

Don't Buy A New Roof Until You Learn

Talk to your prospective roofers about the following topics BEFORE buying a new roof.

Fortified Roof™ program

Ice & Water Shield applied over your entire roof decking

What is your attic ventilation plan

Will there be building permits issued for your roofing project?

What are the building codes for your area? Be sure your roofer knows the answer.

Is your prospective roofer fully licensed to permit your project (requirements have changed recently).

Have you checked for Google and Facebook reviews?

Have you visited your prospective roofer's office location?

Can your prospective roofer assist you with insurance claims?

Are you required to pay in advance of the roofing materials being delivered and/or installed?

Roofs are so much more than just shingles. Please call us today to discuss your roofing questions, concerns and plans.
