I think I need to go back and watch the interview that was on Galactic Talk. I remember back during the Raindrop Dr Winston disclosure, Kim mentioned ACIO and said they were not made aware of the true situation until the last minute but then they were helping. At first they were hurting the Rescue. Do you remember JP? SM 12:02 PM</p>

<p>feel all over the place at the moment. In The Netherlands, strong feelings are emerging of taking back our own power, due to the harsh and rigid attitude of our Cabal rulers who want to 'talk' (i.e. persuade) but refuse to listen to our farmers, of whom four have hung themselves in the past few days because they do not see a way out of this mess. There's really a gathering of momentum and the emotional 🧨 is just about to hit the fan. As someone very clearly put it: farmers are feeling what the consequences are and will be of this devastating Cabal agenda (taking our lands and houses, to manage and control our food supplies) while most city-zens are still quite unaware of it. I can see the amount of people who are buying their goods locally directly from farmers increase by the minute, and there is a collective call going around in the activist groups to skip the supermarkets, meaning: the large Cabal corporations. So creativity is gaining momentum but so are the sensations of lethargy. Are we being targeted with energy weapons??</p> <p>H 19 🔥 11 👍 3 ❤️ 1:31 AM</p>

<p>Danielle Ciccarelli Reply Linda Ferreira-Quinto What do people in general think about the ketogenic lifestyle? G... Ketosis is a great process to lose weight in the short term but it is extremely harmful in the long term. It's meant to help humans survive during famines and scarce food supply. Intermittent fasting causing ketosis is very helpful. But it is limited in the amount of hours a day that you produce ketones. It takes several hours for your body to produce ketones from your last meal. So you have a few hours in ketosis with intermittent fasting. Most ketotic diets require you to eat high fats and high protein primarily animal protein content. This is an extremely unhealthy diet. The healthiest diet is plant-based. It is OK to eat animal proteins however just realize that societies that are more advanced than us across the galaxy eventually move to a plant-based vegan diet and eventually get to a point where they do not require eating at all. If they do eat meat, it is under the condition that the animal has agreed to allow them to eat him or her. DC ❤️ ADJC 7:47 PM</p>	7-Jul-2022	https://t.me/c/1688716656/165489

 <p>Kimberly admin</p> <p>Jaab When Kim said that she takes Perfect Aminos I start taking them ...</p> <p>Alright!! Depends on what you are looking to do. For starters, Women need around 50 grams of protein per day just to function properly, men around 80. To build and/or maintain muscle you need around 1 gram per day per pound of lean body mass. To build, double it. I personally don't do any salt when I cook because their is salt in everything already, but I use a lot of spices. Za'tar and Curry being two of my favs! Really depends on what your goals are!! I do a lot of protein shakes, OrGain is my current favorite, it is vegan and tastes pretty good..I have tons of recipes for healthy eating..</p> <p>👍 50 🙌 12 🔥 2 🍷 2</p> <p>9:15 PM</p>	7-Jul-2022	https://t.me/c/1688716656/165585
 <p>Kimberly admin</p> <p>Here is one tip for all of you: IF you have trouble eating Tomato Sauce, or any food that gives you heartburn (even coffee), sprinkle a little bit of baking soda into the dish, it won't cause heartburn anymore! If you do have acid stomach or heartburn, about 1/8th a tsp of baking soda in 4oz of warm water, mix well and drink.. All natural heartburn treatment!!</p> <p>👍 96 🙌 24 🍷 10 🔥 4 🍷 1</p> <p>64 9:17 PM</p>	7-Jul-2022	https://t.me/c/1688716656/165589

You have Apple Carmel Flavored Icecream!! Or Fzn Bananas with cocoa powder...chocolate icecream!! Both Bananas and Apples are "Liver Food" and help your liver function properly!</p> <p>👍 83 🙌 27 🍷 7 😊 3 😊 1</p> <p>7 9:21 PM</p>	7-Jul-2022	https://t.me/c/1688716656/165591

One of the sisters got diagnosed with cancer and getting radiation therapy. She lives in Dhaka, Bangladesh. I want to say the EMF radiation is very high in the city and that may have caused her cancer along with thyroid issues. But I could be wrong. I am no doctor but I don't trust them either lol. Our everyday diet in that part of the world consists of turmeric, chili pepper, gingers, all sorts of spices and herbs. They shouldn't be getting cancers :(Thank you Kim for all that you do ❤️</p> <p>👍 4 🍌 1 5:23 PM</p>

 <p>CK Bond Reply From the most recent UNN report. Our RNA Ribonucleic Acid wasn't ours, originally. It was GNA. "Glyco-nucleic Acid?" Our GNA was co-opted and replaced with RNA, which act as "chromosome interaction blockers." GNA helped us communicate, telepathically and even with animals. The RNA blocks our natural abilities to communicate. Pisses me off immensely. Furious. Enraged. Utterly indignant. Makes me really mad.  <p>Kimberly Reply Cynthia Kim do you have a cook book or a list of foods you eat?? I soon ... Things like that recipe are on "treat or cheat" days.. I make a lot of baked goods (cooking with music helps me relax) which I pawn off on my daughter and her friends lol. As for me, mostly vegan protein shakes, veggies (beets often), rice, rice or chia seed noodles, potatoes, gluten free oatmeal, buckwheat and chicken. I don't eat pork, rarely cheese or dairy (I like Califa Farms Almond Milk) and once maybe a year do I eat lean red meat. I eat gluten free except for sprouted bread. I take NAC (have for 20 years), Dr. Group's Intramax, Vitamin B complex, EmergenC 2x a day and Aminos daily.. and I avoid most all salt. I never eat anything with corn syrup in it, nor canola oil. One of my favorite "fries" is to cut potatoes, sweet potatoes and beets into fry size slices and roast in the oven with Rosemary, Thyme, Pepper and a light spray of olive oil. 51 25 4 8:16 PM</p>

 <p>Natasha G Reply When Kim was working with Thomas there was a recording with "Others" where Kim and Ava (looong time ago) were asking questions and translating the responses. It was fascinating! There was another woman that sounded just like Magen Martinez. Was that her, anyone know? 4 25 7:07 PM</p>	11-Jul-2022	https://t.me/c/1688716656/170371
 <p>Kimberly Reply Natasha G When Kim was workin... Yep it was. 9 1 9:19 PM</p>		
 <p>Verena Reply Dear Kim, I have a few questions. I am using a translator for this. I hope you understand my questions. It is getting hotter and hotter in the world. How long do you think the "witch's cauldron" will keep boiling? 2. people are looking for solutions to get out of the system. For example, based on the "United Nations Declaration on the Rights of Indigenous Peoples, UNDRIP 61/295" Everything described here I see in LifeForce's vision. But it seems to me that leaving the system is faster than the change that comes through LifeForce? 3. We are creating solidarity farms here (Germany). But if the farmers are harassed, it will be really hard for everyone. Again, the question is whether exiting the system will be helpful? 4. Our local network is strong, but the obligations in the system - for example, compulsory education in Germany - bring legal consequences if the school management is bad. Does not affect me personally, but many other parents in our network do. Not everyone has the strength to go against the system. Again, the question of leaving arises. Thank you for your answers and your work. 12 23 2:22 AM</p>	12-Jul-2022	https://t.me/c/1688716656/170713
 <p>Kimberly Reply Verena Dear Kim, I have a few questions. I am using a translator for this. ... It should start to correct itself, but could take months. This was due to the dark using the moon and mercury to change earth's trajectory pulling us closer to the sun bit by bit since 2009 but it really ramped up a couple of years ago. It has changed, and we should go back to where we belong soon. 62 30 7 4 2 7:02 AM</p>

 <p>Lynn Brown</p> <p>Hi Kimberly , a lot of people in NZ are stressing about this new legislation being brought in. Personally, I feel this will not happen, but want to know if you are aware of the situation;</p> <p>14 7:23 AM</p>		
 <p>A friend in NZ just received this email from her lawyer friend: July 2022</p> <p>They are coming for the children after the school holiday's and locking the schools down for 72 hours. Don't send your children to school and warn any friends, family if they do they will have no access to their children who under the cover of the Covid Emergency Health Response Act, they will not see their children for 72 hours. The schools are preparing for the lockdown. Inside intelligence will be sent to you within 24 hours of the lockdown. Both lockdowns have been predicted absolutely within 24 hours by inside intelligence of this Globalist Government Psychological Operation of both previous lockdowns. WARNING all parents DO NOT SEND your children to school under any circumstances whatsoever. Under the Act, Heath Officers have absolute control of your children at the schools in lockdown, including vaccination coercion without parental consent under the fear of an out break of the Monkey Pox pandemic - which has been planned and the vaccinations given to the children is another fear money, power experiment of the most invasive medical experiment ever in human history. The power under the Covid Emergency Health Response Act gives the Government full power to remove your children to any health facility of their choice for further experimentation. You have been warned as a parents to beware of the authorities and how little power you have after your children have been locked down. There will be a Military presence. The children have been prepared for this moment and will not be able to contact their parents. They have been groomed for further control over their lives and the parents no longer have any guardian rights at all under the Emergency Covid Health Response Act. I will send you this WARNING again within 24 HOURS of Lockdown. You have freewill to heed or ignore this WARNING. Love and Blessings</p>

 <p>Kimberly Reply No they didn't. What they DID do is destroy his "take over Africa" plan. He doesn't even live there anymore. Then this guy makes claims "Kim Said to do 'x'" and that is completely false. Just ANOTHER person whom makes claims using my name to get people to go down a rabbit hole. He also has some very "bias" stand points on certain cities or people I have noticed "all people who live in "that city" are bad and evil". You can't say that about any city anywhere in the world, especially since he lived there long ago, and there are good people everywhere, and some bad too. Bottom line, if you do not LIVE AND WORK in Africa, you can't participate in the restoration of africa. The only exception is if an African person decides to use technology, source raw materials not found locally, or a construction company etc. which comes from abroad. Lifeforce is about PERSONAL RESPONSIBILITY for each persons community.</p>	13-Jul-2022	https://t.me/c/1688716656/172094

It was not rapid, he had prostate cancer for some time, it came back when he was in office and refused any kind of treatment. About a year ago he was rushed to the hospital and they found out it was in his liver, lungs and prostate if I remember. Hence the "backwards pants moment" a few months back, he lost all control over his bladder/bowels.. it just progressed from there and there was nothing anyone could do at that point.</p> <p>15 1 1</p> <p>6:47 PM</p>	<p>13-Jul-2022</p>	<p>https://t.me/c/1688716656/172555</p>

Also, Lane Keller, a psychic, used to work with Kim but doesn't anymore either. I believe Kim did an interview with Lane's mom, Joyce (Also a psychic) at one point, where Kim introduced her as 'one of the best psychics in the world'. (Not her exact words but something along those lines) I heard Lane refuses to work with Kim anymore. Anyone know what that's about?? 12:40 AM</p>		
 <p>Kimberly admin Danielle Ciccarelli Why is the Viking not working with Kim anymore? Also, Lane Kell... The Viking was ALWAYS a member of the order of the Black Sun, he claimed he "left" but alas another lie from another black sun person trying to be my "handler". I'm watching an old lifeforce call that the Viking is on but I think it's important because Kim has her whiteboard out and is explaining the structure like she did in the disclosure video. I'm not trying to offend or anything and yes I'm discerning. Thanks for letting me know. I'm trying to get caught up on what's going on. I have no idea what happened with the Viking and tank.  <p>Kisha-Beth Salmon Reply</p> <p>Kimberly</p> <p>Only to see if I could make hemp into a water soluble form as it is...</p> <p>Love this idea, Kim!!!! In the transition to restoration document I wrote that Kelly dismissed, I included widespread growing of hemp as it is so good for the soul and water and health and stuff!!!! I have another idea.... Baobab coffee... when I lived in west Africa, ladies in the market made and sold a drink, baobab juice and they throw away the seeds. I took some, washed and dried them in the sun then roasted them, ground them and put them in my expression machine and the result was a delicious nutritious coffee type drink which I was very excited about.... My idea is to invest in health and safety measures for the pickers (people regularly die falling out of baobab trees) and in tree guardians so people are encouraged to respect the trees. It can easily be done.... All u need is to employ people to work at market with scales.... Pay people for the weight of what they bring and voila we have our seeds.... They can be processed in Africa too....So the people get decent income for their work...</p> <p>13 3 2 1 5:56 PM</p>	19-Jul-2022	https://t.me/c/1688716656/178685

The white jar looks okay but the brown jar may have some iffy ingredients. Looks like propylene glycol is in the brown one, and it has lanolin for those who may have allergies to sheep wool lol...the label ingredients are all written in Spanish, but here goes: Agua, aceite mineral, slicerna, alcohol detilico, acido estearico, trietanolamina, lanolina anhidra, colegeno hidrolizado, (propilen glicol, metilisotiazolinona e idopropinil butil carbomato), fragancia, tepezcohuite, (mimosa tenuiflora), acido citico, vitamina e y cetareath-20. Health Canada is very strict on listing all ingredients in all products made by large manufacturers and even for people who make personal skincare products like soap in their small businesses to sell at farmers markets. They are also super strict with jam makers etc...you have to have your home kitchen inspected. Just an Fyi, amazon .com did have a label on one of the jars but it was so blurry I couldn't read it. 4 likes, 5:03 PM</p>	20-Jul-2022	https://t.me/c/1688716656/179350

 <p>FelixJP After watching Kim's update today I have one question: The sun has been moved closer to the sun. As the earth, as a consequence, now moves faster around the sun, wouldn't that result in a shorter year, and and effect the relationship between the other planets. How can astrology deal with that? How does it effect us, apart from "turning into a (cooked) lobster" as Kim put it.</p> <p>4 38 9:23 PM</p>	21-Jul-2022	https://t.me/c/1688716656/180652
