The membership fees will be presented and there will be choices to:

- renew another membership
- start a new membership
- organise payment via BPAY
- organise payment via PayPal

Please note that organising the payment via PayPal can be done with or without a credit card. Once you have organised PayPal to make the payment, you will be returned to My Swim Results to finalise the payment by pressing the "Pay Now" button. (Nothing is done until that button is pressed.)

If you choose to renew via BPAY, please note that the banks will do that through their "overnight processing" so it is best not to leave it to the last minute as it may take a few days for them to process. The BPAY invoice will indicate when the payment will be expected to be processed. The membership will not be renewed until the payment has been processed.
