 <p>Liva I don't understand the info about 365 days and added star systems. We didn't always have 365 days. Were planets added to our solar system? If yes, is that how they changed our DNA? 34 1:02 AM</p>	4-Jun-2022	https://t.me/c/1688716656/127370
 <p>Kimberly Reply Liva I don't understand the info about 365 days and added star systems... No "Spheres" were Stars owned by the Abraxas.. Our Loosh was being sent to each one and this is how we now have 365 days in a year. 1 day it goes to X star, next day Y star and so on. Abraxas were loosh farmers. 35 10 9 8 8:04 AM</p>		
 <p>Deleted message Thanks for the reply Graham, and what you tell is real. But like I said, I do a lot helping people and animals, and when I make a promise, I keep it and make it happen. I didn't ask to make a series on the pedo files or the truth about the history of earth. So, the only thing I refer to is, as you make a statement, turn it into action, no words but deeds. It's not my fault they don't do, what they said they would be doing. And again I hope I'm wrong about this and it all will come out, but somethings are just taking to long. I hope you and everyone else understand this now, I don't mean bad, I do all that I can in private. I'm not saying that Kim is a bad person, else I wouldn't be following her for 1,5 year now, just that somethings needs to be done, else she's going to loose credibility. Thanks again for your descent reply. May peace be with you. 7 7:50 AM</p>		
 <p>Jurgen Reply BA Taylor Question for you - did you really think a system that has been in ... Off all the things you claim, is no proof of or what so ever. Do I need proof for all of that? No. Can I aspect some? Probably yes. Am I waiting for the money? Not at all. I don't need Satan's dirty tricks. And I'm not attacking people, someone attacked me. I just told what has happened in the past and what is happening again. In the end there's no proof of any kind of believe, that's why it is a believe. But when all that I can is believing what someone is saying, than I can go on and believe Fauchi, or the governments or what so ever. If asking for just a little bit of hard evidence is to much to ask, than what are we doing here.bi thought that people here were looking for the truth. My mistake apparently . Again, I do not wish to harm someone, I'm trying to get the truth out. 2 8:06 AM</p>

 <p>Kimberly Reply</p> <p>Jurgen</p> <p>Thanks for the reply Graham, and what you tell is real. But like I s... I am human, and I am one person. Everything I report is everything I DO. I am not reporting what other people are doing with the exception of things I am observing. The PedoFiles was Lane's project whom has left, we have yet to find another person who will pick it up and run it, as I just don't have time to do it myself. The Real history series is coming, the first one I recorded was corrupted (the video was corrupted) so I will have to re-record. Depending on the state of the world and what I have to do today and tomorrow (zero days off and zero time to myself) I will try to re-record the first few episodes and a few more you and your consciousness to be released. Thank you for your patience!</p> <p>112 14 12 8 4 1 8:09 AM</p>	4-Jun-2022	https://t.me/c/1688716656/127373
 <p>Jurgen</p> <p>Off all the things you claim, is no proof of or what so ever. Do I n... You never knew all of these things existed in the first place did you? What exactly is "Proof".</p> <p>29 10 10 7 8:13 AM</p>	4-Jun-2022	https://t.me/c/1688716656/127374
 <p>Jurgen Reply</p> <p>Kimberly</p> <p>I am human, and I am one person. Everything I report is everythi... I'm sorry if I have offended you Kim, this is not my intention. Forgive me to find it all sometimes a little bit strange. We have been lied to so many times before, that some kind of proof is necessary to keep on going, I do like you, else I wouldn't be following you for 1,5 year now, but you should understand that it's hard to know what is true. And if these series are coming out, than great, you will have my patience. I just recommend to keep us posted a little bit more on things like this, so we know. Sunny or other people of your team can post this to. And your not alone, many people out here wish to help you, wherever they can. So thank you for your comment and all the hard work you're doing, again I really appreciate it and you. May peace be with you.</p> <p>11 5 2 8:18 AM</p>	4-Jun-2022	https://t.me/c/1688716656/127398
 <p>Kimberly Reply</p> <p>Jurgen</p> <p>I'm sorry if I have offended you Kim, this is not my intention. For... I am not offended. Lots of people ask me for proof, and I give information and it is up to you to connect the dots as some of it is available. Most of the time when people ask me for proof they don't even know what it is. I gave Chris Rice loads of proof when he was here, he just didn't understand it.</p> <p>38 24 7 8:26 AM</p>	4-Jun-2022	https://t.me/c/1688716656/127398

 <p>Source Covenant post 4th June to replace that old architecture?</p> <p>Glad I've watched all those science fiction shows since the 1960s..ha ha.</p> <p>So really all my core worries no longer today....hmmm.</p> <p>So the Federal Reserve 1913, Income Tax 1913, the bond markets, debt based economy, concepts of property ownership, the sinking of the Titanic, all based on the Abraxas model and 641 rules no longer exist?</p> <p>So any behaviours of my dead parents and grandfather's in any way shape or form influenced by the Abraxas no longer exist.</p> <p>My parents and grandparents must be very happy in spirit now, that's all I can say. How lovely.</p> <p>So if I rewatched Gone with The Wind or The Wizard of Oz this week, the Abraxas messaging has been replaced by Source and Source Covenant?</p> <p>So if the CIA was an Abraxas creation, by attaining US Marshals badges that tells you they don't exist because the Abraxas today never existed which is why they feel the need for the badges?</p> <p>MW 8 3 488 32 edited 8:58 PM</p>

 <p>Kimberly Reply</p> <p>UPDATE: Tax offices: around 18 hours globally. Fed Systems replaced, banks around 16 hours. Banks will be seen by personnel down to the teller level but a rebranding of the apps won't take place until later. Markets - Really up to them, but if it happens it won't start until the banks systems change. Money is disappearing from corps and people that received them for malevolent purposes or misappropriation. Military and Intelligence Coms are down</p>	16-Jun-2022	https://t.me/c/1688716656/137574

This can be done with frequencies, and targeting the emotional layer of matter. Every living thing has an optimal frequency for growth and comfort and an equal and opposite frequency for its demise or pain.. Like cancer for example, and of course there is a different frequency for each type as well. I don't know where you are in the world, and for certain types of cancer such as leukemia and lymphatic, blood cleansing does work as well. It depends on the person and if there are other issues going on at the same time that are feeding the cancer (such as candida overgrowths and insulin issues). Yes it is possible and has been done. The MRNA injected cancer patients are like playing rife whack a mole as things are there one day and gone the next..</p> <p>29 5 1 1 6:18 PM</p>	19-Jun-2022	https://t.me/c/1688716656/142013

Thank you 🙏 We're in Alberta...she (my cousin) believes it's a result from the jab shedding off others! It's metastatic melanoma and she's losing hope. She's forced to do as the doctors suggest as insurance hold the wallet. She has allowed a biofeedback practitioner work on her, who has deferred payment until LF Assurance comes out -bless her! I'm hoping seeing your reply will give her the encouragement to hold on and work on her knowing that she can beat this!! Thank you again!! 💖💖💖</p> <p>4 2 1 edited 6:36 PM</p>

We have a life force member that has a connection in Mexico that does blood cleaning.. If she is undergoing conventional treatment, the Folium helps clearing out radiation. I would love to send her/you some it may help as most types of skin cancer stem from radiation. I have seen it work, not saying it will work for her without seeing her chart.. but would be happy to send it. PM me if she is interested in trying it. If she can travel we can assist with the trip to Mexico as well.</p> <p>43 3 3 1 1 6:54 PM</p>	19-Jun-2022	https://t.me/c/1688716656/142070

<p>Kimberly Reply</p> <p>Not all of the Parents are alike and not all are completely against humans becoming free. That said, this is probably the best example of one who is vocal, opinionated and forward, who sums up well the general outlook of humans this group holds.</p> <p>What comes next will be up to us.</p> <p>Your writer does not feel the same as what you are about to read. Although he is not directly fighting them, if he ever needed inspiration to, this would be it.</p> <p>-----</p> <p>We do not hate you we are indifferent. Left to your own devices you act as if you wish to destroy this world for your own comfort and convenience. The happiest you ever appear is in a state of ignorant bliss so why shouldn't we continue. You had your chances and your perfect world when that wasn't enough we were created to lead you. And as the lion feeds on anything it can we do unto you. A few may act or feel differently but the focus remains on the majority not the few lonely villages questioning and dreaming.</p> <p>The energy you possess is squandered, neglected, abused. For a hundred years we have fed you your entertainment and you have devoured our offering supporting the lies your told ignoring the nuggets or people of truth. Not once giving us any indication you wish things to be any different. Speak up if you have something to say we are listening but we will not allow you to waste such a resource as yourselves. You can not be allowed to destroy the planet like your creators designed you to.</p> <p>So we will give you the escape you so desperately want we warn you ourselves and you swallow it like greedy little piglets expecting us to deliver you from your own evil and call it entertaining. You have given us no reason to feel any differently than we always have about you and that is why we are building this world for you.</p> <p>You will become cybernetic while we allow it after which time you will be fully inserted into a brand new world. "The Kingdom of Heaven" the bulk of you have been worshiping while we waited for our chance to take over you. You want a savior and we will save you from yourselves. We will enjoy the fruits of our labor while you sleep and dream as we create our own world for ourselves in which you are not suitable to exist. You are breathing dead and your time is ours. Billions of you and only a few are even reading this and that would still be true even if this was your nightly news station. A capable race would see beyond the swamp to find the fresh water.</p> <p>My very letter to this man called The Ruiner will be a representation of the fact that you all cannot see truth when it is in front of you and you will always choose the more comfortable free ride provided</p>	23-Jun-2022	https://t.me/c/1688716656/145829

 <p>They will tell us it is all just us. Nothing else. No one else. It's all people, who in times past, discovered the same things we discovered, and fell to tragedy. Tragedy "we" will avoid. All those in the past left and we will do differently.</p> <p>We will stay.</p> <p>Death of the west, rise of the east. No more needs to be said on this. Watch it happen. Most are begging for it. The grass is always greener...</p> <p>Replacing the natural with artificial. Artificial will then become virtual. Hoping to create a new hologram for the mind to live within. This is because the Parents started these plans many years ago now, granting them a head start. They don't need to do much but let things play out.  <p>Reply</p> <p>Kimberly</p> <p>Yes. We are like children. Ego seems to still rule the brain so much that the work we know needs to be done, is hampered by its effects. It appears to me that Sovereignty is still needing to be governed (somewhat) to kickstart us into our future. We have not yet found our ability as a whole to organize without ego, and get things done effectively. Just my thoughts.</p> <p>8:28 AM</p> <p>Kimberly admin</p> <p>These are quotes from someone else's blog. I am putting them on here because you need to know how your enemy thinks, how much work has been done to remove a lot of these people, and what a gift it is to all of humanity to find freedom, and all it has cost to get here.</p> <p>8:29 AM</p>	23-Jun-2022	https://t.me/c/1688716656/145862

 <p>Pierre Keller Reply Kimberly Pretty much everything we were told is a lie. That is why everyon... Wow, Kimberly thanks for sharing all these posts today. Some of us find it so very helpful when you do. I watched that interview with Shane months ago, doing my research on you, and this verifies everything I was thinking, including the kind of handling he was receiving. But, I struggle with understanding how we are ever to step up and do something meaningful, in terms of changing the world away from all that degenerate parent babble-nonsense, without a disclosure of revolutionary new technologies. These parents are just MK-ultra victims who have been smoking their own dope throughout the milleniums.. They can't imagine a real utopia any more than the sleeping masses can, and they would be NO DIFFERENT if they were born into the "ignorant bliss" that they speak off, rather than being tortured since birth. They are just angry at god and the creation, ultimately thanks to the Reptilians. Back to my point, I just don't see what I can do that is not obsolete or that is truly an alternative that people can get behind without having to live like cavemen. As you say: almost everything has to change and be replaced, rather than repaired. But if there is no tangible, mind-expanding, alternatives to point to...? Give me a free energy device (or something representing the same potential) and I will travel the world, on foot if I have to, trying to peddle it to anyone who wants to listen, but sadly I just can't go and build one myself. But with such a device at the foundation of our civilization, solving most of our problems would be relatively easy? Please tell me if and how I am wrong. 👍 16 🔥 5 ❤️ 2 8:54 AM</p>	23-Jun-2022	https://t.me/c/1688716656/145887

<p>wrong and such. He welcomes this. It could only hurt his feelings if he was incorrect.</p> <p>The Draco have lived on this planet before us.</p> <p>You may take a minute if you need..</p> <p>Albeit a much different planet than it is now, as much has occurred since then, The Draco were brought up on this planet. As is often the case they lived parallel to another race which was evolving at the same time and as is always the case, there were other races - at a different stage in their evolution - who were making a mess of this planet.</p> <p>As a result of that mess, the Draco felt the need to abandon ship. They received some help in removing several of their kind off of the planet, catching a lift on a moon which was orbiting nearby, at the time.</p> <p>From there, with some technology advice and help from an older race the Draco built up their own culture and civilization and quickly became able to travel to other planets on their own and with great and powerful technology. Eventually learning to exist without the assistance of the race that had assisted them.</p> <p>They waged wars. Established colonies. Began traveling far from their home to seek resources of various kinds.</p> <p>Quickly they became one of the most powerful races in their area of this galaxy. Expanding and taking what they wanted.</p> <p>After some time what they wanted was Earth.</p> <p>After some time what they wanted was Earth.</p> <p>At the time they arrived humans were in a highly traumatized state having witnessed a vast amount of destruction in their skies and on their planet. There were not many, but they were desperate for help.</p> <p>Humanity had an appointed a group formed long before this time, who had survived and were still the appointed leaders of humanity.</p> <p>When the Draco arrived they offered a deal. They would help humans, and humans would give them the planet. (Skipping some terms and conditions for now) That simple. No one laid claim to this planet besides humanity. This appointed group given the power of this claim, and in light of their weakness, gave their power and this planet away to another. The Draco.</p> <p>Perhaps this group and the humans of earth at the time did not understand what they were giving away. Mirrored in not understanding what we are giving away when we sign many contracts in society. The reality is that humans were faced with standing on their own, or being carried by another, and they made the easier choice.</p> <p>They were not, however, carried by another. They were forced to crawl. The choice was already made.</p> <p>Today we all live with this choice we would never make today.</p> <p>For a while the Draco gave us things we desired and a large civilization full of wonderful technology and comfort.</p>

Supposedly Lucifer is the one who is still on the cross, holding up the energy structure sacrificed by the draconians and this fact is reflected as the Jesus still on a cross, and church goes still saying "miserere nobis, mea culpa, mea culpa, mea culpa".  <p>Kimberly Reply DEAR US CITIZENS: https://nypost.com/2022/06/24/roe-v-wade-decision-how-us-cities-are-preparing-for-protests/ I am aware of this, they are EXPECTING you to PROTEST for the right to KILL. This is a "ritual" like mass protest/mass meditation tied to their "Pale Horse of the Apocalypse" Plan aka you would be "meditating for the right to murder". I am not saying I agree or disagree with abortion rights.. JUST NOT RIGHT NOW AND NOT RIGHT BEFORE THE NEW MOON. The Order earlier today was doing their part in the ritual using 5 year old little girls and some incantations. The little girls were "lab grown" in Belgium by the order for this purpose using their "purity" they thought they could bring in what they refer to as "the bride of Satan". This won't happen now, but we have no idea what other rituals they have planned for this weekend. So please SHARE this far and wide, and do NOT participate at least not until next week 3 days after the new moon.  <p>highway, I saw 2 winding roads stretch out from the mountain area. They look rather similar to the "curly tail" of the doodle.</p> <p>Back to the 4 "words" encompassing the 4 characters 天, 地, 人 and 和 mentioned by CS. It is worth noting that each of these "words" has a meaningful character at the bottom - 心, which generally means heart, and mind or consciousness in some cases. This character 心 is commonly used as a radical of Chinese words/ characters and placed at the bottom of those words that have some meaning related to heart, mind or consciousness.</p> <p>On the left of each of the 4 characters 天, 地, 人 and 和, there is a radical of " 丿 ", which generally implies pairing in a Chinese character. This radical is commonly placed at the left of a Chinese word/character that has some meaning related to actions in pair.</p> <p>On the top of each of these 4 "words" there are 4 similar radicals with different symbols. Position of these radicals may imply the meaning of weather/phenomena related to moisture or rain as portrayed by the Chinese character of rain, 雨. However, the core symbol of rain drops in the radicals had been replaced with different symbols by him:</p> <p>天 (sky) - 丷, which may indicate "peaks" or "up". 地 (earth) - ㇏, which may indicate "valleys" or "down". 人 (human) - 人, which may indicate "pairs" or "many humans". 和 - symbols of lightning (as shown by Johnson Zhang), which may indicate "lightnings" or "speed" or "electricity".</p> <p>👍 24 🧡 7 ❤️ 5 😊 3</p> <p>edited 6:52 AM</p>		
 <p>The 2nd diagram seems to have some codes as mentioned by CS. The word in the middle, 劍, means "sword" in traditional Chinese, but apparently the man has written it in a simplified form.</p> <p>三 means three 寸 means inch 尺 means foot 打開 means break open or open up (打 generally means hit or beat; 開 means open, this word is also written by the man in a simplified form of traditional Chinese)</p> <p>It is worth knowing that the length of "3 feet 3" (as explained by CS about "3尺3") in Chinese measurement is 3 feet plus 3 inches (which is very close to 1 metre) instead of 3.3 feet, while "1 inch 1" means 1.1 inches.</p> <p>👍 18 ❤️ 4 😊 2 🔥 1</p> <p>edited 6:53 AM</p>		
 <p>The 3rd diagram may seem a bit tricky. The 2 sentences on the left and right are all written in simplified Chinese. This may be a proof of his own words and drawing to describe something that he knows.</p> <p>木 wood 结 bearing 果 fruit(s)</p> <p>铁 iron 定 affirming 局 situation/round</p> <p>The phrase 结果 commonly means result. The phrase 定局 commonly means foregone conclusion.</p>

 <p>The tricky part is, a noun can also be an adjective in Chinese. For example, the second sentence may mean that it is the iron that concludes the situation, or a foregone conclusion is as firm as the iron.</p> <p>Thus, the first sentence may mean that it is the wood that bears the fruit(s), or a result is as slow-witted as a block of wood. However, in my humble opinion the latter seems more likely because he could have just used "tree 树" instead of "wood" if he meant the former. Furthermore, the word 木 in certain dialects of China can mean "no".</p> <p>My sincere apology for the long-winded messages. I try my best to share whatever I know within my limited knowledge as I assume the 3 diagrams are important to your work. Please use the information as you deem fit. Thanks a lot for what you are doing for us. 🙌😊</p> <p>❤️ 39 👍 10 🔥 1</p> <p>6:55 AM</p>		
 <p>Kimberly</p> <p>KL 🙌😊</p> <p>The information below was interpreted and derived merely base...</p> <p>Thank you for your interpretation!!! This makes sense here is why. China is another one of those places where downward (upside down pyramids) exist.. and 3 "holy" mountains or mountains to portals in heaven exist. For too long the dark has ruled china, but the return of the 3 holy mountains will come soon. This guy was old at the time, probably in his 70's so I am not sure he is still alive. It was a small little village on a mountain. Also there was a living water pool similar to the ones I found in other locations. Flowers, I believe lotus flowers were growing in the water and they made some kind of powder from the flowers</p> <p>❤️ 51 👍 12 🔥 3</p> <p>7:35 AM</p>	25-Jun-2022	https://t.me/c/1688716656/148467

 <p>Kimberly admin</p> <p>While I appreciate your opinions, I shall state mine. Absolutely nothing was accomplished on the call. None of you concerned yourself with security in any way before the call, so IF ANYONE on there actually had an AGENDA as in a PLAN to move the country forward addressing issues in a structured format so each idea presented actually could become an ACTIONABLE ITEM then we would have considered it a "success". Having one guy talk about blah blah blah with a few ideas here and there given out to people, such as Anna Von Reitz, whom has written numerous negative articles about me and Lifeforce in general. Which now has given her another reason to call the US assembly idiots (as she already has been). Next time a National USA meeting is held, I will hold it, at least the first one so that people's concerns become actionable items. We have some very serious problems in the USA which need to be addressed immediately and there are problems that can be solved NOW. As for your need to "discuss the way forward" and for you (the people of usa) to decide I will address that here: As a USA citizen I have been waiting for the "people of usa" to get together (which never seems to happen on a state level, or rarely anyway because everyone is constantly fighting), or the "leader" decides they are a demi-god and goes power crazy. So I have decided as a US citizen to at least set the "bar" so some of these ideas can actually be brought to fruition.</p> <p>38 19 12 4</p> <p>8 3:58 PM</p>	25-Jun-2022	https://t.me/c/1688716656/149066
 <p>Forwarded from Eva Grace</p> <p>With all due respect, who/what would give someone the right to close down this thread, which was created by US the people who are interested in connecting and sharing our ideas? I find this extremely problematic. And others should as well. And, if you are accusing me of being an infiltrator or of being critical of Kim, just because I would like to express my perspective, that would also be extremely problematic. You have already shot down Larry, just because he did not adhere to non-communicated expectations that apparently we somehow should have been aware of. Please let us assemble as we would like. There's definitely no security risk in letting us share ideas here. Why shut this thread down? I understand the security concerns for any future OFFICIAL National Assembly meeting, and now that we are aware we can address them. The handling of this seems heavy-handed. We also should be able to choose for ourselves whether we want to have only Representatives of State and County assemblies or how we wish to proceed. I hope more of you will express your perspective, whatever that may be. I am simply sharing mine and that is how we shape how WE would like to proceed</p> <p>6</p> <p>5 3:58 PM</p>	25-Jun-2022	https://t.me/c/1688716656/149067

Anything to get people in the ballpark?</p> <p>It seems to me this is a whole new way of thinking for nearly everyone, especially those of us who have been nannied for so long and so thoroughly.</p>

 <p>BT</p> <p>Would like to ask some other questions if the governments are at the bottom of the control structure why is that place to start change? I agree the governments are corrupt and need to be changed. But if the current governments have so little control in the grand scheme of things how will things really change? Can we direct the militaries? Can we learn how they got orders? Will 2 different types of government only fight against each other, while those above continue on the destruction program? I am confused..</p> <p>6</p> <p>14 5:46 PM</p>
