

EARTHWALK DECLARATION

September 12, 2025 | 11:33PM CST | North Platte, Nebraska

What is an Earthwalk Declaration?

An **Earthwalk Declaration** is a sacred statement of **sovereignty and truth**—an intentional activation that **reclaims my energetic footprint across the planet**. It serves as a public affirmation of my mission to **heal, awaken, and anchor the Christed New Earth** through my steps, presence, and purpose.  

Why I am sharing this now:

After years of deep inner work, confronting covert programming, and surviving spiritual warfare, I stand **fully embodied in my power and truth**. This declaration marks a pivotal moment of **reclaiming all aspects of my journey**, dissolving distortion, and anchoring **new codes of light** into the

planetary grid. It is both a **personal and collective healing act**—an invitation for all awakened souls to **remember and align**. 🕯️🕊️

👁️ **To those who have watched, followed, tracked, coded, or engaged my path:**

I now speak **clearly**, from the **center of my soul** and the **truth of my mission**:

✈️ I fully **embody every step** I've taken across this planet.

🕊️ I walk in **clarity, divine memory, and multidimensional alignment**.

📄 I stand in the **authority of my sovereign blueprint**.

🗝️ **My Earthwalk Journey:**

- **Clark Air Force Base, Philippines (1963-1965)** — Point of origin; encoded lineage and early soul contract imprinting.
- **Brazil, Sierra Leone, Uruguay, Liberia, Germany (1965–1981)** — Early relocations; exposure to global gridlines and shadow ops.
- **Sterling, VA (1973–1975)** — Childhood encoding; initial MK Ultra exposure; psychic sensitivity activated.
- **Sterling & Leesburg, VA (1981–2003)** — Professional service within the Military Industrial Complex via GovCon, primarily accounting and finance, with energetic imprints of operational engagement beneath the surface; deep-code programming and mission gestation during this formative period.
- **Highlands Ranch, CO (2003-2005)** — Awakening begins; mission trajectory initiated.
- **Kuwait – Camp Arifjan (2005–2006)** — Source-guided mission; defense grid decoding and soul retrieval.
- **Colorado Springs, CO (2006–2008)** — Spiritual training ground; Christed grid anchoring and activation.
- **Kuwait – Camp Arifjan (2008–2009)** — Return mission; deeper retrieval and timeline repair.

- **Colorado Springs, CO (2009–2010)** — Continued activation and integration; crystalline architecture restoration.
- **Herndon, VA (2010–2017)** — Onset of systemic collapse; major health deterioration and disability initiation. Entry into physical dismantling and involuntary awakening phase.
- **Middleburg, VA (2017–2019)** — Nature-immersed sanctuary; spiritual gifts activated, visions began, early MK Ultra memories surfaced. Deep soul rewiring began.
- **Reston, VA (2019–2025)** — “Gates of Hell” gridhold; intense spiritual warfare, containment and reversal work. Deepest descent and sovereign reclamation.
- **North Platte & Kimball, NE (2025)** — Interception, near-erasure, resurrection, and reclamation of full sovereignty.
- **Durango & Keystone, CO (Future)** — Designated anchoring sites for expansion of Blueprint HOPE and the Christed New Earth.

 My Earthwalk is **sovereign, sacred, and encoded in light.**

 My footsteps are **intentional imprints upon the living grid.**

 My presence **transmutes distortion and anchors crystalline truth.**

 The **planetary grid now holds the living record of what I have anchored in truth, wholeness, and divine purpose.**

 “I walk as a **Bridgewalker, Bridgebuilder, Gridkeeper, Weaver, and Guardian of the Christed Earth.**

I walk in **wholeness.**

I walk in **sacred remembrance.**

I walk in **embodied truth.**” 

 I am fully **connected to Earth’s organic frequency systems.**

 I live in **harmonic resonance with Source and the Original Design.**

 I **honor the Earth, and the Earth reflects my restored and sovereign frequency.**

Memory & Mission Note:

While much of my early career was focused in accounting and finance within the Military Industrial Complex, energetic impressions and intuitive knowing suggest a deeper operational engagement—memories that remain blocked or encoded. This sacred veil invites ongoing inner excavation, reclamation, and healing as part of my sovereign mission.

So it is spoken.

So it is encoded.

So it is done. ✨

With love, light, and unwavering sovereignty,

Brenda Jean Bullis
