## Words from Our President

Hello everyone,

I think it is supposed to be spring, it sure does not feel like it here. The bu in my house are enjoying all the cool weather, but I am not a fan.

The Specialty in September is going to be exciting, A Norwegian judge, Reproduction seminars, friends coming from Canada and lots to do in Lexington. I hope to see many of you there. I know our show chair is working very hard to ensure we have a great specialty.

If you have an item to donate to the raffle please do so. It does not have to be Buhund or dog related. The money goes to our Junior scholarship fund.

If a raffle item isn't quite your style, would you like to sponsor a trophy or maybe part of a trophy? Each trophy can have more than one sponsor. Please contact [corpinmom@aol.com](mailto:corpinmom@aol.com) with what you want to sponsor. With your sponsorship the club is able to provide some amazing trophies--this year again we are having them designed specifically for us. The sponsorship list is included in this newsletter.

The Bylaws committee is still working on the revisions to the bylaws - One of AKC's request to ALL parent clubs is to make sure that the by-laws follow the laws of the state that they are incorporated in. Unfortunately, some of the wording that AKC requires does not follow Washington State law so they have to make some revisions and present those revisions along with the Washington State law to the AKC. This is a long drawn out process. AKC demands certain wording. The committee will continue to work on it until it meets both AKC approval and Washington State Law approval. Thank you to our Bylaws committee for their hard work and continued efforts!

The Board is working on a Breeder Mentor program as well as a Breeder Education program. As soon as we have more details we will let you know.

Have a great summer - keep sending those pictures - we love to see what you are doing with your buhunds.

--Faye

# 2022 National Specialty Planning Update

Dear Club Members,

Happy Spring! I hope everyone is doing well and enjoying brighter and warmer days. Life in Michigan has been busy! We whelped a litter in January and now that the puppies have landed in their new homes, we begin spring training! Classes have begun and we started 2022 off with a new title in UKC agility. I am hoping for a successful year and wish the same to all of you!

Club Business: Work for our Specialty in Lexington continues. We have secured hotel accommodations at the LaQuinta, Lexington (see next page) and camping reservations can be made by calling (859)259-4257; please note camping is filling up quickly so make your reservations soon. Camping sites have water and electric service but no sewer hook-ups. I've been told there are two dump stations available. Also, depending on your camping site, you can be about a mile from the show area; golf carts are available for rent and RV sites can accommodate one small car for no additional charge.

We will be holding our yearly raffle and with the help of Monica Grimm we will have at least one big ticket item. The current plan is to have the raffle set up in our grooming area which should allow for a lot of foot traffic. I haven't heard from anyone regarding the raffle and understanding everyone is busy, I am hopeful everyone comes through as they have done in previous years with baskets or items to be included in the raffle. We are trying to attract as many people as possible so items do not have to be Buhund related or even dog related. Lets make this the most successful raffle we've had; remember all proceeds go to our Junior Scholarship program!

As always, I am available via email, [midoglv4@comcast.net](mailto:midoglv4@comcast.net) or phone (269)830-7129 if you have questions, comments or suggestions.

Bright blessings to everyone.

Respectfully submitted,  
Christine VanVleet

# Rescue Buhund Available

## Meet Tinkerbelle

Very sadly miss Tinkerbelle is in need of a new home. Her beloved owner is terminally ill and family members are not able to provide care for Tinkerbelle, so she is safely living with the “newsletter crew” of black Buhunds of Colorado for now. Tink is starting to settle into her new routine here, but would dearly love to have a person of her very own. Tinkerbelle is about 10 years old and very healthy in spite of being 8-10 pounds overweight. She is fully vetted, heartworm and tickborne disease negative, and had comprehensive bloodwork, urinalysis, and parasite testing upon intake into Buhund Rescue. She will be spayed before she goes to her new home. As far as we know, Tinkerbelle spent much of her life in a rural setting and would prefer to find a quiet home with lots of privacy again. She is good around donkeys, sheep and goats, and presumably other livestock. Tink LOVES long walks in the country or woods and is especially fond of tummy rubs. She knows “sit” and “down” and is learning some fun new tricks and stretches. She still has plenty of energy and is able to keep up even on long hikes, but is definitely calm and polite in the house and much more inclined to “chill” than a younger buhund would be! Due to all the changes in her life, Tinkerbelle is very possessive of her “special person” to the point of feeling the need to defend me from my spouse, dogs, and other family members. She's been assessed by a professional Certified Canine Behavior Consultant, who remarked that this guarding behavior is common in dogs whose owners have been gravely ill. She will get better with time to settle in, training, and a slow introduction to other household pets, but for this reason Tinkerbelle cannot be adopted into a household with any children or frequent visits from young people. Tink is suspicious of and aggressive toward all unfamiliar people and does a lot of barking at cars, trucks, motorcycles, bikes, kids on skateboards, etc. Aside from the need to bark at some of these things if they get too close, Tink is a great little car traveler and rides well in a crate. We are working with Tinkerbelle on her aggression towards people and things, and her future owner will need to be committed to continuing that work as well as managing her carefully around any houseguests, etc. For more information about Tinkerbelle, please contact me at [buhundnews@gmail.com](mailto:buhundnews@gmail.com). If someone is prepared to adopt Tink, I will reach out to the board to start the official adoption process and application. --Monika
