

We have been helping midsize law firms be more successful for 33 years. Our oldest customers have been with us for 26 years – now they are using the Cloud version. Small law offices can now compete with large firms using features originally designed by US attorneys for the big firms.

**The ONE-page Client Dashboard solution .**

***No need to open form-after-form - form after-form  
or use more than one app - like in the Windows environment.***

We promote best practice policies around the remote working environment and newly defined office efficiencies. Your law office becomes more productive while reducing operating costs.

- ✓ **EXCLUSIVE SETUP TABLES** for every type of transaction saves more user time than any competitor provides.
- ✓ Probably the most **advanced case/matter management system available**.  
It works the way you do and provides needed consistency.
- ✓ All scheduled events and tasks are displayed on your **Dashboard for the next 10-days** whenever you login.
- ✓ Today's side-bar calendar/task list is always visible and Syncs with Outlook and other calendars.
- ✓ Automatic time and task-based billing -- **just do your work and Save**.
- ✓ **The Work-in-Progress Report checks your billing** -- usually finding 2-3 hours per week of unbilled time for a timekeeper – like attending a pretrial conference, meeting with client, or writing email.
