

Schueco AS FD 75
Folding sliding system

General system section

Flat threshold with easy access

Complete flush threshold

Schueco AS FD 75

Folding sliding system

With extremely slim face widths and flush-fitted outer and vent frames, the Schüco AS FD 75 folding sliding system really stands out. It sets the benchmark for healthy, smart and secure buildings with outstanding, pioneering solutions. A comprehensive selection of opening and locking types makes individual designs possible with maximum planning freedom. 3 different threshold types, including a flat threshold with great rollover capacity, make the system adaptable to many installation situations. With a higher level of security, meeting burglar resistance class RC 2 and an improved sealing concept with two continuous gasket levels that offer greater water-tightness and air-permeability values for all opening types, this system is a perfect choice for your dream home

Extensive design freedom

With 68 different opening options to choose from, almost any idea can be made a reality

Minimalistic looks

A combination of completely flush frame concept, limited visible joints and narrow face- widths of just 90 mm gives it a slim and minimalistic look

Maximum transparency

With large vent dimensions (up to 3000mm height & 1500mm vent width) and a combination of multiple shutters, gives you maximum daylight and transparency to the outside world

High security

The system designed and tested to RC 2 burglar resistance class

Excellent sound insulation

Relax in peace without disturbance from noise outside, as the system offers up to 47 dB of sound reduction

High occupant comfort

Maintain a comfortable temperature inside the home, with the system offering thermal insulation (U value) as less as 1.1 W/m²K

Design typology

Outside and inside opening

and many more...

System data

Max. 1500mm

Vent width

Max. 3000 mm

Vent height

90 mm

Profile face width

5 – 50 mm

Glass thickness

Upto 150 kg

Vent weight

Schueco certified performance

The Schueco advantage

An integrated design, materials and service approach to deliver the highest global standards to your home

Design rigor & philosophy

Each system from Schueco brings 70 years of global experience in structural detailing and design innovation.

High-performance materials & processes

High-EPDM-content gasket with peroxide curing technology, integrated drainage system, and custom brush seal, all contribute to best-in-class air, water, wind and acoustic performance.

Accessory specifications & testing

Engineered, high-quality materials designed for smooth operation, corrosion resistance and durability with meticulous testing of all components, ensure consistent long-term performance.

Last-mile training and support

Schueco provides in-depth technical and hands-on training to the fabricator partners and certify them to deliver outstanding buildings.

Schueco - System solutions for windows, doors and façades

Schueco products are extensively used all over the world and meet the highest requirements of design, comfort, security and energy efficiency. Headquartered in Bielefeld, the Schueco Group has more than 6,330 employees worldwide and strives to be the industry leader in terms of technology and service today and in the future. The company is active in more than 80 countries and works together with over 40,000 fabricators, developers, architects and investors.
