach. (Revelation 12:17)

Significantly the Great Assembly bears the name Talitha – a reminder of the 12 year old girl who was raised to life from death by Yahoshua. When He spoke the phrase "Talitha cumi" He was addressing her as one under the bond of the Covenant through His talit, which bore the blue tzitzit – the fringe signifying the Torah for the people of the Covenant. Furthermore, analysis of the numerics of her age signifies that this death to life transformation would come to all 12 tribes under the covering (talit) of the Covenant. (Mark 5:41)

I saw the souls of them that were beheaded for the witness of Yahoshua, and for the Word of Elohim, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands; and they lived and reigned with Messiah a thousand years. (Revelation 20:4)

Argo/the Ship – Zion:

A huge ship lies beneath the ecliptic, its mast piercing the neck of Hydra. Greek mythology tells of a great captain Jason searching for a lost golden fleece and recovering it from the Serpent, which no-one else could defeat. The prow of Argo was said to contain magical wood and the crew, the Argonauts, numbered around fifty souls. (Isaiah 35:10; 51:9-11; Jeremiah 31:11,12)

Named: *Company of travellers.*

Stars: *The possession of Him who comes; the multitude, abundance; the possession; the released who travel; the desired; the Branch.* (Jeremiah 30:10,11; Isaiah 60:4-9)

The Greek name Jason is the same name as Joshua or Yahoshua. Surely Jason's lost 'golden fleece' recalls the '*Lamb that was slain from the foundation of the world*'. (Revelation 13:8)

The fleece represents the death of the lamb of offering to cover the sin of the nation of Israel. A fleece was used to cover the nakedness of Adam and Eve when they disobeyed YHVH; a lamb's fleece was substituted for Isaac; Yahoshua took the place of a lamb on the stake.

The 'magical' wood of the prow recalls the Tree of Life, the Torah of blessing, within whose bounds there is security and life. In the original understanding of this sign it is most likely that the entire ship was made of the wood of the Tree of Life.

Thus the lesson of Argo is that the gathered and united nation of Israel, Judah and Ephraim, that peculiar, abundant and free company of travellers, will be safe within the protection of a vessel/ Ark based on the Torah and with the covering of the blood of the slain lamb. The redeemed company will be gathered to Israel itself and live in unwallled villages, governed by Torah. (Ezekiel 38)

Summary:

The sign of Cancer repeatedly depicts sheep or cattle folds and overflows with messages of ultimate safety for the household of Jacob. Clearly there are two groups of the redeemed, as described in Revelation 7. The first group is a finite number of sealed servants of Elohim who will be protected from the tribulation. The second group is a vast number who will not be sealed before the tribulation but will perfect their salvation by enduring the great tribulation and standing in faith. Some of them will be martyred and some will survive but, at the end of 42 months of tribulation, these two groups will be gathered up and taken to Zion as one company. Hasatan will no longer be able to reach them. (Isaiah 43:5; 49:22; Zechariah 8:7; 1 Thessalonians 4:16-17; Revelation 20:4-6)

This is the fulfilment of the promise made to Abraham after he had offered Isaac at Mount Moriah.

And the angel of YHVH called to Abraham out of heaven a second time, and said, "By myself have I sworn", says YHVH, "for because you have done this thing, and have not withheld your son, your only son: that in blessing, I will bless you, and in multiplying I will multiply your seed as the stars of the heaven, and as the sand which is upon the seashore; and your seed shall possess the gate of his enemies; and in your seed shall all the nations of the earth be blessed; because you have obeyed My Voice". (Genesis 22:15-18)

Tribulation sequence of events

Events related in the Prophets and Revelation are not easy to comprehend in chronological order. What follows is an attempt to clarify events starting with the final 'week' described by Daniel.

A seven year long treaty will be imposed, probably through the UN, upon Temple Mount by a contemptible person who is not a king but has power over all the world – a global ruler. Perhaps this treaty will come in the form of a designation as a World Heritage Site. He will permit a daily offering to be made upon Temple Mount, possibly interfaith rituals of Jewish, Christian and Muslim blend. Reference to a 'daily' (Hebrew *tamid*) suggests that a constantly burning flame may be part of this interfaith ritual. Such flames are common to many faiths and will not necessarily be offensive to Judaism. (Daniel 9:27)

After three and a half years this global ruler will rescind permission for interfaith worship in order to proclaim himself the focus of global worship. He will have authority for 42 months over all people who are not recorded in Yahoshua's book of Life. (Revelation 13)

This action will precipitate events related in Revelation 7 – 18:

1. Sealing, protection and reaping of the 144,000 firstfruits of Elohim – Cancer sign.
2. Two witnesses begin to prophesy for 1260 days in Jerusalem.
3. Final proclamation of the eternal gospel throughout the earth.
4. 5th Trumpet – the beast and fallen angels released from the Abyss – the 1st Woe.
5. 6th Trumpet – 1/3rd of mankind destroyed by 200 million strong eastern army – the 2nd Woe.
6. 7th Trumpet – Loud voices from Heaven release 7 bowls of wrath – the 3rd Woe.
7. Complete destruction of Babylon by the Beast and 10 kings.

Release of the Fallen Angels:

When the 5th trumpet sounds, Abaddon (the Dragon) will open the bottomless pit/abyss with a key. He will release the Annunaki, fallen angels thrown out of Heaven at the time of the Flood to become '*spirits in prison*' and '*angels committed to chains until the judgment*'. (1 Peter 3:19-20; 2 Peter 2:4)

These fallen angels mated with human women in the days of Noah and created the mighty men of old called Nephilim, angelic/human hybrids. Since they were not created in the image of YHVH but have indestructible angelic spirits, they were not destroyed by the Flood. They are disembodied demons, who roam the earth seeking human bodies to inhabit.

The dragon and his released angels will make war in Heaven with the heavenly host but they will be thrown back to the earth to wreak havoc and torment the unsealed. Over 42 months, two witnesses will prophesy in Jerusalem and an angel will preach throughout the earth. (Revelation 14:6-7)

The 1st Beast with 10 horns and 7 heads is a fallen angel who will govern the world as antimesiah and who is initially controlled by the harlot Babylon. He will be supported by the 2nd Beast, his religious enforcer. Those who do not have the seal of YHVH will be required to worship the dragon and the 1st beast but, if they hear and obey the angel with the gospel of salvation, they will refuse to worship the beast and some will be killed. These will await the first resurrection when they will be raised to life. (Revelation 9:3-11; 12:7-17)

Nephilim Acquire Human Bodies:

During the 42 months of tribulation, as the earth's inhabitants increasingly resort to demon worship, the Nephilim will once again acquire willing human bodies until they number 200 million. These will be released to kill 1/3rd of mankind. (Revelation 9:20-21; 16:12-16)

Destruction of Babylon:

Babylon is global government through interconnected religious and commercial power.

1. Religious Babylon (the harlot who sits on seven heads/mountains) is monotheism via Roman Catholicism (seven hills of Rome), her Protestant daughters and Islam. The Protestant Reformation failed to correct the errors of Constantine, which legitimised Christianity as a religion devoid of its Hebraic roots. The Church ruled western society for 1700 years while Islam rules the eastern sector of the original Roman Empire.
2. Commercial Babylon drives the economies of the west and is based on the ethics of Rome, which in turn derived its ethos from Nimrod/Babylon. Islam drives the economies of the west through leveraging its oil power.

Babylon rules every aspect of modern society in direct contradiction to the Ten Words from YHVH. A comparison of the Ten Words of YHVH with the principles of end-time Babylon is useful.

	Ten Words – Exodus 20	Babylon – Revelation 18
1	I am YHVH your Elohim who has brought you out of the land of Egypt (out of slavery)	I am a queen who glorifies herself – verse 7
2	You shall have no other gods before me (no images, for YHVH is jealous)	Home for demons, unclean spirits, birds of prey, sorcery – verse 2,23
3	You shall not take the name of YHVH your Elohim in vain (Jerusalem bears His Name)	Exulted as greatest city over Jerusalem (where the name of YHVH lives) – verse 10,16,18
4	Remember the Sabbath day to keep it holy (honour the Sabbaths and holy convocations)	Church festivals based on Babylonian religion eg Christmas, Easter, saints days
5	Honour your father and mother (by obeying the commandments)	Sinful, iniquitous – verse 4 Disobedient to the commandments
6	Do not commit murder (any member of the Household of Israel)	Centre of bloodshed and murder of saints through all time – verse 24
7	Do not commit adultery (keep sexual purity)	Whoredom with all nations and sexual immorality – verse 3,9
8	Do not steal (do not gain at the expense of others)	World hub of commerce, human slavery, materialism, dishonesty (11-19)
9	Do not bear false witness against your neighbour (love truth)	Contains blood of Prophets and saints falsely judged – verse 24
10	Do not covet anything that belongs to your neighbour (be content)	Babylonian system based on materialistic covetousness – verse 3,19

Babylon disregards all the authority of heaven and exists in direct opposition to the rule of YHVH. She must be utterly destroyed in order that the rule of Messiah can operate upon the earth.

The angel with the 7th bowl of wrath will cause a massive earthquake, which will materially destroy Babylon and other major cities of the nations. All global governmental systems, including religious, commercial, agricultural, pharmaceutical, educational, health, judicial practices will break down

because of climatic catastrophes and economic collapse – much of it orchestrated by the 1st beast, for he and his 10 demonic kings all hate Babylon. (Revelation 17:16)

The harvest of the earth will occur after the fall of Babylon – two sickles will reap the earth. Yahoshua will first reap the redeemed of YHVH into Zion, then another angel will reap the rebels who have the mark of the beast and harvest them for wrath. (Revelation 14:14-20)

Jacob and the Second Exodus:

The harvested redeemed remnant of Jacob, who perfected their faith by enduring the tribulation, will be separated from the earth's remaining inhabitants, who will take them to join their sealed brethren, those preserved throughout the tribulation. They will be taken to live in Israel in the second exodus, which will occur at a Passover. (Isaiah 49:22-23; 60:4; Ezekiel 37:21-28)

The many passages of Scripture describing the joy and exultant worship of YHVH, which will accompany this exodus, can scarcely be comprehended in scale this side of the event itself. From every nation, tribe and tongue will come the righteous of YHVH, to be assembled as the nation of Zion, allocated to a Tribe and a place in the land.

There must be a significant period of time from this Exodus for Israel to establish herself in the land, to build, plant and establish a Torah keeping community. Indeed there must be enough time for Israelites to cry out for more land because their numbers will be large. (Isaiah 54:2-3)

If the period of tribulation has already begun as of 2011, then the gathering up of all Israel is expected to be at the end of the 6th year in this Shabbat cycle – beginning spring 2016. After the tribulation, Israel will begin to live securely in the land of Israel for a period of time in which unwallled villages will be built and a civil society based on Torah jurisprudence will begin to function. (Ezekiel 37 – 38:11)

The Battle of Har Meggido:

Outside of the land of Israel the nations will still be enduring the presence of the dragon Hasatan, the beast/antimesiah and his hordes, perhaps for several years. Eventually they will assemble an army, termed Gog/Magog, of 200 million from the east – perhaps from Iran through to China.

Israel will become the target of Gog/Magog who will attempt a final onslaught against YHVH's people in order to destroy this last remaining outpost of rebellion to Hasatan. The angel with the 6th bowl of wrath will dry up the Euphrates River into seven streams for the 200 million troops of Gog/Magog to cross from the east. They will assemble at Har Meggido in Northern Israel. (Isaiah 11:15; Ezekiel 38; Revelation 9:16-19; 16:16; 19)

The battle at Har Meggido has normally been thought to involve humans and such sophisticated weaponry as they can muster. However there is no need for all the armies of Heaven, the angelic host, and the King of kings Himself to engage in any battle with mere humans. Such an army is only required to do battle with an opposing angelic force - one which has a realistic possibility of damaging the heavenly host. The forces, which will muster at Har Meggido in northern Israel, are the fallen angels, the hybrid human/angel Nephilim plus the humans who serve them. It will look something like the hordes depicted in the movie series Lord of the Rings and not unlike the angelic/human hybrids known to Noah.

This battle could be expected to take place in a northern summer, precisely the time of year depicted by the next zodiacal sign Leo.

12. Leo – the Lion

July 23 – August 22

Leo/the Lion – King of Kings/Lion of Judah:

A mighty charging lion lies across the ecliptic. Its feet are over the head of Hydra, the great serpent and are about to descend upon and crush it. The bright star in the heart means '*treading under foot*' and the bright star in the tail means '*the judge*'.

Named: *Arieh/the Lion hunting down his prey.* (Nahum 2:12; 2 Samuel 17:10; Numbers 23:24)

Stars: *Treading under foot; the Judge who comes; exaltation; shining forth; the joining; the punishing, tearing of the Lion; the judge cometh who seizes; the enemy put down.*
(Revelation 5:5; Numbers 24:8,9; Amos 3:4,8)

The Lion of Judah, Yahoshua the Messiah, will come to make war on Hasatan, tread the winepress of the fury of his Father and rule the nations with a rod of iron for 1000 years.
(Isaiah 63:1-6; Revelation 19:11-21)

He will throw the antimessiah and the false prophet into the lake of fire. He will imprison Hasatan in the Abyss for 1000 years. He will cause the dead in Messiah, who did not worship the Beast in the Tribulation, to be raised to life to rule with Him for the 1000 years. (Revelation 19:11-20:6)

There is an additional meaning in this sign that suggests it also spans the Millennial Reign. Finally Messiah will come to judge the nations and destroy all remaining enemies.

Hydra/ the female Serpent – Hasatan/Babylon:

An immense constellation extends beneath Virgo, Leo and Cancer, its head coming between the signs of Cancer and Argo.

Named: *The abhorred.*

Stars: *The separated, put away; the abhorred; the piercing of the deceiver.*

Hydra has spanned the time of the Abrahamic Covenant. Displayed in the heavens in an anticlockwise position makes clear that Hydra has been working against the Abrahamic Covenant since its inception. (Revelation 12:10-17)

Nimrod of Babylon first tried to kill Abram and prevent the establishment of the Covenant.

Abram's illegitimate son Ishmael craves the Covenant and has opposed the descendants of Abraham for almost 4000 years, culminating in the hatred of the Arab nations towards Israel.

Esau/Edom, through Amalek, Balak and Balaam, Haman, Herod, the Romans, the Church, Hitler and now the misnamed 'Palestinians' have all sought to destroy Abraham's legitimate descendants. Prior to the coming of Messiah Yahoshua, ten nations listed in Psalm 83 will assemble and try to destroy Israel. These ten nations are represented by the ten kings/horns, which hate Babylon. Among them will be descendants of Ishmael, Lot and Esau. These enemies of Zion are all the daughters of Babylon and will be destroyed. They will drink the dregs of the Cup of wrath for Babylon, depicted in Crater.

At the coming of Messiah Yahoshua, Lion of Judah, the enemies of Zion, the beast, his false prophet and the kings of the east, will take their stand against Him at Har Meggido (Armageddon) in Northern Israel. They will attempt to destroy the people of the Covenant, who have been established in Greater Israel, in the battle of Gog/Magog. They will fail and the human bodies of the Nephilim will be food for the birds of prey depicted in Corvus/Raven.

Crater/the Cup – Cup of Wrath:

A deep cup lies below the ecliptic and the head of Virgo. It is fastened to the body of the serpent and shares stars with it. (Psalm 11:6; 75:8-9)

Stars: *The cup* – 2 stars mark the bottom of the cup where it is fastened to the body of Hydra.
Thirteen stars in the cup – thirteen is the number of Apostasy.

Babylon is the epitome of apostasy and includes all individuals, regimes and empires, which have sought to replace and destroy the people of the Covenant. She and her daughters will drink the cup of wrath to its dregs. (Revelation 14:10)

There are many warnings in the Bible to flee Babylon to avoid sharing in her punishment. These warnings are given to those who call themselves the people of God and yet they are in danger of perishing with Babylon. Clearly these people are unaware that they are living within Babylon; they are deceived and must flee false teaching from those who are not ministers of the true gospel. The nearness of the Cup to Virgo shows the redeemed are near to Babylon and in great danger of sharing in her cup of wrath. (Isaiah 48:12-20; Jeremiah 51:6; Zechariah 2:7)

Deliver yourself O Zion, who dwells with the daughter of Babylon.

Corvus/the Raven – the Cleaners:

A bird of prey perches close to the Cup and beneath Virgo. It devours the serpent and all who worship it after they have drunk the depths of the cup of wrath. (Psalm 76:5, 12)

Named: *The raven; the breaking up of the enemy.*

Stars: Nine (number of judgment) stars; *accursed; the raven; the raven tearing to pieces.*
(Proverbs 30:17; Revelation 19:17,18; Jeremiah 25:30-33)

The Raven is the final constellation of the planisphere. He is appointed to cleanse the earth by eating everything that is unclean. It is fitting that a raven was the first creature to leave the Ark of Noah after the first cleansing of the earth by flood. Now the raven is the last creature in this story of the purification of the seed of Abraham in readiness for her role as the Bride of Messiah.

After the nation of Israel has been established in peace and the people are living in unwallled villages, the hordes (200 million) of Gog will attack Israel from the north at Har Meggiddo. They will be destroyed by Messiah Himself. Their bodies will be food for birds of prey and for seven months the house of Israel will be burying their bones in order to cleanse the land. (Ezekiel 38, 39; Joel 2; Revelation 9, 16:12-16)

13. Draco – the Dragon

Though Draco is not listed as a separate constellation in ancient zodiacs, it is a central and pivotal constellation in the heavens. In the time of Noah, the static Polar Star used for navigation was located in the tail of Draco. This is the emblem of Hasatan, thrown out of heaven to the earth, where he has authority to rule because of the sin of disobedience of Adam and Eve.

Named: *Trodden on; to tread; the punished enemy.*

Stars: *The subtle; the head of the subtle; the long serpent, dragon.*

Draco influences all twelve constellation groups through his subtlety. Notably his tail lies in the last constellation Leo, between Ursa Major and Minor, signifying that his power over the seed of Abraham will come to an end when the Lion of Judah returns to the earth and imprisons him.

Draco's testimony is that because man's troubles begin and end with him, yet he is the 13th discrete constellation, hidden for all time among the 12. It is fitting to label him the 13th for this is the number of apostasy. He rebelled against YHVH and His Word. He is determined to challenge the rule of YHVH. He has his own religion which is built on the precepts of the tree of the knowledge of good and evil and which is in opposition to the precepts of YHVH found in Scripture.

For you have said in your heart, "I will ascend into heaven, I will exalt my throne above the stars of God; I will also sit on the mount of congregation on the farthest sides of the north; I will ascend above the heights of the clouds, I will be like the Most High". Yet you shall be brought down to Sheol, to the lowest depths of the pit. (Isaiah 14:13-15)

He is described in the stars as 'subtle' because his ways often seem to be aligned with Scripture. The prudent, discerning person will see through him but the hasty, worldly person will be drawn onto a path of ultimate destruction. Hasatan has been given 6000 years (6 being the number of man) to reveal the true hearts of men by appealing to their inner lawlessness. No person will be able to stand on the day of judgment and claim that Hasatan did anything more than appeal to the inner cravings of their heart. Each person is responsible for his own destiny.

The stars and Scripture both declare that Hasatan will be brought down and punished. He will be imprisoned for the Millennial Reign of Messiah and then he will be destroyed in the lake of fire. (Revelation 20:10)

Note: The Polar Star is no longer located in Draco but in Ursa Minor, within the sign of Cancer. This corresponds to the transfer of authority over the earth from Hasatan to Messiah Yahoshua.

Summary:

Heaven will open and Messiah Yahoshua will come out to make war against the satanic army of Gog/Magog. In the event there will be no contest – no satanic army can withstand the heavenly host and its Captain, the Word of YHVH. (Revelation 19:11-21)

The kings of the earth/Nephilim will be killed by the sword, which proceeds from Messiah's mouth – the Word/Torah of YHVH. The humanoid bodies of the Nephilim will be eaten by ravens and their bones will be gathered and buried over a period of seven months. The 1st beast and his false prophet will be thrown into the lake of fire along with the demonic spirits of the Nephilim. (Ezekiel 39:12-20; Revelation 19:20)

Hasatan, the dragon and his fallen angels will be locked up in the Abyss for 1000 years. Then they will be released for a short time to again deceive the inhabitants of the earth until they are destroyed forever in the lake of fire. (Revelation 20:1-3; 7-10)

Leo marks the end of demonic influence over the earth. The 'virgin' of Israel will be the pure Bride of Messiah as depicted by Virgo in which Sarai and Abram were 'types' of the Messianic couple to come. (Revelation 19:7)

The congregation of YHVH will be safe and living in the blessing of Torah written on hearts of flesh under the grace of Messiah Yahoshua. At this time, Hydra/Babylon can have no more effect on the people of the earth for she will have been destroyed. (Revelation 18:1 – 19:3)

For 1000 years faithful Israel will be tasked with teaching Torah to the nations of the earth from Jerusalem. This is the meaning of the riddle in the 22 verses of Proverbs 31:10-31. The woman who is above rubies is that woman who teaches Torah to the nations – the Torah constructed of the 22 letters of the Hebrew aleph-bet and embodied in the person of Messiah Yahoshua. During that time the imprisoned Hasatan cannot deceive the world's people and they will make a clear choice for or against YHVH, free of demonic influence.

After the 1000 years, Hasatan will be released from the Abyss with his angelic forces to once again and for the last time, deceive the human inhabitants of earth. Those who follow him will assemble from the four corners of the earth to surround Israel as the last great Gog/Magog army – comprised of the fallen angels and those humans who choose to worship Hasatan. Fire will reign down from heaven upon this vast army and it will be consumed in the lake of fire and sulphur forever.

Then will come the Great Judgment at the white throne where all mankind is to be resurrected and judged according to their works, then separated for eternal life or death.

Only then can obedient mankind be restored to the relationship they had with YHVH before the Fall. These, whose names are written in the book of life, will be given an imperishable body and live forever on a renewed transformed earth, which is united with heaven. No longer will YHVH need to separate Himself from His people and no longer will heaven be separate from the earth. As obedient, clean people, they will stand in His presence without fear of destruction. All creation will be at peace. (Isaiah 11:6-9; Revelation 21, 22)

The Hidden Narrative

Throughout this narrative of the Zodiac is the obvious theme of the preservation of the righteous seed of Abraham until the coming of Messiah when He will totally vanquish His enemies and restore the earth and heaven to one integrated whole, as it was when Adam walked in the Garden of Eden with YHVH.

In the generations between Adam and Noah the same theme was paramount in the affairs of mankind. Only Noah passed the test of being '*righteous in his generations*' – that is, only he carried DNA uncorrupted by the fallen angels. Here then is the clue as to why heaven and earth are currently separated and the mechanism by which they can ultimately be reunited.

When Adam was created he was a lone being, made in the image of Elohim. He was unable to reproduce – functionally like angels. When Eve was created from Adam, the way was opened for mankind to do what angels could not – to reproduce after their kind like animals do.

In the generations before Noah, the fallen disobedient angels left their appointed station to interfere in the affairs of mankind. This may in fact have been the reason for their fall from heaven – they wanted to be able to reproduce themselves but were not permitted this function. Therefore they sought to utilise mankind's reproductive ability in their quest for control of the Kingdom of Heaven. Perhaps they strategised that the Host of Heaven could be destroyed if it were to be outnumbered by a satanic host – one third of the heavenly host was rebellious and therefore numerically weaker than the remaining obedient two thirds.

The nature of what the fallen angels actually did to the daughters of men to produce Nephilim is not clear in Scripture. It is possible that these angels, working in a type of laboratory situation, incorporated their 'DNA' into human gametes (egg or sperm) as an addition to the existing fully human DNA required to form a human being. This would appear to be similar to a modern assisted reproductive technique, also involving genetic modification with the insertion of genetic matter from a non-human species. Incidentally, this is precisely the nature of interferences related by many people with UFO abduction reports.

Regardless of whether this scenario is accurate, it remains that disobedient angels have in the past worked to secure the ability to perpetuate their type. The species resulting from this angelic/human fusion in the days of Noah was physically human with an indestructible angelic spirit. When the Flood inundated the earth these creatures drowned in the manner of humans but their eternal disembodied spirits lived on through the ages, seeking new human bodies to inhabit.

When YHVH chose Abram as the carrier of the seed, which would ultimately destroy Hasatan and his kingdom, a price was put upon the head of every royal generation after Abraham until the coming of Yahoshua as a baby. His mother Miriam relates the story of her conception, which also involves a heavenly being. In her case, the angel was from YHVH and she was impregnated with His pure Word, to produce a human who did not carry the sin of Adam.

Proof that the Word of Scripture was the seed resulting in Yahoshua is given in John 1:1-14:

*In the beginning was the Word, and the Word was with Elohim, and the Word was Elohim.
... And the Word became flesh and tabernacled among us.*

Scripture is otherwise defined as the 'Tree of Life'. (Proverbs 3:18) Therefore Yahoshua was and is literally the Tree of Life from the Garden of Eden transformed in a human body. Conversely, it may

be that the corresponding satanic seed used to corrupt the DNA of mankind was from the 'Tree of the Knowledge of Good and Evil' – everything that stands in opposition to YHVH.

The generations since Noah have been spared the machinations of the fallen angels who tried to reproduce themselves, since these are currently entombed in the Abyss. However, they will not stay there for very much longer and, when the Abyss is opened after the antimessiah has gained control of the world of men, they will again be permitted to tamper with mankind – excepting those who bear the mark of YHVH and who will be protected as Noah was. The criteria which set Noah apart from other men was that he was judged to be righteous. Similarly Lot was spared the judgment which fell on Sodom because he too was adjudged righteous. When the fallen angels are released from the Abyss at the time of the end, terror and torment will be greater than anything ever experienced by mankind. YHVH will shorten the days to preserve His remnant. (Mark 13:19-20)

Therefore, those who wish to be spared the full satanic effect from the releasing of the fallen angels from the Abyss should focus on righteousness as their sole means of protection. In those days there will be no time to debate dispensationalism, that anti-Semitic Christian scourge, or the oral torah of Judaism – neither of these doctrines will safeguard a person from the tribulation on the earth, nor secure his name in the Book of Life.

Safety is only to be found for those who have the testimony of the Lamb and who keep His (Father's) commandments. These are saved in the grace of Yahoshua; they will keep the Sabbath, know the Name of YHVH and observe the instructions in the written Torah of Moses. (1 John 2:3-7, 22-23; 3:22-24; 4:2-3; 5:3, 10-12; 2 John 5-6; Revelation 1:9; 6:9; 12:17; 20:4)

Additionally these righteous ones will bring their children safely through to Zion. (Ezekiel 14:22)

The Elohim of Abraham is a Covenant keeping deity. What He promised to Abraham, and confirmed in Isaac and Jacob, He will bring to fruition. This is decreed in the Word and emblazoned in the Heavens giving two stout witnesses of authenticity. Those who want to be numbered under the Covenant should do no less than Abraham, for whom it is named. He obeyed YHVH even when human wisdom might have suggested otherwise. His faithful obedience was credited to him as righteousness. (Romans 4:3)

As the time draws near for the final events to unfold in the narrative of man, those who are wise will choose righteousness through obedience, as their protective shield and identity. In this way alone will they be set apart from the world – in the world but not of it. (John 15:19)

But as for you, continue in what you have learned and firmly believed, knowing from whom you learned it, and how from childhood you have known the set-apart Scriptures that are able to instruct you for salvation through faith in Messiah Yahoshua. All Scripture is inspired by Elohim and is useful for teaching, for reproof, for correction, and for training in righteousness, so that everyone who belongs to Elohim may be proficient, equipped for every good work. (2 Timothy 3:14-17)

Order and timing of historical events

The Torah chronicle of Israel's journey into Egypt and their Exodus out of Egypt are a template for the end-times. (1 Corinthians 10:6, 11)

1356 BCE	Year 1/8	1 st Jubilee year	
4 BCE	Year 3	Birth of Yahoshua	
30 CE	Year 1	Death of Yahoshua at Passover?	

* The significance of Year 3 relates to the requirement for an unclean person to be cleansed with water on the 3rd day and the 7th day. (Numbers 19)

In 1656 BCE, a 3rd year of the cycle, Israel's sons were cleansed from their participation in the 'death' of Joseph by forgiveness from Joseph himself.

In 1652 BCE, a 7th year, Israel was set apart to Joseph who is a 'type' of Messiah Yahoshua.

In 1446 BCE, a 3rd year, Israel was cleansed in the Red Sea and set apart at Mount Horeb.

In 1407 BCE, a 7th year, Israel was set apart to YHVH for life in the land promised to Abram.

At the time of the end the nation of Zion will be cleansed in a 3rd year and a 7th year to fulfil the requirement of Torah for an unclean person.

April 2024	Year 7	Sabbath 7 th day cleansing
April 2025	Year 8/1	Year of 70th Jubilee since Entry to Canaan in 1406 BCE Year of blessing (Daniel 12:12)

The start date of 2011 CE as a Year 1 is derived from calculating successive sabbatical sets of seven years from the entry year of Israel into Canaan in 1406 BCE, also a Year 1. This may conflict with other estimates but whichever calculation is used, the Torah template requires Israel/Zion to:

1. Move to a place of provision and safety in a 3rd year as Jacob's family moved to Goshen in a 3rd year.
2. Be set apart from the world by the 5th year of the 7 year treaty as it was in Goshen for Jacob's family during the 7 year famine.
3. Leave Babylon in a 3rd year as Israel left Egypt in a 3rd year.
4. Be tested and purged of any rebellious people in order to enter the land of Zion in a 7th year as Israel was tested and purged outside Canaan in a 7th year.
5. Enter the land of Zion in a 1st year as Israel entered Canaan in a 1st year.

Key to the end time scenario

- (a) Egyptian money, livestock, land and freedom was owned by Pharaoh by the 4th year of the famine. The Egyptians became slaves but the Israelites remained free under Joseph.
- (b) The antimessiah will require worship of his image on Temple Mount. The image will be set up at Easter (which will coincide with Passover) for antimessiah will worship a god of forces. (Daniel 11:38; Revelation 13:14-16)
- (c) The parable of the Ten Virgins waiting for Messiah, identifies five wise virgins who have oil in their lamps and five foolish virgins who do not. The oil is Torah. The five wise virgins are admitted or sealed while the five foolish virgins cannot be sealed because they do not have Torah in their lamps/lives. (Psalm 119:105; Proverbs 6:23; Matthew 5:14, 25:1-13)
- (d) The righteous wise virgins (those who keep YHVH's commandments and who have the testimony of the Lamb) will begin to be sealed for protection from antimessiah for 49 days from the Day of Firstfruits until Shavuot. (Revelation 7:1-3)
- (e) When the unwise virgins (those who either have salvation or keep YHVH's commandments) realise that they need to have both credentials to be sealed and protected, it will be too late. They will have to endure the tribulation of the nations – some will survive, some will be killed and some will deny Messiah Yahoshua and be lost to the Kingdom. Those who remain faithful even to death will be raised in the first resurrection. (Revelation 2:9-11, 3:10, 6:9-11, 12:11, 17, 14:13, 20:4)
- (f) This phrase has traditionally been interpreted as 1260 days but the context suggests that 'time' is here reckoned as 40 weeks – the gestation time for a human birth and 40 being the number associated with protection in the wilderness.
- (g) If a person is unclean from touching a dead body on the 14th day of the 1st month when he should keep Passover, he may keep it in the following month. All Israel will be involved in marking and burying the bones of the dead from the Gog/Magog battle. The nation of Zion will keep this festival one month later. (Numbers 9:10-11)

Scripture Witnesses to the Abrahamic Covenant

Psalm 25:14

The secret of YHWH is with them that fear Him; and He will show them His covenant.

Psalm 105:6-11

*O offspring of Abraham, his servant, children of Jacob, his chosen ones!
He is YHWH our Elohim; his judgments are in all the earth.
He remembers his covenant forever, the word that he commanded for a thousand generations,
The covenant that he made with Abraham, his sworn promise to Isaac,
Which he confirmed to Jacob as a statute, to Israel as an everlasting covenant,
Saying, "To you I will give the land of Canaan as your portion for an inheritance."*

Psalm 111:5-10

*He provides food for those who fear him; he remembers his covenant forever.
He has shown his people the power of his works, in giving them the inheritance of the nations. ...
He sent redemption to his people; he has commanded his covenant forever. Holy and awesome is his name.
The fear of YHWH is the beginning of wisdom; all those who practice it have a good understanding.
His praise endures forever.*

Zechariah 9:9-12

*Rejoice greatly O daughter of Zion! Shout aloud O daughter of Jerusalem!
Behold your king is coming to you; righteousness and having salvation is He,
Humble and mounted on a donkey, on a colt, the foal of a donkey.
I will cut off the chariot from Ephraim and the war horse from Jerusalem;
And the battle bow shall be cut off, and He shall speak peace to the nations;
His rule shall be from sea to sea, and from the river to the ends of the earth.
As for you also, because of the blood of my covenant with you,
I will set your prisoners free from the waterless pit.
Return to your stronghold O prisoners of hope; today I declare that I restore to you double.*

Malachi 4:5

*Remember the law of my servant Moses, the statutes and rules that I commanded him at Horeb for all Israel."
Behold I will send you Elijah the prophet before the great and awesome day of YHWH comes.
And he will turn the heart of the fathers to the sons, and the heart of the sons to their fathers,
Lest I come and strike the land with a decree of utter destruction."*

Luke 1:67-75

*And his father Zechariah was filled with the Set-apart Spirit and prophesied, saying:
"Blessed be YHWH Elohim of Israel; for He has visited and redeemed His people
And has raised up a horn of salvation for us in the house of His servant David,*

*As He spoke by the mouth of his Set-apart prophets from of old,
That we should be saved from our enemies and from the hand of all who hate us;
To show the mercy promised to our fathers and to remember His Set-apart Covenant,
The oath that He swore to our father Abraham, to grant us that we, being delivered from the hand of our enemies,
Might serve Him without fear, in Set-apartness and righteousness before Him all our days."*

Galatians 3:13-14

*Messiah redeemed us from the curse of the law by becoming a curse for us ...
So that in Messiah Yahoshua the blessing of Abraham might come to the Gentiles,
So that we might receive the promised Spirit through faith.*

Ephesians 2:12

*Remember that you Gentiles were at that time separated from Messiah,
Alienated from the Commonwealth of Israel and strangers to the covenants of promise,
Having no hope and without Elohim in the world. But now in Messiah Yahoshua
You who once were far off have been brought near by the blood of Messiah. ...
So then you are no longer strangers and aliens, but you are fellow citizens with the saints
And members of the household of Elohim, built on the foundation of the Apostles and Prophets,
Messiah Yahoshua Himself being the cornerstone.*

Hebrews 13:20

*Now may the Elohim of peace who brought again from the dead our Messiah Yahshua,
The great shepherd of the sheep, by the blood of the eternal covenant, equip you with everything good
That you may do His will, working in us that which is pleasing in His sight,
Through Messiah Yahoshua, to whom be glory forever and ever. Amen.*
