### Updates from our Economic Development and Zoning

#### **Mercedes-Benz of North Columbus.**

In August of this year the township approved a zoning change of the property for a Mercedes and AMG dealership. The AMG is defined as the performance division/trim high-end product. The owners have purchased 25 acres at the Southeast corner of Wilson Road and State Route 37. They will use 7 acres for their business and hope to recruit additional businesses to complement theirs. All 25 acres are newly rezoned under our Planned Mixed Use Development classification. A very modern style 58,000 square foot building will house their showroom, sales, service and parts, detailing and maintenance facilities. They plan on hiring 60 additional people once they are open. The Mercedes dealership will add good employment opportunities and a strong tax base for Berkshire Township. Plans are to break ground late fall with an opening in the fall of 2025.

#### **Ivy Wood Neighborhood.**

Ivy Wood is a new residential development located on North Wilson Road between Route 37 and

North Galena Road. Their approved plan calls for 116 single-family homes and 44 patio homes. The single-family homes will range from 2,100 to 3,200 square feet. The patio homes which will be built closest to Wilson Road will range from 1,500 square feet to 2,600 square feet in size. The zoning is in our Planned Mixed Use Development District.

### Carlton at Berkshire.

The Carlton at Berkshire, is located on the east side of South Wilson Road and south of State Route 37. There is a traffic light at the intersection of Rider Road and Wilson Road. The developer, Metro Development LLC, will pay to extend Rider Road to the east for their project and future commercial development. The plan includes 312 apartments made up of 84 one bedroom, 192 two bedroom, and 36 three bedrooms on the 26-acre site. A pool, contemporary club house, and outdoor deck and grilling area will be available for the tenants. Construction started in July with plans of completion in the late fall of 2025.

### Berkshire Crossing

Berkshire Crossing is a single-family residential development located on the south side of Wilson Road west of North Galena Road. It consists of 101 three-bedroom two-story homes for rent, all owned by AMH Development. Phase one of the project is near completion and the first homes have already been rented with prices ranging between \$2450 - \$2950 per month and phase two is well under way. When the project is completed in 2025 there will be a playground, pavilion, and multiple walking paths for the public. All homes will be in the Big Walnut School District.

## Township Highlights

## BST&G FIRE DISTRICT OPEN HOUSE

SUNDAY, OCTOBER 27TH  
 NOON - 3 PM  
 350 W. CHERRY STREET  
 SUNBURY OHIO

The NFPA has sponsored prevention week since 1922 and it has been a national observance since 1925. The weeks' goal is to raise public awareness around smoke alarms and the importance of having working alarms throughout your home. According to NFPA website: smoke alarms reduce the risk of dying in a home fire by more than half (54 percent). Meanwhile, roughly three out of five fire deaths happen in homes with either no smoke alarms or no working smoke alarms.
