Praise God for His divine healing and protection over all of our lives as we continue our journey of faith throughout 2023. We have arrived to December of this year only because of the grace and the mercies of God. We each have encountered difficult times and trying times this year but thank be to God for His love that carried us through no matter what we faced in the past. May we continue to remain faithful to our Savior and stay strong in Him consistently. Have a Blessed month of December and May we have a prosperous New Year.
