2019

Advanced Stroke Life Support Provider Course Class Schedule

Learning Goals:

1. Describe why early treatment may result in a marked reduction in risk of disability
2. Identify the five main stroke syndromes and relate them to pathophysiology and clinical signs
3. Perform focused evaluation to identify stroke, its location and severity, and TPA contraindications

Hands-on skills training:

1. Didactic sessions
2. Video based learning
3. Interactive discussions
4. Practical sessions—MEND Examination
