

## Simcoe-Grey Candidate Profile

Richard Sommer, BA, MEd

Richard Sommer is a home-grown Canadian, originally from the Hamilton-Wentworth area. He and his wife started their little family in Niagara where he was a young teacher/school administrator. From there, they grew their family to five "bio kids", plus three adopted ones. They served overseas in international schools from 2002 to 2009 and again from Jan 2015 to Dec 2017. They currently have three married children with another two in post-secondary, and the youngest three are in elementary school. Richard is the Principal of a local school, through he has taken an unpaid Leave of Absence to run as a candidate. They also operate a fledgling business called LifeStamp. He says, "Running for the PPC in this election is part of what we sing in our National Anthem: We stand on guard for thee."

He sees the issues of free-speech, smaller and accountable government, equality and respect as important issues in this election. As a son of immigrant parents himself, he wishes we could help all immigrants, but at some level we have to protect our well-being as Canadians too. He likens that to their family where they would have loved to adopt more children in need, but there comes a point where the burden becomes so great that you begin to compromise your core.

Further to that, he wishes to see increased east-west trade in Canada, less foreign aid payouts until we are not needing that ourselves, good stewardship of the environment, but no panic reactions (increased taxes) about the changes in climate since they are not proven to be anthropogenic (caused by humans).

For our full platform see [www.SimcoeGreyPPC.com](http://www.SimcoeGreyPPC.com). People are preferring PPC because we support and promote the founding values of Canada while also aggressively pursuing what will be good for ALL Canadians, such as balancing the budget in 2 years.
