|  <p><b>Kimberly</b> admin</p> <p><b>Maggie Nasso</b></p> <p>I might be a voice in the minority, but I love the LifeForce name! ...</p> <p>Its just a logo, and there are many ways to say Lifeforce in many languages. The logo no longer blends with the "brand" and other people using it are not emanating Lifeforce, nor adhering to the principles we had all agreed upon in the past and the rest of us continue to live by. While saying they are a "part of lifeforce" and yet give no regard as to what the word means, that network does not represent what WE are all about. Further, they say they will pass on videos to me and so forth and I haven't spoken to them in 10 months. They form chatrooms and make comments on how people can participate in the Restoration Plan with me? There is no funding going to that group, nor are they walking the walk as to what it means to "restore" anything. WE, including myself could say a lot, and I, as a sovereign being chose to live by what I say. As sovereigns, that is what we do, and they are not. When asked to remove me from all of their "new news" site, they didn't, they continued to plagiarize the news from me.. and man-splain my intel, and charge 7.63 cents a month for people to hear it. When they spent months bashing me for "not free news". Their new site steals many people's content and acts as if it is their own and this could cause them serious copyright issues in the future. Sorry but we will not continue with the logo's and names as to not be involved in any future lawsuits that may arise from what they are doing. Lastly, we have spent months saving to launch all our apps in all the stores, provide a more user friendly app with better quality and we finally started building it a week ago, we have a volunteer person who owns a multi-million dollar company that does branding and marketing who normally makes 1000 an hour offer us a re-branding for free as a donation to what we are doing and we are going to take it! Lastly, on a personal level I chose to walk away, not watch the videos, and not listen to any of the slander that I know is not true. I don't like the energy of it all, I don't watch soap operas either.. too much drama! I have way too much work to do that is not about just a news channel, and I can't afford to lower my vibe. Thanks for Listening!!!</p> <p>❤️ 175 👍 37 🗨️ 22 🔥 19 🎁 11 😊 5</p> <p>4:18 PM</p> | 15-Oct-2022 | <a href="https://t.me/c/1688716656/280196">https://t.me/c/1688716656/280196</a> |

|  <p>When he asked if they would be coming up to the surface, he was told soon, and he also mentioned technology would be shared. He comes off like a sweet young man, and he says he has permission to share info on his missions, which in his case are not combat oriented but nonetheless compartmentalized. Question: Wouldn't his superiors be the ones that the colony is fighting against? How does this kind of mission fit in with the forces we have learned are not on the light side?</p> <p>B</p> <p>👍 5 🙄 5</p> <p>edited 9:21 PM</p>  |             |   |

Management is bad for sure. Many are forced to participate due to their abilities. I haven't watched any of Dr. Sala, and I can't say much about that particular person, but I do know we will start seeing other beings of light on the surface (for those with eyes to see) come the 8th of November. |  <p>My husband is asking why Kim doesn't just release the names of the 24 younger Dragon family members who took over the order of the Dragons recently. I think I understand why she doesn't do so but I'm not sure, so I thought I would ask for your thoughts on this question here. Any insights?</p> <p>← 3 edited 11:20 AM</p>   |             |   |
