

Covid19 adaptations and changes for
Summer Holiday Camp 2021

Through recognising and adhering to the Government guidelines and carrying out a range of different assessments, careful consideration and agreement with Withycombe Raleigh C of E Primary School we are confident that we are able to run a Summer Holiday Camp during August 2021.

The health and safety of your children remains our top priority and we have taken extensive measures to ensure that this is provided to a high quality within our setting.

Our key protective measure that we have implemented is the use of group "bubbles" throughout the period during the camp along with additional measures to protect staff and children such as PPE for coaches, regular washing of equipment, being outdoors as often as possible, Sanitiser, hand washing.

If your child or anyone in your household displays any symptoms relating to coronavirus then please isolate for the recommended time and do not bring your child to the camp.

There will be continuous reviews at the camp in alignment to the Governments guidance for those within the childcare sector to be able to continue our development knowledge in implementing protective measures to offer the safest experience for staff, children and parents. These are our current changes that will be implemented at the start of summer and could have changes dependent on the lockdown easing.

REFUNDS

There will be no financial risk throughout your child's time with us at Camp. A full refund or credit note will be issued if we have to cancel camps. Please be aware of our refund policies if you cancel yourself.

A 48-hr notice period via email will need to be sent to us in order to receive a full refund if your child is being pulled from the camp.

A 50% refund will be received if notice is given in less than 48-hrs.

OPENING AND CLOSING TIMES

Throughout these challenging times, our camp opening and closing times will be adapted slightly to ensure that we are able to conduct a thorough clean of the setting to provide the best care for all.

The standard day will be 08:30am – 5:30pm.

The children will be placed in bubbles of approx. 7-10. There will be slight modifications to our existing activities to be able to utilise the outdoor facilities that will support us in sustaining social distancing measures.

DROP OFF AND PICK UP

There will be an adaption to our drop off and pick up policies. Throughout the summer camp the sign in desk will be moved to an open space to minimise the risks (weather permitting.) To support lowering the risk we ask that only ONE parent drops off a child to camp to reduce the amount of people surrounding the settings.

1m markers will be set up across the setting to ensure that social distancing is maintained even whilst signing in.

Drop off and collection will now become contactless and parents are asked to form a 1metre distance queue using the markers when dropping off and picking up children.

CLEANING

During the camp there will be an increase in cleaning throughout the standard day at camp.

We have arranged for thorough cleaning at the end of each day to obtain high standards and a safe environment.

There will be an increase in hand washing and sanitising for children and staff between each activity, breaks and lunch.

CHILD SHOWING SYMPTOMS

All of our staff are symptom aware and know the processes to take within our setting for anyone who is displaying symptoms whilst at camps. One qualified first aider will support anyone who has symptoms to reduce contact and placed within our isolation area with parents being called for collection immediately. We will sustain contact with you all to ensure you are updated on any guidance changes that could affect our current position.

We are excited for a summer of fun after these unprecedented times.

All updates will be seen on our Facebook page and website.
