Kidz Kicking Leukemia

Kick It Award

Jake was diagnosed with leukemia shortly after his family relocated to Central Florida. Having no friends or family here, they were devastated. After 3 years of chemotherapy treatments and many ups and downs, Jake is all done and in remission. He was awarded an End of Chemo celebration and Kick It Award. We are so proud of him. Jake gave leukemia a swift kick!

From Jake's dad: "I'd like to express my deepest appreciation for your unconditional support from you, the foundation, Brittany's Wish and the sponsors. You not only did you help us so much; you guys turned every down into an up. Your gifts to Jake and to my family during this hard and long process will be cherished as we move forward with our lives. Jake absolutely loved what you have sent him, he is so happy, and we are so proud of him by conquering this disease."

WAYS YOU CAN HELP

Become a Partner

Make an annual donation of \$1,000 per year to our Family Support Program. Your donation will help provide financial assistance during a very difficult journey.

\$250 per year will provide "cheer gifts" for our young warriors and their siblings during treatment. Cheer gifts provide a special distraction from all the scary stuff during treatments. Siblings also need to be thought of because they also experience stress and lifestyle changes.

Sponsors and In-Kind Donations Needed
