

## **Homewood Homeowners Association Spring Newsletter, 2023**

Greetings to our Members! So far, it appears that we have all survived the biggest winter in the past 50 years here at Tahoe, (48 feet !! at the Sierra Snow Lab, as measured each morning) with Homewood also coming in with record snow accumulations. As the snow melts some of us are discovering damage to our homes and property---broken windows and doors, severe roof damage, structural and deck damage, fallen trees and branches etc etc. If you haven't come up yet to inspect, be prepared for anything. We don't know of any homes collapsing in our neighborhoods but there were several elsewhere. On more positive notes: The lake level is up and the water clarity is better than it's been in decades, and the skiing has been one of the best, if not the best, in 50 years!

Summer Party: Mark the date in your calendar---June 24th, 4pm, Scharf estate adjacent to Oak Street. Bring appetizers if you're so inclined and the Board will provide beer, wine and soft drinks. Last year we had a great turnout, so let's do that again.

HMR Update: We have had contact with the management and understand that they are now in the process of updating their plans for the Westshore homeowners' access to the mountain. We expect to be able to inform you of the plan by the end of May.

Blue Crew Clean-Up Day: Once again, Tiffany MacLaughlin is spearheading several scheduled days this season to clean up the accumulated trash throughout our neighborhoods. If you've been out walking, surely you've noticed that "It's a mess!". The Board wishes to thank Tiffany for coordinating this ongoing project and we encourage our membership to jump in and Help Keep Homewood Beautiful. JOIN HOMEWOOD'S BLUE CREW, and be part of the solution to help Keep Tahoe Blue. On Tuesday, May 23rd @ 2pm, we will meet @ Obexer's Market deck; bring a friend! RSVP: tmaclaughin9@comcast.net or text/call Tiffany @ 916-275-2357. RSVP by 5/20/23; cleanup details emailed to all who RSVP. Save-the-Date for future cleanups; all cleanups begin @ 2pm and finish by 4pm: Wednesday, July 5, 2023 - Keep Tahoe Red White and Blue Cleanup; and Saturday, October 7, 2023 - Dog Days of Summer Cleanup.
