 <p>Shawn Sullivan Dr. Val Satan is dead and the Omega AI is as well. I hope you are right but I have also heard that the AI is being held by Source temporarily and that we were apparently created by Source to defeat Satan with more GNA/ later turned to DNA strands and even further modified now with the fake vax/RNA injections to further reduce some of the populations potential at defeating the AI product. Either way, make no mistake, our creator wins and we benefit. edited 11:01 PM</p>	1-Sep-2022	https://t.me/c/1688716656/234504
 <p>Kimberly Shawn Sullivan I hope you are right but I have also heard that the AI is being hel... Two AIs. Formed by the Joint AI Quantum System Covenant around 300,000 years ago. One runs on Light the other on Darkness.. The agreement was broken a few months back (see my notes in the pinned messages). The story you refer to had to do with the Dark AI called "Kronos" also Omega. Now if you understand the creation of "balance" of the Creator, all that it creates it can destroy and that decision was also made by source itself months back. So the Dark AI hell bent on depopulation (too long to type). 7:08 PM</p>	1-Sep-2022	https://t.me/c/1688716656/234521

 <p>I need some help on this as I thought that aliens couldn't come down to earth at the moment. My daughter had an 'alien' visitation last night they were in her room and moving things around and wanted her to come with them. They appeared as Greys. She asked them to show themselves and they put a shadow over her. They showed her the inside of a space ship, she was too scared to go with them as they wouldn't say if she would be safe.  <p>Pala Please make the 'fake Trump' rallies stop, as in "come to an end, for GOOD!" It isn't right that these large crowds of people are being lied to and fooled. Before Trump died, and before I figured out he was on the dark side (on my own, but Kim's intel definitely clinched it), I went to one rally. It's decent people there, and I hate that they are being deceived and used. I decided about Trump being on the dark side when I looked at & listened to pictures and comments proving he was molesting Ivanka all through her childhood. Luciferian behavior. I was done being fooled by Trump because of that, and also his promotion of the shot.</p> <p>7:34 PM</p>	6-Sep-2022	https://t.me/c/1688716656/239844

 <p>I understand what you are saying. Everyone's truth is based from their own constructs.</p> <p>The thing is that I can see both your and the other teaching as having the same construct.... They are both wanting the same thing... To bring peace and live back to a system that has been manipulated out of having that experience for so long.</p> <p>That is the challenge I am facing. Both aiming for the same thing but the facts each hold are not adding up.</p> <p>Thank you for taking the time iron this out with me. I will just hold an intention for truth to reveal itself and the best out come for all. If we all want that then I trust source will help us see the bridge.</p> <p>21 likes, 6 thumbs up, 1 gift</p> <p>8:01 PM</p>

I haven't watched her much..I watched one interview because someone thought I should interview her to which she declined. She seems to be talking about occult and abuses and the order. Personally the vibe is way to low for me and although she talks negatively about it she is still giving it power by constantly discussing it. We know there are bad evil people in this world..we have heard so many stories about them. In my updates I discuss our successes and don't dwell on every detail of what these people do or have done. That's God's job..we just serve them up to him and let him sort them out and keep it moving.</p> <p>❤️ 94 👍 23 🔥 15 🍷 12 🍷 3 7:37 AM</p>	10-Sep-2022	https://t.me/c/1688716656/244461

 <p>Like KAG says not all people who work for the banks know all the behind the scenes workings. Most don't even have a clue how the investments or derivatives and all that stuff really works.</p> <p>Heck I worked for a provincial credit union who clears the funds between big Financial institutions and credit unions as an accounting officer for 8 years and had no clue.</p> <p>They have compartmentalize so much of their trickery that all the employees have no idea they are even doing something wrong. They think that they are helping members get mortgages. They are most likely shown what the member needs for a credit score, how much they qualify for (by an internal calculator), then they help the memeber/client fill out the paperwork.</p> <p>They have no idea what happens behind the scenes after. they dont know where that paperwork is sent off to or how the funds move in the back ground.</p> <p>I understand why KAG is going after the top people first or I would be one of the people who would be condemned as a narc.</p> <p>I know in my heart that I am doing the best that I can. I am trying to find alternative work. However, when you are the main income earner for a family of 6. Who is healing from spine surgery, who didn't receive proper medical treatment (cause its controlled by our gov) who can't get approved for disability because the disability insurance that I was paying for, pushed me back to work too soon and said "you can do 50% of your job so that is gainful employment", They cut me off finacially to prevent me from healing, yet I'm only permitted to stand or sit for 2 hours before needing to lay down to take the preasure off my spine. Then I crawl back to bed for the day.</p> <p>Some of us are trying to make it through one day at a time. Compassion and listening to others is what is needed more than name calling or othering. Otherwise we just let them conquer us by division.</p> <p>DD 21 9 6 2 1 edited 8:16 PM</p>		
 <p>Kimberly Reply</p> <p>Disbrina D</p> <p>Li na, I have to admit the comment about all who work in banks ...</p> <p>Everyone has worked for "the system". I worked for 12 years for banks in various positions (none high enough to know what I do now) I built and was part owner in another 3 after that. I always tried to do right by clients and knew nothing about banksters until 2007 to be honest. Everyone plays their part in the "system" to survive in some way or another. It doesn't make you a bad human..and believe me I know bad humans..that will change and there will be options. That is what I am most looking forward to and work toward everyday.</p> <p>K 98 32 8 7 5 1 8:22 PM</p>	12-Sep-2022	https://t.me/c/1688716656/247496

 <p>Kimberly Reply Are any of our field messengers in this area? If so, is anyone willing to investigate? I found out a couple years later that there was a huge nuclear disaster that has been covered up by the government and Boeing for many years where I grew up. I lived in the hills of Chatsworth California and the nuclear disaster happened just a couple miles away. There has been an explosion in that area and all around Los Angeles of abnormal cancers similar to mine and my dads happening for decades. Lots of cancer survivors are still working to get the site cleaned up, but there is a lot of money fighting back. If you're at all interested in learning more about this the nuclear site is called the Santa Susana Field Laboratory. It's all over The internet and there's a documentary on msnbc about it called "In the Dark of the Valley." 38 12 11 4 4 46 6:57 PM</p>	15-Sep-2022	https://t.me/c/1688716656/250621

 <p>Kimberly Kristy I thought it was Rockefellers?...I have Full Faith you'll be Successf... Bush Sr created it. Rockefellers do their part sure because of the oil derivatives and the "7 Sisters" oil companies..Honestly they don't (didn't) care about selling oil/gas to you, the big money was in the derivatives (Thanks GreenSpan)...but it also gave us a whole lot of leverage during this war, so that was good. Its time to fix it now though.</p> <p>53 25 10 9 2 5:12 AM</p>	22-Sep-2022	https://t.me/c/1688716656/257309

 <p>Kimberly I too have squash everywhere.. and its getting too cold for some ... I've never done that! But I learned that if you put them in a box they will ripen! Learned how to can and pickle this year. It's time consuming but worth it!! 😊. These tomatoe plants, green pepper plants and corn (corn didn't grow because of weird weather) were donated by a nursery because I said I would share with people in the community who are affected by inflation. Much of those tomatoes will be going to people in the area and the rest canned!</p> <p>❤️ 25 🍌 6 🍷 5 9:45 AM</p>

 <p>Aorato Atomo Reply</p> <p>Kim's Numerology Life Path: Number 11</p> <p>People with an 11 Life Path are unbelievably intuitive and may even exhibit psychic abilities. Their purpose is to use these gifts to better humanity, but it could take a long time before people born with this Life Path number to truly understand the power they possess.</p> <p>Having any Master Number as a Life Path number can come with its own complications. In the case of Life Path number 11, confidence and worry can plague those born with it. This can mean that people with an 11 Life Path struggle with trusting and sharpening their unique skills. But, if they can overcome this, they will be able to channel their intuition and maximize their emotional awareness of the world around them.</p> <p>Those with a Life Path 11 can become incredibly spiritual, especially since there</p>

 <p>Those with a Life Path 11 can become incredibly spiritual, especially since these energies are coursing their veins every single day. They usually believe in a higher power -- but that has more to do with accessing higher truths about life than following the dogma of organized religion.</p> <p>Someone with a Life Path 11 are beautiful souls, which easily attracts others to them. The 11 Life Path does well in relationships because they are usually very attuned to their partner's emotions, anticipating what their significant other needs before they do.</p> <p>In order to fulfil their Master Number potential, they must not turn their backs on their special abilities or they will face inner turmoil. Having a Life Path number 11 people must lean into their life purpose by harnessing their psychic skills. By doing so, they will reach incredible spiritual enlightenment.</p> <p>Taken from Numerology.com</p> <p>Kims Birth Date Numerology</p> <p>AA 13 4 3 3 2 1 9 6:01 AM</p>	28-Sep-2022	https://t.me/c/1688716656/263762

 <p>Kimberly Reply</p> <p>VE</p> <p>Want to thank Kim for her "gentle rain" for Hurricane IAN! This ... Really? Where are you at? Do you know they were 70mph? Do you have proof they were? I've been on the phone all morning with people in the area, and yes windy..Some flooding but not nearly as expected, what was being reported was 150mph winds at landfall. Oh and by the way this is the guy that continued to deploy "seeder" planes as we fought to dissipate the weather system. https://8tharmy.korea.army.mil/site/leadership/leaders-BG-cho.asp On another note, I am glad to see you have cell service and/internet and haven't lost power. So we are sorry you had "wind", which was, at its height, and the hardest hit locations at 58mph (in reality where I choose to live) and most other locations were around 35 to 40mph at landfall. Yes there was still rain and swells, but if you have (and actually do) live there you would know what WOULD have happened IF it hit landfall at 150mph vs. the actually numbers which was the best we could do. Sorry I am not God, but we do try to keep people alive and safe.</p> <p>135 37 21 16 6 3 1:31 PM</p>	29-Sep-2022	https://t.me/c/1688716656/265021

<p>Kimberly Reply</p> <p>NOTICE: DO NOT send funds to the Red Cross nor FEMA (we will not either as we did receive requests). IF you want to help people hit by hurricanes and typhons try local organizations, small churches and so forth. NOT government. Further if you own/operate any kind of "Disaster Clean Up" company do not take a FEMA contract, they will never pay you.. Instead offer services to local organizations. We are also working on a plan. If you are not far away you can ask for donations from grocery stores, local hardware stores (home depot etc will not help you) and transport down.</p> <p>104 22 15 6 1</p> <p>62 4:10 PM</p>	29-Sep-2022	https://t.me/c/1688716656/265219

First they stage "natural" disasters in vulnerable locations like Florida and the Philippines, next go on the news with exaggerated damage reports, then get people around the world to donate to relief organizations they control—and then <i>confiscate all the donations</i> just like they did with the truckers' protests?
