Thank YOU!

We appreciate the patience we've received in the last couple of months. We are currently working to solve the current staffing problems for the Township and we hope to be operating at full capacity soon.

We wanted to be able to get a newsletter out to the public as soon as possible in order to update everyone about the current happenings regarding our efforts to staff. If you have any questions please go to our website in the link above or directly contact one of the trustees

Current Events

Township Administrator

The Township is currently seeking applications for the now open Township Administrator position. Please send any applications to the Fiscal Officer and see this [link](#) for the job description and more information.

DCFA Partnership

At our January Meeting, we engaged the Delaware County Finance Authority to provide development, zoning, and incentive reviews, and make recommendations to the trustees for consideration. We plan to hold several public meetings with residents to gather input and suggestions. We believe those will begin in March so please look out for more information on our website!

Looking Ahead

We just wanted to thank all of our residents for their patience again while we attempt to restaff back to full capacity and continue services at a level you are all accustomed too. This is the start of the monthly newsletter updates again, we apologize for not having one for December or January. We hope that you will continue to support us into the new year. Thank you very much!
