Men's Golf Club

Fairways and Greens

April 1st

The March putting contest was won by Ron Kula with Woon Chung and Dave Gimbi finishing second and third. In the future the putting contest will be held on the fourth Thursday, on the morning of the Derby so as not to conflict with the General Meeting or the regular Tuesday Scramble game.

After three possible Flight Tournament rounds the big leaders are... in the Nicklaus Flight: Shaun Tumpane with 120 points, followed by Jong Joon Kim with 114 points. In the Woods Flight: Allen Shirley with 139 points followed by Rick Dockerill with 120 points. In the Hogan Flight: Young Kwon with 130 points followed by Arthur Gelb with 127 points. In this best four rounds of seven possible, you still have time to challenge these leaders with a little practice, patience and some putting luck!

Finally, do you know how many LIV Tour players are past Masters champions and will be playing in a couple weeks at Augusta? There are at least seven! Also, did you know that the fans at Augusta are called "patrons", the grandstands called "observation stands" and there is no rough, only the "second cut". Don't you wish we only had a second cut at our course? And, by the way, don't get caught running, dropping trash or putting your cap on backward at Augusta. It's the easiest way to get yourself summarily removed from the premises!

Put em' out, please!
