

Prepaid Deposit Agreement

Deposits are a commitment to purchase. There is no refund on a prepaid deposit. Deposits that are paid after pups are born and securing specific pups are refundable in the event that the selected pup is found unhealthy before it leaves my care. Prepaid deposits will roll to a future litter.

Prepaid deposits will secure you a place in line ahead of others that may act quickly following notification of arrival of new litters. If the color/type pup you would like is not available you may choose to remain on the Prepaid list until a pup is born that suits your needs. This will also secure the price of the pup is subject to that written and signed/dated on this agreement and will not change. Buyer is aware that I can not predict or determine the number of pups or litters that will be born within any time frame and make no obligations or guarantees on such.

The prepaid list will work its way down in order from first paid down to last with a max limit of 25 prepaid pups. You may select any pup based on the price listed on this agreement. This will reserve you one pup per deposit paid.

Prepaid Deposits will only be accepted through Good Dog payment plan for buyer and seller protection.

If Dual registration is an option the price is an additional \$50 and only available at time of purchase.

Price does not differentiate with hair coat length on Border Collies. Corgi prices may vary by coat length and it is important to make note of through signing this agreement or through email/text of the price quoted at time the deposit is paid as I will honor my word. NOTE: a quoted price does not include individual testing of the litter. Individual testing will be done and included at my discretion on a per litter basis.

Stud Owner and Bitch Owner selection will take priority over this list. I do not commit to offer every litter within the first 2 weeks because of that and those details will be given on a per litter basis.

At this time it should be noted that Border Collie pups range in price from \$1000-\$1500

Corgi pups range from \$1000-\$2500
