The Hoopa Valley tribe voted unanimously to endorse Ryan Sundberg for re-election for the Fifth District Supervisor at their February meeting.

“Ryan has consistently supported the tribe in our efforts to more effectively address the negative impacts of drug and alcohol use in our community,” said Hoopa Tribal Chair Ryan Jackson. “He has also worked hard to increase mental health services to address suicide rates. In addition, Ryan was instrumental in securing continued Measure Z funding for our area—we have received almost \$1 Million to ensure our residents have reliable ambulance service.”

Sundberg is a member of the Trinidad Rancheria Tribe and has represented the Fifth District since 2010.

"I am honored to receive this unanimous endorsement from the Hoopa Tribal Council," said Supervisor Sundberg. "The tribal community's health and safety are very important to me. I look forward to continuing to build the relationship between the County and the Tribe for the benefit of everyone. I am confident we can achieve even more moving forward," said Supervisor Sundberg.
