Praise God for His Mercy and Grace

everyday as we continue to walk this journey of faith and pursue the will of God on earth. God's desire for us is to live heaven on earth. It is the will of God that must be done on earth as it is in heaven. The Word of God is settled in heaven and since we are the children of God living heaven on earth today, the Word must also be settled in our hearts. Our journey is a journey of faith, it is not popular and easy, but it is not impossible. We must focus on God's will and purpose for the Church, I believe sometimes we lose focus from God's will for our will. The will of God is not selfish it is selfless, it will cost us! to be honest about it, there are things that we will need to be separated from so we can be connected to God and give our all to God instead of been a part time Christian. Looking forward to what God has for us in October. Have a blessed month.
