BEN JOHNSON
has spent 25 years making sure Riverside County students are not left behind.

Every student deserves the same shot. He is not done fighting for them.

RIVERSIDE STUDENTS DESERVE BETTER. And Ben Has Delivered.

For too long, students in Riverside County did not have access to the same programs as kids in neighboring districts. Ben Johnson knows that is not acceptable.

- Ben championed advanced academic programs for Riverside County students, fighting to make sure they had access to the same opportunities as students anywhere else.
- He pushed for college prep support so students have the resources to reach higher education, and championed hands-on career training so every student can graduate with real skills and credentials.

BEN DOES NOT JUST TALK ABOUT IT. He delivers.

BEN DELIVERED:

- Four new schools.
- Modernized campuses.
- Rising graduation rates.

WHAT BEN WILL KEEP FIGHTING FOR:

- Academic Opportunity for Every Student**
Ben will keep pushing to ensure no Riverside County student is locked out of rigorous programs because of their zip code. From advanced academics to college prep support and hands-on career training — every student deserves a real shot at success.
- Supporting Every Student — Not Just the Easy Cases**
Ben has championed initiatives at every grade level and fought for programs that support students' social and emotional well-being, not just their test scores. He has paid special attention to foster youth — making sure students who are too often left behind at 18 have the intentional support they need to succeed.
- Safe Schools, Strong Communities**
Ben has worked to ensure Riverside County campuses are safe for every student and staff member. He secured School Resource Officers on campuses and built schools with a single point of entry — because a student who does not feel safe cannot learn. His commitment to campus safety has earned him the endorsement of the Riverside Police Officers Association and the Riverside Sheriff's Association.

DOMINIQUE DONETTE
Rose from the Foster Care System to Become a National Education Leader

Domonique attended more than 20 schools growing up, and only made it because her mentors and teachers cared. So she's made improving education for kids her life's work. And she's already changed thousands of lives.

- Taught in classrooms around the world
- Advocates at the State Capitol every day for kids
- Works with South Sacramento students on early reading
- Delivered millions of dollars for underserved children as First Five Equity in Action Commissioner
- Trained teachers as a nonprofit leader
- Supports foster youth as a Court-Appointed Special Advocate
- Brought increased literacy support to classroom statewide by passing legislation

EDUARDO GARCIA

está creando oportunidades para que nuestros valles salgan adelante.

Eduardo García nació y creció en los Valles de Coachella e Imperial. Hijo de jardinero y ama de casa, Eduardo cómo sus padres...

EDUARDO GARCIA
para la Asamblea

Líder Independiente, Creador de Empleos y Unificador de Nuestros Valles

Eduardo Garcia was born and raised in the Imperial and Coachella Valleys to a working-class family. The son of a gardener and a housekeeper, Eduardo grew up watching his parents work hard and sacrifice to create opportunities for their children to succeed.

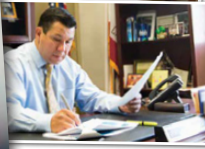

Eduardo learned early on that with hard work, determination, and a focus on doing what is right - anything is possible.

After graduating from high school and earning degrees from UC Riverside and USC, Eduardo dedicated his life to serving our community - creating opportunity for families today and generations to come.

As a local Mayor, policy director, and non-profit boardmember, Eduardo has worked to build a better future for the Imperial and Coachella Valleys by:

- ✓ Expanding job-training opportunities to prepare local students and workers for good, family-supporting jobs
- ✓ Bringing business leaders together to deliver new jobs to our region
- ✓ Creating safer and healthier neighborhoods where children can flourish
- ✓ Protecting youth programs that keep kids safe and on the path to succeed

VICK GILL

for STATE SENATE

MEET VICK

Vick Gill is a small businessman, health care professional and active community leader and volunteer on behalf of Las Vegas youth and veterans. After earning his medical degree, Vick earned his master's degree from UNLV's school of Health Care Administration and Policy.

Vick has spent seven years managing health care practices to provide quality care. He is also a patients' rights advocate fighting for increased access to affordable, quality health care options.

CONSERVATIVE, COMMON SENSE SOLUTIONS

Protect Taxpayers and Grow the Economy
As a small businessman, Vick Gill opposes tax increases because they hurt family budgets and slow job creation. Vick Gill will take a hard look at spending priorities and cutting waste instead of asking Nevada families to pay any more in taxes.

Reform Education through Innovation and Accountability
As the son of first-generation immigrants, Vick Gill knows firsthand the importance of education. Vick supports prioritizing education reform by supporting parental choice, charter schools and other innovators in education. Vick supports preparing students with skills in math and science.

Pass a Patients' Bill of Rights - NOT Obamacare
Vick Gill will reform and improve health care so that patients - not bureaucrats - are in control of their health care decisions. He will also use his experience to improve health care for Nevada's veterans.

What are your priorities? Tell me at www.VickGillforNevada.com

Small Businessman • Health Care Advocate • Volunteer for Veterans

Vick is a youth mentor at the Southern Highlands Boys and Girls Club. He also volunteers his time to assist veterans with their health care issues.

Vick believes passionately that freedom and opportunity are the cornerstones of the American Dream.

Marc Steinorth for Supervisor.

INDEPENDENT. REAL PLANS TO GET THINGS DONE...
WITHOUT RAISING TAXES.

MARC STEINORTH:
No new or higher taxes

It seems like the county government always thinks new taxes are the answer. Wrong. I voted to oppose the gas tax and voted to cut taxes, fees, and regulations by \$10 billion a year. And, as always, I'll continue to defend Proposition 13 property tax protections. As your Supervisor, I'll oppose new taxes, every time.

MARC STEINORTH:
Protect our children from sexual predators

I strongly support Megan's Law and its enforcement. I've also authored tough new laws to keep children safe from sexual predators, and voted to put victims first instead of criminals. As your Supervisor, I'll put public safety first, which is why I've been endorsed by local and state law enforcement organizations.

MARC STEINORTH:
A real plan to end homelessness

Instead of just talking, I have a real plan to address the growing homeless problem in San Bernardino County. My plan includes getting veterans suffering from PTSD off the streets, addressing mental health problems, job training, and making sure there is affordable housing available.

**Tell Dave Min Tax Hikes
Will Only Add To COVID-19 Job Losses**

**Our families and small businesses
can't afford higher property taxes**

Is it any wonder struggling families and businesses are leaving California? Then, along comes professor Dave Min to make things worse for middle class taxpayers and small businesses.

So, what is Dave Min's prescription for turning around an economy that's been hammered by the COVID-19 virus? How about raising our property taxes? What in the world is Min thinking?

We already know California's high tax rates are killing jobs in our state. Without a doubt, Dave Min's voice is adding to the elitist chorus that's pushing for more crushing tax hikes.

Call Dave Min at (949) 478-2476. Tell him the pandemic virus has done enough damage to Orange County's families... we don't need higher property taxes adding to our economic problems.

"We have to rethink our basic economic model."

- Voted for an extra \$500 million to fight Covid-19 with more protective equipment, nursing home assistance & hotels for the homeless
- Backed legislation imposing strict standards for law enforcement's use of lethal force & refuses campaign contributions from police unions
- Authored legislation that curtails greenhouse gas pollutants by reducing wildfire threats through better forest management
- Supported a bill protecting patients against surprise "out-of-network" medical bills when treated by an in-network hospital
- Chaired the Orange County Commission to End Homelessness & the only certified public accountant in the Legislature

NO on Proposition 45

**Gives one liberal politician control

Obamacare was bad enough. Now Prop. 45 would give one Sacramento politician power over your co-pays, deductibles, benefits, and treatment options.

More costly bureaucracy

Prop. 45 creates yet another expensive state bureaucracy, costing tens of millions of dollars, paid for by consumers through higher premiums.

More frivolous lawsuits

Trial lawyers are spending millions to pass Prop. 45 because they stand to make tens of millions more off the new costly health care lawsuits it allows. Under 45, they can charge up to \$475/hour - all paid for by consumers.
