

Join us for School Camp

Get the Children out in nature and enjoy some horse related activities, from riding to horse care, craft and more!

We have been hosting camps for Perth Waldof School for the last 4 years so are experienced at working with large groups of children and creating a program that is hands on to keep everyone engaged.

Live, Laugh and Learn!

Learning about horses, how they live and communicate can help students develop important social and emotional skills, whilst having fun.

Plus getting out in nature, meeting the other animals, participating in games and craft activities.

We can offer day camps, morning only camps to 4 full days of activities!

We can tailor our camps to suit your schedule and individual requirements
