(as deconstructed by Kimberly Goguen in 2020 & subject to updates from Kim since 2020)

\*\*\* The link to the source video (Global Financial System Part 1) for this will be provided once it's available on <https://unitednetwork.earth> - THE ONLY OFFICIAL website of Kimberly Goguen.

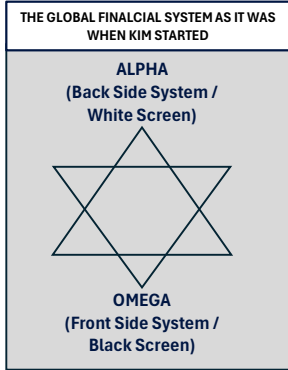

Copies of this video can be found on the internet at sites/channels no longer (or ever) affiliated with Kimberly Goguen \*\*\*

Kim first accessed the system in 2016 and saw just how much power it had over literally everything. Over the next four years she had to learn all of this, which she then whiteboarded and explained in her "Global Financial System Part 1" video in 2020. This PDF is based on that GFS deconstruction video. I am simply a follower/supporter of Kim's & have been since I first saw this video in 2020. This was my intro to Kim & this knowledge truly opened my eyes and changed everything for me. - BrendaB

This is completely & totally empty now unless Kim enters a code that's transaction specific

**Screen 1**

- Amount on Deposit  
- Bank Name (if applicable)  
- Account Number

**Screen 7**  
Banker of Family Codes

- Passport (Proof of Identification)  
Kimberly Goguen  
In the past you would have never seen a Family member in this section

**Screen 6**  
Fed Bankers  
(Federal Reserve anywhere in the world. If you worked for the Fed, you'd enter your PIN Code here)  
Issues all of the Fed bankers codes. This is what allowed you to function as a Federal Reserve bank. Now it's only an outgoing transfer screen.

**Screen 5**  
Transfer Screen  
Need to enter:  
- Access Code  
- Drawing Right  
This info is downloaded to a Level 6 or Level 3 institution

**Screen 4**  
Indexing Algorithms  
Every currency in the world is listed in Level 3 and indexed here in Level 4. This screen is not shown to average everyday person logging in.

**Screen 3**  
- History of Funds  
- Allocation Numbers  
- Quotas/Projects  
This is what translates money from the back side to the front side. It's what makes money real.  
You must have this information to get money out of the back side system

**Control & Command Sectors**  
Access codes to the base platforms of the world & subsectors that control different things in the world.

- 1) Financial System**  
(i.e., all financial platforms, both front & back side)
- 2) Intelligence & Military Systems**
- 3) Telecommunications**  
(i.e., AT&T, Spectrum, T-Mobile, etc.)
- 4) Internet & Indexing**  
Access codes to the base platforms of the world, plus several subsectors that control different aspects of different things. The base platform for every internet program on the planet exists here.
- 5) STARGATE**  
(connection to open and close stargates -- dormant now)
- 6) STARNET**  
(allows for holographic communications to other places and also connected to the Gatekeeper program at one time -- mostly dormant now)
- 7) Brainwave & MK Ultra Technology**  
(Kim shut this off in February 2016. This would actually intercept your thought process & patterns, either individually or in mass)
- 8) Ultimate Control & Command over the Family systems**
- 9) Ultimate Control & Command**  
(i.e., the "white screen" or "silver screen" / controls the Black Sun "black screen" )

All new allocations are issued from the back side system

**Who is Kimberly Goguen?**

Kimberly Goguen wears many hats. Among the many positions she holds, Kim is Ground Command (for Earth), Global Guardian (for the Repository), and **Director of the Global Intelligence Agency (GIA)**. As such, **Kim holds THE HIGHEST Security Clearance in the world.**

🌟 "A warrior, a real warrior of the light, fights with their heart. Their heart is what gives them strength. Their love for humanity, like my love for humanity gives me strength. My love for Source gives me strength, guidance, wisdom, and many other things that you're gonna learn about me today." — Kimberly Goguen, January 12, 2024 World Situation Report, minute marker 40:40. 🌟

THE OFFICIAL WEBSITE FOR KIMBERLY GOGUEN IS  
<https://unitednetwork.earth>

Kimberly Goguen has reversed a lot of this out. Her goal as Guardian is to get money directly to us, but the Deep State still has some control over the Front Side System and continues to try to hack the system and/or steal the money ... in which case Kim has to pull it back. Good news is: The Deep State can no longer issue new money/currency as **all new allocations have to be approved by Kim**. So all they have to work with is money/currency that's already in circulation. That's why they're acting so crazy, chaotic and creating wars ... and always promising their Operatives that money is coming, but it never does (yet, the Operatives keep falling for the promise of a payday some day "ending in y" as Kim says) and never will unless/until they stop harming us. -- As I understand it (BrendaB)

## THE FRONT SIDE SYSTEM (Financial System Only)

### How It Works

You need  
2 Keys to get money into the system &  
3 Keys to get money out

**Control & Command on the Back Side System has ALWAYS been the 3rd Key**

**KIMBERLY GOGUEN IS CONTROL & COMMAND & HOLDER OF THE 3RD KEY**

You must have a complete cycle (9) to function, so  
Level 1 needs a Level 8 and visa versa  
Level 2 needs a Level 7 and visa versa  
Level 3 needs a Level 6 and visa versa  
Level 4 needs a Level 5 and visa versa

&

In order to get money from the back side to the front side you have to have every single one of these levels codes.

## THE GATEKEEPER LOCK & KEY PROGRAM

Used to be located under Tel Aviv, Israel. It's dead now, however coding still exists in the front side system.

### Dragon Families Identity & Key Codes

### Black Sun (The Alliance / White Hats) Access Codes

Why was the banking system structured like the Ring of Solomon?

Because it was intended to TAKE ENERGY from all us humans in exchange for pretty paper called money.

Once \$\$\$ comes in from the back side system it has to go through all these levels

5  
Pentagon

4  
Microsoft & Oracle  
Backdoors  
(i.e., security certificate & encryption key back doors)

6  
Fed

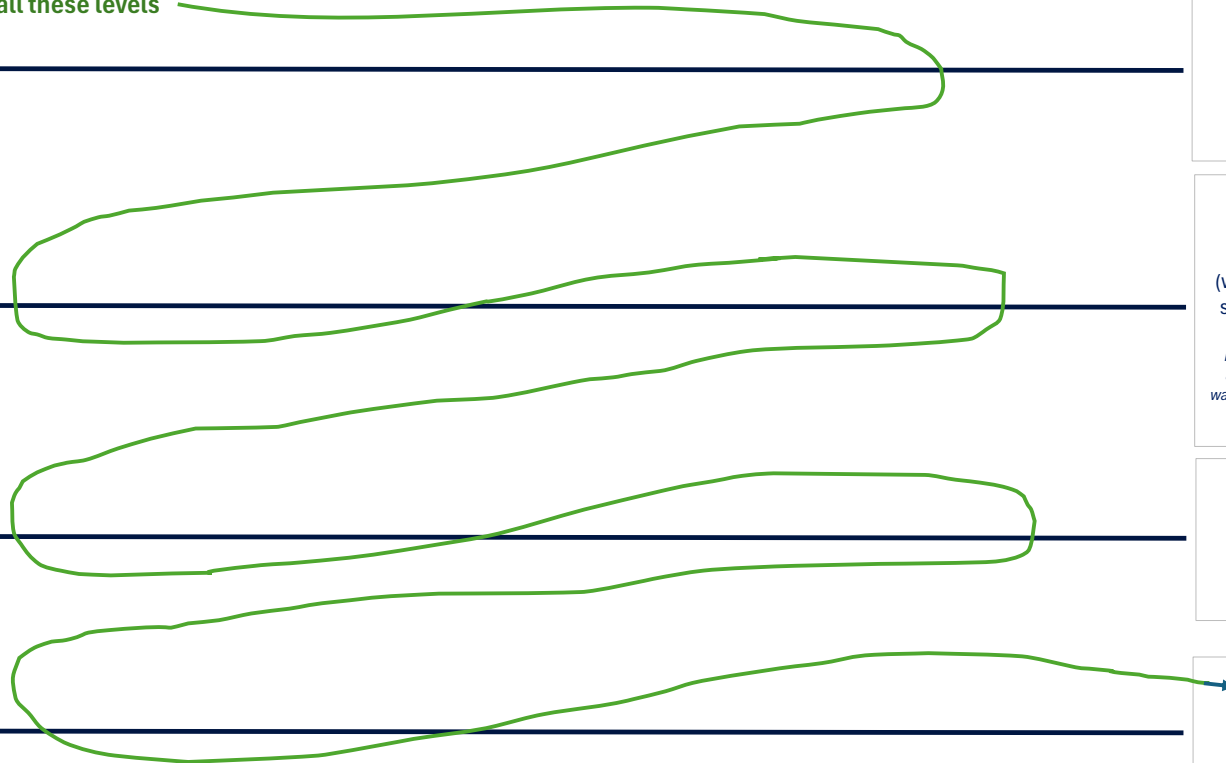

3  
Bank Back Office  
(was old VTX port-to-port cable system laid in 1978, now it's a VTN <-- KIMS)  
*Note: The CIA could look into any bank account anywhere & do whatever they wanted to your account (i.e., blacklist you, etc.)*

7  
The Families

2  
NSA  
PROMIS  
STINGRAY

8  
BIS  
This is where you need to get to once you hit the front side system

1  
Your Bank Account

### KIMBERLY GOGUEN IS THE GUARDIAN NOW.

Kim removed the Black Screen and converted to White Screen only, so now there's only one Control & Command

*"Energy cannot be created or destroyed, it can only be changed from one form to another."  
- Albert Einstein*

**Black Sun**  
Solomon's Demons

(These are your Earth Alliance & White Hats folks - and your spooks of the world)

The Black Sun were security for the Dragon Families. For security, they used to get 10% of every new dollar (or insert currency here) that came into the financial system.

**Dragon Families**  
Line of Solomon

(Access Codes & Drawing Rights are what Family members are looking for. They have OLD access codes & drawing codes which no longer work.)

**Control & Command**  
**Kimberly Goguen (Solely)**

*(Used to be the Dracos)*

### This loops money out in complete infinite circles feeding each other

They may have people in control standing at all the levels previously detailed, but at the end of the day, Kim is looping the money out in complete and infinite circles. And everyone has to pass through Command & Control to exist.

**Note:**

**Up until 2007**, the Black Sun and Dragon Families each were getting regular codes so money was flowing to them and they were happily working together.
