

## **Deposit Agreement**

Deposits are a commitment to purchase and are NOT refundable unless there is an unforeseen issue with the health of the puppy. In the event that the breeder deems the prospective home or environment not a suitable fit (for any reason the breeder deems worthy) the deposit will be refunded.

All puppies should be in their new homes by 10 weeks old. If buyer requests a delayed pickup a boarding fee of \$50 per week will incur beginning on the first day past 10 weeks of age and follow subsequently. In addition, any vaccinations due during this delay will be added. If buyer requests this extension the balance of the pup should be paid in full and the boarding fees paid at pick up. Puppies need to be settling in their new routines by this age.

If a puppy is over 6 weeks old breeder may request a 50% deposit.
