

# Apply Today for Your Child To Participate in Horizons

June 23, 2020 to July 30, 2020

Distance-Learning Program

**Academic Support, Enrichment Opportunities, & Virtual Field Trips**

**No Registration Fee**

Due to the pandemic, we have decided the best way to ensure that everyone will be safe this summer is to provide a distance learning program. Participants will receive a variety of learning resources to enjoy at home. Our wonderful staff will create short videos sharing enrichment and academic opportunities such as virtual fieldtrips, crafts, math activities, and even our One School, One Book readings. The videos will be uploaded to our website and some will be shared on our Facebook page. Although we know it is impossible to replace the magic of Horizons through a distance learning format, we are committed to making this an awesome summer. As we get closer to opening day, we may include some in-person events if it is safe to do so. If not, we will be in touch through postcards, newsletters, phone calls and maybe even some teleconference get-togethers. As a way to help ease the burden that the pandemic may have caused, we are not requiring a registration fee to participate in this year's program.

Please go to the following website to complete the online application:

**<https://horizons.force.com>**

At the end of the application, you will be asked to upload the Horizons of Kent & Queen Anne's Agreement Form, the Behavior Contract, and the Registration Policy Agreement. These documents are attached. Please complete the forms, take a picture or scan the documents and attach the files to the online application under the Attachments tab. (If it is easier, please sign the forms and send them to our office in the mail.) We will use the contact information noted in the application to notify families whether their child has been accepted into the program this year. We are looking forward to welcoming as many students as possible, but unfortunately space is limited. Thank you for your interest in having your child participate in six-weeks of happiness at Horizons!

Please contact [acrowdinghorizons@gmail.com](mailto:acrowdinghorizons@gmail.com) with questions or concerns.
