## 2024 BY THE NUMBERS

#### Who We Serve

At Horizons, we make a 9-year commitment to our students and families. We serve Pre-K — 8 students throughout Kent and Queen Anne's counties. Over 8 local schools help with recommending, promoting, and placing students in our summer program. All of our students qualify for the Free and Reduced Meal program.

#### Outcomes

During the summer months, when students in our communities are experiencing summer learning loss (losing up to 3 months of learning), Horizons students are experiencing summer learning GAIN. Back in school, they have better attendance, higher GPAs and higher promotion rates.

YEAR

#### Building a Sense of Belonging

These increased academic skills build confidence and a sense of belonging in the classroom—which reduces absenteeism and encourages students to be present in school every day.

#### Enrollment

We saw unprecedented demand for our Summer Program with 229 students enrolling across our two sites. This represents a 9% increase from the previous year.

> **106** QA County Horizons Students enrolled at Gunston School in 2024

123 Kent County Horizons Students enrolled at Kent School in 2024

### 16 FIELD TRIPS

Lawrence Wetlands Preserve, Sultana Education Center, Tuckahoe State Park, Annapolis Watermark Cruise, Flagship Theatre, Ravens Under Armour Performance Training Center, Worthmore Equestrian Center, Rock Hall Yacht Club Sailing School 84% STUDENTS Students who re-enrolled
