*"Please note the official "Portal for Projects and Tech" site will be up soon. If anyone else reaches out to you to email them the information on your project or tech, it's not getting to Kim [Kimberly Ann Goguen] and unfortunately in the hands of people you may not want it in. "*

*"I am getting questions in regards to GPRC, PGSD (threads, channels), the GIA and GForce.*

*As Kim [Kimberly Ann Goguen] mentioned the new GPRC name and site are coming soon. The PGSD has been dissolved so anything bearing that name is NOT OFFICIAL and in no way connected to Kim, Life Force or UNN. Also look for a new site coming from The GIA (new url) and GForce is down permanently.*

*If you find yourself in a new thread or channel with the name Global Network News (converted from PGSD) that is also in no way connected to Kim, Life Force or UNN."*

*"Tank [Steffen Rowe], Colin, Kelly, Jorie, Melissa, Matt, the Wizard, Jodi Hadsell (previously removed) and the old transcription team have left to form their own news channel GNN (Global News Network) They have also taken over the GForce site and own the old GIA site- (new site coming soon). The GPRC has been renamed - (new site coming soon) and the PGSD has been dissolved.*

*Despite Tank's reference to Life Force, the similar logo and name, Kim has said that she is in no way connected to Tank and team, GNN, GForce, or Bannedtube."*

*"LifeSource groups were previously Life Force chats and were taken by Lane. Kim has no affiliation with LifeSource.*

*Tank and team took over the old PGSD threads and renamed them. They also have possession of the former GIA, PGSD AND GFORCE urls. Kim has no affiliation with GNN, Bannedtube or Team Tank in any way, despite their attempt to appear connected to Life Force, UNN and Kim.*

*Rumor has it Kelly is going around asking people to do a quick video saying "I am LifeForce" basically what Kim did when we started UNN. It's a way to appear connected and relevant when they aren't and also a way to collect donations and affiliates."*

In response to the "Life Force Global Network - Special" (Tank aka Steffen Rowe et al new network) video link that was forwarded to the chat.

*"Firstly, I wrote the restoration plan, secondly there is ZERO chance of any "project submissions" which go to this group of ever getting in my hands, lastly they are flat out lying. I am not affiliated with anyone in that group, there is zero integrity there. Regardless of "integrity" both on and off the scene, this group of people still USES my name to promote their stuff when I haven't spoken nor will I to any of these people. Further, I would not send any projects to these people because you don't know where the funding is coming from, but I can absolutely assure you it is NOT COMING FROM ME NOR THE TRUST/ALPHA System."*

Kimberly Goguen's response to a video posted by Tank et al on their network titled "Life Force Global Network -

*"Let me clarify. Firstly I did not watch the whole video, I listened to about 20 seconds or so. I had to turn it off when Kelly said "in 2017 Kim and tank began the work". Firstly I have been running around this planet doing this job for around 12 years. Certainly 5 years before I reached out to tank or knew a tank existed. The first 3 years was texting, he would ask me intel questions and I would respond via text on whatsapp when I had a chance. "WE" were not doing anything together. In May of 2020 I was invited to the core team meetings, and then I invited them, ALL of them to join in building what became UNN. As for the "job" until September of last year, when we formed a separate group of women whom have helped me immensely with the "job" I did the "job" all on my own, no one to call, no help. Although some ideas came from other people along the way (and there are/were many) the execution on the "idea" was still left to me, by myself. Many people have come and gone along this journey, for some it was difficult, the attacks and so forth were just too much to bare. Others let their ego get the best of them, and every single one of those types thought they should have my job, or claimed to be the new trustee. This is never the case, and is a classic line often directly or indirectly from the CIA. Ego is a weakness, never a strength. Then for others, the old saying "when God wants to punish you he takes your mind" rings very true. While I am sorry all of you have gotten in the middle as others create confusion, I can assure you I DID NOT start this journey with anyone except Source our Creator, and if need be I will finish it that way. While I am grateful to have met many many amazing people in this journey. I also recognize this is the difficult part, and I will not force anyone to continue. This "job" is difficult enough and please remember, the information I put out there as often as I can is what I personally am involved in. I am NOT reporting other people's intel, this is my life. Some of my journey started as young as 8 years old, and for many of you I know you have your own journey's too which led you here. Try not to get caught up in drama, and use your own inner discernment as to what is truth and what is a lie. Who you want to associate with and who you don't and let the rest go. At the end of the day we have many stresses in our world, and people are counting on YOU to help lead us into a better world and a better way."*

*When project funding is available BE READY because the attacks will be very real on every level. Lastly when it is available, you will hear it from my lips to your ears directly, there will be a process for submission WHEN WE ARE READY. Being ready means you are ready, physically and mentally, the "danger" is minimized so I, by giving you funding, am NOT putting you in further danger, our government's will NOT come after you with false charges and try to put you in jail, and the list goes on. There is a lot to "readiness" which needs to be considered, and I promise you, we are making great strides toward this every day. In conclusion, use your own discernment in ALL things, think for yourself, you are the savior you have been waiting for, listen to God/Source/The Creator, and guide your communities into a better world for our children and our grandchildren. The rest is all just noise. Much Love to Everyone, Kim."*
