

Laguna Woods

Men's Golf Club

July 8th

The first round of the Annual Member Member tournament resulted in some more reasonable scores with the aptly applied handicap formula to the scramble format. In the Laguna Flight the team of Jonas and Stone led with a smashing 63 but were followed closely by two other teams, namely Renna and Greenman along with Lillyquist and Whalen both at 7 under par 64. In the Village Flight the scores were a touch higher with D. Kim and K. So shooting 66, five under par. Next was Vandygrift and Eckert at four under par 67. Then there were four teams at 2 under par 69, one with the distinction of an Ace on hole #5. Mr. Art Gelb dunked his tee shot on number five much to the amazement of his partner, Barnett. That must have felt like a pretty good start, but it looks like the shine wore off as the team only finished at two under. Nonetheless, congratulations Art.... I hope the drink tab wasn't too hefty. Next week the partner better ball format will give a chance for those a few shots behind to pick up some ground, if, that is, you can make a few putts!

The Tuesday group on June 2nd was dominated by the team of Seymour, Gelb, Vickers, Gimbi and Stevens. They grabbed a closey on hole eleven, low score on course two and four of the five skins! A pretty nice day on the links!

Put em' out, please!
