Hoping to See you Soon!

F.C.P.J.

Florida Coalition for Peace and Justice

Founded in 1982 by Peace Activists.

In 1994, the activist family of Julia & Al Geiger donated land to provide space for meetings, retreats, workshops, youth camps and educational activities. In these unpredictable times, peace and justice workers may find this rural location perfect for small gatherings to dream & plan our next big steps. We welcome a conversation about what is possible. We are here for you.

RESIDENCES: ECO #1 & ECO #2

Built in 2010, these lovely eco-friendly residences provide income as well as housing our Facilities Manager, family and staff.

Hope Community camp event!

Peace Education Center - A large interior space w/kitchen, two large bathrooms, fireplace & WiFi. With the outside wrap around covered porch, the PEC is ideal for small gatherings and retreats.

MAINTENANCE

In 2021, Bryan acquired this portable saw mill! The ability to turn donated felled trees into useful lumber is fundamental to our restoration plans for the Civil War Era (Cracker) farmhouse as well as many useful projects.

OUTDOOR SOLAR SHOWERS

Mural painted by Ania Amador & Rutz in 2021 during our May 1 Event, these showers will be fitted with a new and efficient solar water heating system utilizing our Florida sun and keeping true to our focus on ecological sustainability.

CIVIL WAR ERA HOUSE

An authentic glimpse into Old Florida, this home on the property built from heart pine & pecan boards, awaits restoration. A future B&B, a space for special events and a place to commune with our past, JOIN our efforts to restore this lovely home.
