

Increase Integrity. **Minimize Downtime.**
Improve Safety & Compliance.

Ekosin Umbrella Corporation Pvt. Ltd.

**AN ISO 9001 : 2015
Certified EPC Company**

Design | Build | Operate | Maintain energy Assets

SOLUTIONS FOR :-

- Pipelines & Associated Infrastructure
- Terminals & Storage Depots Refineries
- Water Plant Distribution Networks
- Upstream Surface Facilities
- Standpipe (Fire Fighting)

ABOUT US

INTRODUCTION

Ekosin Umbrella Corporation provides Knowledge Based Managed Engineering and Technical services for the Energy Sector. With a pan India presence, EUCPL specializes in Integrated Operation and Maintenance, Project Management Consultancy, Design, Engineering, Quality Assurance, Integrity Assessment and Industrial Construction services.

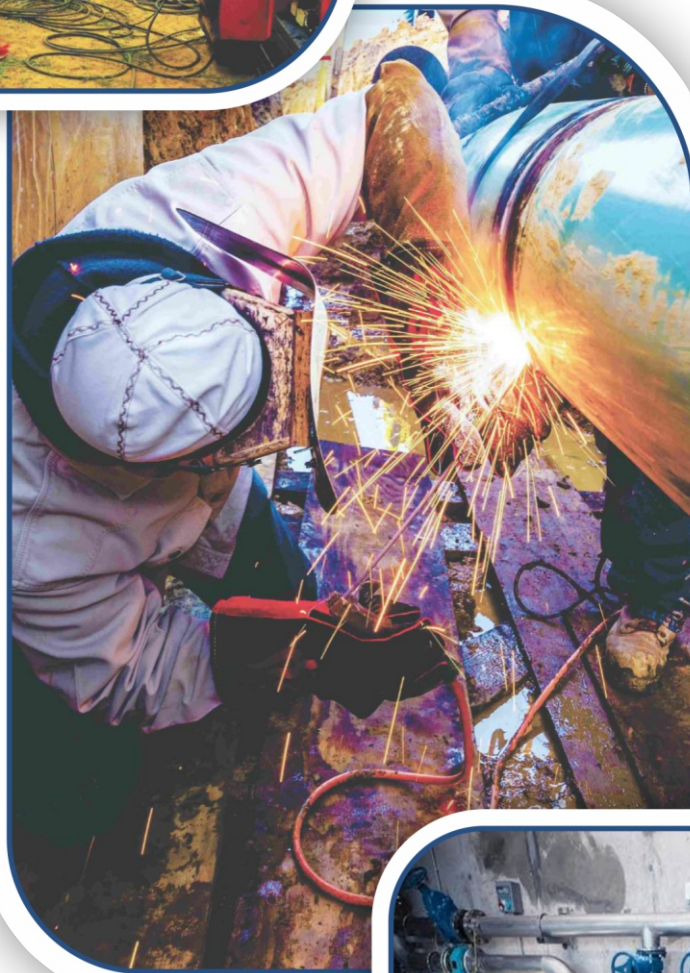

MISSION

Our mission is to be the 'Company of choice' of National/International clients in all of our business areas, driven by entrepreneurial spirit and execution excellence. EUCPL will deliver high-quality and reliable solutions for Oil & Gas, Chemical & Fire Fighting sectors ensuring continual improvement of integrity, safety, quality and sustain ability of our services.

OBJECTIVE

Our objective is to increase customer satisfaction by utilizing effective quality management system and get desired results by following applicable national & international standards, and specifications in the construction industry with a positive approach by adopting safe and environment friendly construction techniques.

BUSINESS AREA

EUCPL is a company specializing in the field of all types of Pipelines, Gas and Oil Distribution Pipeline, Underground Pipeline and Firefighting Pipeline Our operations spread across the 2-3 States We extend our services in following sectors;

OIL & GAS

Cross Country EPC Hydrocarbon Pipelines Projects
City Gas Distribution, Steel & PE Pipelines Projects
Construction & Erection of Hydrocarbon Process units
Operation & Maintenance Services.

WATER PIPELINES

Water Distribution Network
(Steel/PE/FRP Pipeline).

- Construction of STP/WTP and Water Pipelines Project.
- Fire Fighting & Hydrant Pipeline

POWER TRANSMISSION

- Construction & Installation of Power Sub-stations
- Construction & Installation for Power Transmission Lines

QUALITY POLICY

EUCPL is committed to continuously upgrade its technical capabilities by providing adequate training to the workforce to deliver quality services & to customer by fulfilling their statutory & regulatory requirements. We encourage continual improvement in the organization through motivation, involvement & training of employees. We adopt participated approach to achieve continual upgradation & improvement in our quality management system to customer satisfaction

HEALTH, SAFETY & ENVIRONMENT POLICIES

We maintain a healthy, safe and pollution free work environment at our sites. execution of pipelines, sewage treatment plants, terminals and power transmission projects. Challenging projects required precision and CDG Certification Limited vigilance. Laying pipelines in difficult terrain, inhospitable weather.

CLASSIFICATION	IN COMPANY
ENGINEERS	
Mechanical	04
Quality Control	02
Safety	02
CRAFTMAN	
Plant Piping	04
Foreman	09
Pipe Welder	25
Pipe Fitter	35
Mechanic	04
Insulation Worker	18
Grinder	35
Rigger	46
Surveyor	02
Common Labour	80

TOOLS & MACHINERY

ITEMS	Nos.
Grinder Machine 7"	18
Grinder Machine 5"	25
Grinder Machine 4"	32
Loose Tools & Tackles	25
Safety Appliances	1 Lot
Dial Gauge, Verniers, Micrometer	15
SMAW Welding Machine 300A	01
SMAW Welding Machine 200A	01
MIG Welding Machine 300A	02
MIG Welding Machine 250A	03
ARC Welding Machine 400A	08
ARC Welding Machine 300A	06
ARC Welding Machine 250A	12
GMAW Welding Machine 400A	01
Plasma Cutting Set 160	01
Plasma Cutting Set 100	01
Hammer Drill 25mm	08
Impact Drill	16
Roatry Hammer Drill	04
Magnetic Drill	03
Stand Broach Cutter	15

Umbrella

Innovating Future Structures

PRE ENGINEERED BUILDINGS AND STRUCTURAL BUILDINGS

Manufacturer Of:

Pre-Engineered Building & Structural Buildings, Industrial Sheds, Warehouse Sheds, Modular Cold Storage, Petrol Pumps Sheds, Railway Station Structures, Airport Hangers, Steel Infrastructure, Prefab Portable Buildings & Cabins, Fuel & Water Storage Tanks & Pipeline Works, Mechanical Projects like Conveyor Belt, CHP, Coal Washery and Batch Plant etc.
