Black Tea

• Darjeeling •

Often referred to as the “Champagne of Teas”, Darjeeling is an exquisitely delicate tea that has been cultivated high up in the foothills of the Himalayas since the 19th century. Usually taken without milk.

• Virunga Afternoon Tea •

A lighter, single origin tea, sourced from the finest tea gardens in Rwanda, found close to the country’s border with the Democratic Republic of Congo and the Virunga National Park. Elegant and refreshing, its smooth and delicate liquor make it particularly good for after lunch or in the afternoon. Can be served with milk or brewed lighter and taken without milk.

• Lapsang Souchong •

Lapsang Souchong is a black tea from China with a distinctive, smoky taste and aroma – the unique result of drying tea leaves over pinewood fires. It is a traditional British favourite and is said to have been the preferred tea of Winston Churchill himself. Usually taken without milk.

• Virunga Earl Grey •

Famously fragrant, Earl Grey is a classic British afternoon tea choice and our Virunga Earl Grey combines the bright, rich flavour of East Africa's finest tea with blue cornflowers and the enduring aromatic appeal of bergamot. Can be taken with or without milk.

Oolong & Green Tea

• Jasmine Tea Pearls •

Our Jasmine Tea Pearls combine the mild sweetness of Chinese green tea with the soft floral notes of jasmine flowers. Once steeped, these delicate pearl-shaped treasures unfurl to release the intoxicating fragrance of jasmine blossoms and a pale, light bodied liquor that can be enjoyed throughout the day.

• Oolong •

Our complex, single origin oolong formosa is grown high up in the mountains of Taiwan. It produces a fresh, light and delicate liquor that can be enjoyed at any time but, best of all, when you need a moment of calm or clarity. Usually never taken with milk.
